Chamber To Launch Drive For Members

The Newton Chamber of Commerce will launch an intensive drive for members on April 6, 7 and 8, according to the announcement by Grenfell A. Swim, president.

Theme of the campaign is "You Miss So Much . . . When You're on the Outside." Several promotional cards will be mailed to 500 prospective members in the community as a feature of the campaign.

A cartoon on the first card shows a boy and a policeman looking at a ball game through small holes in the ball park fence. Copy says, "You can see part of the game through a knothole . . . but, it's better to be on the inside. Everyone must chip in for good, successful teamwork. To have a winner, players must hustle and fans must give their wholehearted support."

Closing copy on the card states, "Your Chamber of Commerce has comprehensive plans for making our city the most progressive in the State. But, we need your support!" Other cards in the series will touch on the various functions of the Chamber of Commerce.

"Our Newton Chamber of Commerce receives excellent support from the business firms and professional men of our community," Chamber President Swim stated, "but we are hoping to broaden the base of our membership group and have more individuals take part in our program.

"At the present time our membership includes representatives of practically every type of community activity and endeavor. Coordinating the efforts of men who have varied interests and points of view is a challenging job, but the community building achievements of Chambers of Commerce prove that it can be done. They have demonstrated that effective teamwork in attaining sound, continuous com-

Mayor To Name Human Rights Board In City

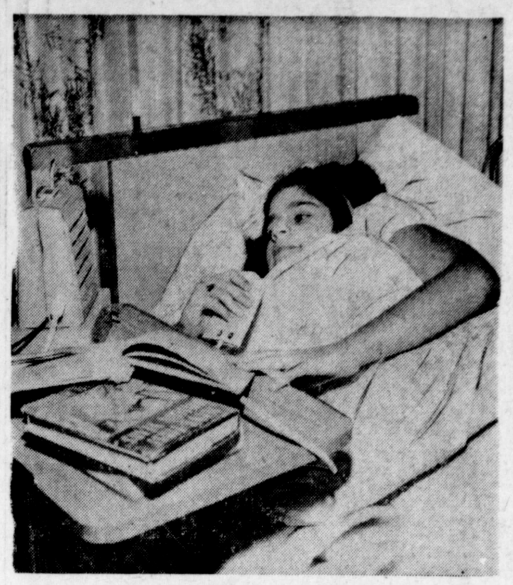

Mayor Donald L. Gibbs will submit a message to the Board of Aldermen next Monday recommending the appointment of a nine-member Human Relations Commission.

The function of the proposed new commission would be to advise and assist the Mayor in promoting understanding between all persons and groups of various religious faiths and national origins and to create better communications among all residents.

If practicable, the commission members would be appointed from the fields of religion, education, law, industry, commerce, labor and behavior of sciences.

The members would be unpaid, would be required to meet at least once a month and to make an annual report to the Mayor and Board of Aldermen.

Three members would be appointed for a one-year term, In the future all appointments woulld be for three-year terms. Under the provisions of the suggested ordinance no member could serve more than two consecutive terms.

Little Girl Is Bed-ridden

Attends School By Electronics Route

Eleven-year old Ellen Greenberg, daughter of Mr. and Mrs. Edwin Greenberg, 1701 Commonwealth avenue, West Newton, is the brave little pioneer in school-to-home communication in this city.

Bed-ridden following a recent operation for curvature, at Children's Hospital, little Ellen regularly "attends" class with her schoolmates in Miss Joan Sullivan's room at the Pierce School.

Through the medium of the New England Telephone Company's school-to-home service which employs a combined amplifier - speaker - microphone at the bedside of the young student, she can hear the lessons being conducted in the schoolroom and in turn can talk to her teacher and classmates at the school.

Communication is instantaneous which enables the girl to follow all classroom activity and to participate in it vocally. This is the first time the system has had to be employed in the Newton school system.

The plucky girl, cheerful and alert to all school activities, lies prostrate on a special bed, the most modern hospital kind, rented

Mayor Takes Steps To Hold $69.80 Tax Rate

Mayor Donald L. Gibbs declared last night that he considers it of vital importance that the Board of Aldermen transfer the necessary money from surplus funds in order to keep this year's Newton real estate tax rate below $70.

The Mayor is planning conferences with members of the Aldermanic Finance Committee to urge that about $1,073,000, be transferred from the city's surplus fund and that $225,000 be taken from water surplus so that the city's tax rate may be fixed at $69.80.

That would represent a $6.40 increase over last year's figure of $63.40.

Mayor Gibbs reported that he already is getting complaints from home-owners and rent-payers who are disturbed about the prospect of a $6.40 rise in the tax rate.

He pointed out that the tax rate would jump $8.60 to a figure of $72 if the Aldermen transfer only $500,000 from the city's surplus fund as suggested last week by Alderman J ohn P. Nixon, chairman of the Aldermanic Finance Committee.

Mr. Gibbs said this would impose a severe hardship upon Newton residents in the low-income brackets, whether they be rent-payers or home-owners.

The Mayor cited that six per cent of the families in Newton have an income of less than $3000 a year. Many of them are retired persons who are living on modest pensions or social security payments. (Newton has a smaller percentage of families in that category than any other city in the Commonwealth.)

"When we increase the tax rate, we are lowering the standard of living for these people," Mayor Gibbs observed.

While it appears sure that the Aldermen eventually will transfer substantially more than $500,000 from the surplus funds, it is not certain they will adopt all of the Mayor's recommendations.

One point at issue between Mayor Gibbs and some Aldermen is whether the street construction work this year should be paid from surplus funds or from a bond issue.

The Mayor wants to float a $200,000 bond issue to pay for the work. Some Aldermen believe the $200,000 should be paid from surplus funds.

If the road work is paid for from the surplus funds, as was done last year, it would be impossible to keep the tax rate below $70.

In defense of his position, the Mayor asserts that new

Catholic Feasts To Be Exhibit Feature

The home observance of ten Christian feasts and seasons will be dramatized in an unusual program to be conducted at Newton College of the Sacred Heart on Passion Sunday, April 4th from 1:30 to 4:30 p.m.

People of all faiths are invited to visit four houses on the 885 Centre St., campus. On view will be displays showing settings for the observance of Advent, Christmas, Epiphany, Holy Thursday, Good Friday, Holy Saturday, Easter Sunday, Pentecost, Corpus Christi and the Cana Feast.

The first of its kind in the Greater Boston area, the tour begins in Stuart House, where special brochures with detailed explanations of the various observances will be distributed free of charge.

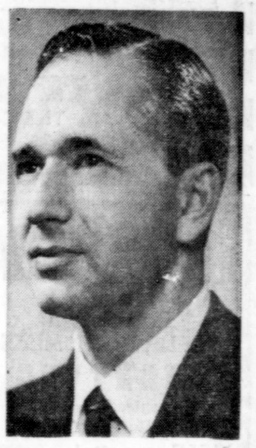

In each house to be visited, both religious and lay narrators will be on hand to explain the origin and symbols of the feast, in addition to the table setting and buffet arrangement of religious articles and foods associated with the feast .

The entire project is under the sponsorship of the Janet Stuart Guild of mothers of past and present Newton College students — a guild founded to further the development of the College's building and scholarship programs.

The dual purpose of the Guild's current project, according to its general chairman, Mrs. Alfred J. Roy, of Fall River, is to review the feasts of the liturgical year and to point up the customs that Christian families may practice in order to keep their homes "Christ-centered" throughout the year.

The liturgical tour at Newton will conclude with Benediction at 5 p.m. in the College's Chapel of the Most Blessed Trinity. The special ritual will be sung by the widely-acclaimed St. Paul's Boys' Choir of Cambridge, under the direction of Theodore Marier.

Round Of Parties Fete Spry 100-Year Oldster

An active Newton senior citizen, Mrs. Sarah Martha Black, of 4 Clarendon street, Newtonville, celebrated her 100th birthday with a round of parties over the past weekend. She attained the century mark on Monday, March 29th.

A letter of congratulations from President and Mrs. Lyndon B. Johnson, and from Mayor Donald L. Gibbs, topped more than a hundred such letters, plus gay cards, from all over the country received by the spry centenarian.

The "Cheerful Club" a group of women who meet to sew and enjoy a social program every Friday afternoon at the Pomroy House, feted their colleague last Friday afternoon. Mayor Donald L. Gibbs was a surprise guest. The Chief Executive attended to offer his personal congratulations to Mrs. Black.

More than sixty-five people attended an open house for Mrs. Black at the Clarendon street residence on Sunday afternoon. An entertainment program was provided and the beaming guest of honor was presented a birthday cake bearing the legend "1865 - 1965."

On Monday afternoon, the women of the Elliot Church feted Mrs. Black with another party held at the church, despite the inclement weather.

Although a native of Vermont, Mrs. Black has been a resident of Newton for the past sixty-seven years. She kept and maintained her own home on Jefferson street until the age of 95.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Law - Makers May Hurt Selves In Needless Pay Raise Row

The case for giving the members of the State Legislature a pay raise and restoring the wage cut made by the voters last September is a strong and sound one.

Existing salary scales are ridiculously low if the people are to expect a high standard of representation and service from the law-makers on Beacon Hill.

Surveys have indicated that a majority of people feel that the legislators from their district—whom they elect and know—should get more money out that the law-makers from other districts, whom they don't know, should not.

That, apparently, explains why the voters cut back the pay of the legislators whenever the question is placed before them on the ballot, while at the same time reelecting their own Senators and Representatives who vote themselves more money.

These are statements and facts on which there is no dispute among observers who view the situation reasonably, objectively, honestly and realistically.

Young Hands At Helm Of City Hall On April 6th

Newton will join with the nation in honoring its youth when Boys' Club Week is observed here, April 4 to 11, by official proclamation of Mayor Donald L. Gibbs.

In conjunction with the observance here, the traditional "Boys' Day in Government" will be held at City Hall on Tuesday, April 6. All boys, and the city officials they will represent, will assemble in the Aldermanic Chamber at 9 a.m., following a trip by bus from the Boys' Club starting at 8:45 a.m.

Arthur A. Marr, Jr., comptroller o accounts, will introduce Newton city officials to their boy counterparts.

"Acting Boy Mayor" William Wellford will be greeted by Mayor Donald L. Gibbs in the executive office at 9:10 a.m. City Clerk Monte G. Basbas will "swear in" the young acting city officials.

Also taking part in the activities will be Police Chief Philip Purcell, Fire Chief Frederick A. Perkins, Jr., Wendell R. Bauckman, president, Board of Aldermen; Haskell C. Freedman, chairman of the School Committee, and Librarian A. William Kunkel.

At approximately 9:30 a.m., city officials will escort their boy counterparts to their respective departments for an indoctrination of departmental functions. At 11 o'clock, boys and guests will meet in the Rotunda. Carleton P. Merrill, Veterans' Agent, will conduct a tour and explain the functions of the War Memorial and Museum.

Newton South High Produces 3 Science-Minded Youngsters

By STANLEY COLE, Denebola Editor

Three young potential scientists at Newton South High School gave descriptions of their projects at the recent Science Open House in South High, a new idea in science fairs being tried in the Newton schools.

Stephen Shaw, son of Dr. and Mrs. James H. Shaw, 10 Stiles Terr., Newton Centre, explained a project of his that will be exhibited at the Massachusetts State Science Fair at Massachusetts Institute of Technology May 7, 8 and 9. Steve calls it "The Effect of the Rate of Flow of Saliva on its content of Amylase."

Using himself as a subject, Steve took samples of saliva at different rates of flow and subjected each sample to a series of analyses to determine the amounts of the enzyme amylase present. He then correlated his results statistically with the aid of the IBM 7094 computer at MIT.

He found that when the salivary glands are stimulated, the body increases both the rate of flow of saliva and the concentration of protein to provide more of the vital constituents of saliva, such as amylase. The combination of the effects of these bodily adjustments can cause an increase in the starch digesting ability of the saliva of at least 82 times, and possibly more.

Steve performed his experiment at the Harvard School of Dental Medicine, under the initial supervision of Dr. Colin Dawes, who first sparked his enthusiasm for the study of salivary secretion.

Steve would like to pursue his education to earn his Ph.D. in biochemistry, and then would like to become a professor or a research scientist in that field. His college plans remain indefinite; he is undecided between Harvard and Wheaton, Ill.

"An investigaton of the Rate of Reaction and the Activation Energy in an Iodine Clock Reaction," by Robert Gladstone, will be shown at the regional science fair at Brandeis University, April 2 and 3. Bob is the son of Mr. and Mrs. Richard E. Gladstone, 9 Glen road, Newton Centre.

Bob tried to determine the relationship between the concentration of reactants, the temperature, the rate at which the reaction proceeds, and the energy required to start the so-called "iodine clock reaction." He was able to use this reaction to study chemical reactions in general.

He became interested in this problem after a classroom experiment with a similar reaction. Part of his work was done at the Harvard School of Dental Medicine, and he used the IBM 7094 computer at MIT to analyze his data and to print out the results in tabular form.

Now Bob plans to investigate more deeply some questions raised as a result of the work he has done. He plans on a career in chemical engineering.

"Analysis of Blood Serum Protein by Means of Zone Electrophoresis," by Steven Novick, was the third project demonstrated at the Open House. It will also be shown at the Brandeis fair. Steve is the son of Dr. and Mrs. Alfred L. Novick, 51 Upland Road, Waban.

Steve set out to investigate the value of electrophoresis as a medical tool. He took samples of normal and diseased blood serum and separated the different proteins into zones on a paper strip by passing an electric current through it. He then plotted the density of the protein zones by use of a home-made densitometer, or light-density apparatus, which he constructed.

He found that lack of a certain protein in the blood can be determined by this test, possibly indicating a disease. The main goal of the project was to find out if electrophoresis could be used American." He commented to diagnose other diseases.

Steve, who would like to go into medicine, became interested in the project when he came across an article on electrophoresis in "Scientific "The one sentence that started me thinking was where it mentioned that the technique could possibly be applied to medicine."

All three boys are seniors in Burton Goldman's advanced placement chemistry class.

In charge of the Open House was Vincent Silluzio, who commented that it is not "a competitive fair but an informal way for parents to observe displays and demonstrations of the year's work in science," and to honor exceptional work on the part of a few students.

No formal judging as such took place, but the entire science department selected three projects they considered best. In addition to these three, other students displayed original projects not selected as the top three, as well as demonstrations in all the science rooms.

Bruce MacLean of Newton Highlands, a sophomore right-hander, is a member of the pitching staff at Bowdoin College, Brunswick, Me.

Volpe Sales Tax Program Is Defended

Governor Volpe's tax program was supported by Representative Alfred R. Shrigley of Hingham in an address before the meeting of Newton's Ward Four Republican City Committee. The meeting was held in the Newton Community Center with Louis I. Egelson, Jr., ward chairman, serving as moderator.

Representative Shrigley explained the great need for the tax program and discussed the benefits that would result from its passage.

Others who participated in the evening's program were William R. Horner, City Finance Chairman; Representative Edward Dickson, and State Committeewoman Mrs. Robert R. Amesbury.

Reelected to serve on the committee were Mrs. A. G. Asaff, Harry Ham, and Mrs. Robert W. Cabot. Mrs. George Janes headed the committee on arrangements.

Music School To Open New Building April 4

The All Newton Music School will celebrate the opening of its new building on Sunday evening, April 4, with a benefit concert by the Boston Trio and a Gala Champagne Reception.

The Boston Trio will perform the Mendelsohn Trio in D Minor and the Ravel Trio in A Minor.

Phyllis Moss, piano, is on the faculty of the All Newton Music School. She was accepted as a scholarship student of Mme. Isabelle Vengerova at the Curtis Institute of Music in Philadelphia at the age of 11. She has given concerts in many parts of the country since the age of 12 and has been soloist with the Philadelphia Orchestra, the Boston Pops, and the Orchestra of Station WQXR in New York.

Roger Shermont, violin, is a graduate of the Paris Conservatory. He has been a soloist with the Boston Symphony Orchestra in 1961 playing the Brahms Concerto. Previously, he concertized extensively in Europe. He has been a member of the Boston Symphony Orchestra since 1950.

John Sant Ambrogio, cello, has been a member of the Boston Symphony Orchestra since 1959. He was the winner of the Piatigorsky Prize at Tanglewood and was a soloist at the Boston Pops in 1964.

Mrs. Anne Gombosi, director of the Music School, Roland Macdonald, president of the Board of Trustees, and Mrs. Finn Brudevold, president of the Parents' Association, will welcome the guests.

The handsome building which has housed the school since February 1 will be decorated with spring flowers for the occasion. Formerly the Henry B. Day estate, it was occupied for many years by the Temple Reyim School. Last fall the Music School purchased the building and began the extensive repair and restoration necessary for a functional yet elegant setting for the teaching of music.

The Gala Champagne Reception and Benefit Concert will enable the Music School to acquaint the community with its new building. Attractive hostesses will be on hand to guide the guests through the new school.

Women Voters Plan Unit Meetings April 7 and 8

Next week's unit meetings of the League of Women Voters will deal with one of the nation's most pressing problems: providing everyone with equal opportunity for education and employment.

Discussion topics include the needy, causes of their poverty, what is being done to help them, what more can be accomplished, and who should be responsible for efforts to help.

The League's Committee on Development of Human Resources will present background material at the sessions. Chairman Mrs. F. Dow Smith said, "We are going to look at the hard facts, ask some questions, and, together, arrive at some useful conclusions." Other committee members are: Mrs. Stanley Backer, vice chairman; Mrs. Harold J. Stein, Mrs. Lloyd Willliams, Mrs. Samuel Thier, Mrs. Gary Kaess, and Mrs. Neil Swinton.

The unit meetings, the last ones of the year, will be held on Wednesday and Thursday, April 7 and 8, at the following times and places:

Praises League

Editor of The Graphic:

I would appreciate the opportunity of complimenting The Newton League of Women Voters for its outstanding job of public service.

As a member of the School Committee for many years I am familiar with its interest and participation in the Newton educational program.

The League at all times has sought and seeks to increase citizen participation in government through education.

Among the many activities of the League directed towards representatives, the preparation of the column "The Informed Citizen" in the 'Graphic', the printing and distribution of educational and informative booklets for use by Newton children in Social Study courses, study of the Newton Comprehensive School Improvement Program, by League members and others of comparable importance.

It is my personal opinion that the Newton League of Women Voters is one of the most important organizations in our city and its constant work for better government and better schools deserves the support of all Newton Citizens.

Sincerely yours, I am
Haskell C. Freedman

On Library Service

Editor of The Graphic:

I agree with other concerned Newton residents who are being given an opportunity through your "Letter to the Editor" column to express how most of us feel about this strange proposition to build an ostentatious two million dollar library building.

Advocates are saying little about the kind of library service this would render to the elderly, children, one-car families, handicapped persons who cannot climb in and out of busses, etc. There have been repeated requests by transportation companies in the area to stop bus service altogether.

Many of us "affluent" Newtonites will have to rent or purchase a helicopter to obtain library books if we can master the art of getting in and out of the helicopter without landing, since there are no parking facilities available. It hardly seems worth it, when all of the lovely libraries we now have are already paid for and easily accessible.

I sincerely hope the Board of Aldermen will consider this thoroughly before voting it out of their study committee.

Very sincerely,
Audrey E. Smith
Auburndale

Loss Of Zero

Editor of The Graphic:

The loss of one zero resulted in a rather large error in my letter to the papers last week. I hope it can be corrected.

Newton Junior College has a library **of not** 1,400, but of **14,000 volumes, or about 23-25 volumes per student.** The college community is extremely proud of this library, which has grown to its present size from 4,000 volumes in 1959 when the Junior College first applied for accreditation. At that time one of the chief factors blocking accreditation was the small size of the library.

Funds appropriated by the Board of Aldermen made it possible to enlarge the book collection to 10,000 volumes by 1963 when the college was accredited. According to Dr. Charles W. Dudley, President of the college, the New England Association of Schoools and Colleges consistantly encourages the expansion of college libraries rather than the continued dependency upon the public library, as the reading and research requirements of the students are much more specialized than those of the general reading public.

For example, Mrs. William Greely, librarian, points out that among its 14,000 volumes, the college library shows particular strength in science, religion, psychology, philosophy and nursing at college level, and in other areas relating to the curriculums. She also notes that the convenience of now being able to find a large percentage of the materials they need in their own college library is very advantageous to the students in terms of both time and effort.

The present hope of the administration, according to Dr. Dudley, is to raise the book collection to 20,000 volumes which is the minimum standard established by the American Library Association for Junior Colleges.

From the foregoing, it can be seen that in planning the location of the new main Newton Free Library, proximity to the Junior College need not be a prime consideration. The most important consideration for the new library is that it be centrally located and accessible to the largest possible number of people.

Political Highlights

(Continued from Page 1)

Yet, the legislators could well be injuring their own cause if they insist on voting the pay raise their own way instead of the way suggested by Governor Volpe in conferences with legislative leaders.

House Speaker John F. X. Davoren and Senate President Maurice A. Donahue have been running their respective chambers with despatch and dignity. There is little question that the image of the Legislature has been improved since the start of the year as a result of their efforts although, in fairness, it should be stated that there has been nothing wrong with the image of the State Senate in previous years.

But the legislators may undo much of the good which has been done—and do so needlessly—if they get themselves into a position where they try to pass a pay raise over Governor Volpe's veto if Volpe offers them a reasonable proposition.

There also is no assurance that Volpe's veto would be overridden in both legislative chambers if a pay raise measure goes to his desk in a form unacceptable to him and he rejects it.

It's one thing to vote for a wage hike when there is no controversy about it. It's something else to pass one over a Governor's veto. Some of the very legislators now talking loudly about overturning a gubernatorial veto might have second thoughts on the matter if they are confronted with the necessity of doing so.

This writer doesn't pay much attention to statements that Volpe's program would be sunk without a trace in the Legislature if the Governor refuses to approve a pay raise.

A lot of legislators would be sunk by the voters in the 1966 election with few traces if that happened, and responsible legislative leaders know it.

Governor Volpe's position on the pay raise is not as unreasonable or illogical as some Democratic legislators have pictured it.

In fact, Volpe has gone some distance toward meeting the law-makers. He certainly has a right to expect them to go part way in meeting him.

During the campaign last fall Volpe declared, in effect, that he would not sign a pay raise for the legislators which became effective during the present legislative session.

Volpe now is prepared to swallow those words and sign a salary increase bill—under certain conditions.

There probably are several reasons why he has changed his mind on the matters.

He now realizes that many good legislators, with no other sources in income, are finding it difficult—and even impossible to support their families adequately on their $100-a-week pay.

The Governor has seen highly able and respected lawmakers such as Senate Republican Leader Philip A. Graham seek appointive positions because they can't afford to remain in the Legislature.

The absurdity of the situation is reflected by the fact that Speaker Davoren and Senate President Donahue, who hold positions of responsibility in the State government second only to that of the Governor, now receive $10,400 a year, less money than their aides draw in pay.

Based on existing wage scales at the State House, Davoren and Donahue should be getting at least double their present salaries.

Volpe originally felt that any increase adopted by the Legislature this year should become effective in 1967.

That, of course, wouldn't ease the financial pinch on legislators who can't support their families now.

Besides, any action taken by this Legislature would not be binding on the next Legislature which could establish any salaries it saw fit if the Governor assented.

So Volpe came up with a counter-proposal of his own which has been the subject of heated dispute in the Legislature.

He suggested that they vote a pay raise now which would be retroactive to the start of the year and which would carry them until June 30, the end of the current fiscal year.

Then he proposed that they adopt the wage hike a second time when they are approving the budget for the fiscal year beginning July 1.

From where we sit that doesn't seem to be too bad a proposition for legislators who are in desperate financial straits.

But some of the law-makers screamed that Volpe was trying to blackmail them into supporting his tax program in return for giving them a pay raise.

In fairness to Volpe, the State is now about $120 million in the red before it launches any new programs, incurs any additional expenses or provides any tax relief for the cities and towns.

What Volpe seems to be asking the legislature is to give themselves a temporary raise now and a permanent one when they meet the State's financial crisis.

The legislators could get themselves into a harmful controversy if they attempt to jam a pay raise down Volpe's throat without meeting some of his terms and their own responsibilities.

They also would weaken the arguments of those who have been defending them and upholding their right to more equitable compensation.

Drive -

(Continued from Page 1)

munity development requires that the 'whole team' be in the game.

"It is our hope that this 1965 membership drive will put more people on the team and help the Chamber of Commerce do an even better job for this community."

During this three-day drive, a team of 100 present Chamber members will be calling on 500 of their fellow Newton business neighbors to request their consideration of membership in this city-wide business organization. Robert P. Lurvey, treasurer of the eWst Newton Savings Bank, is the chairman of this membership effort.

Girl Scouts Meet To Plan Future Program

Mrs. Hilmi M. Aralan of Waban, chairman for the Quinobequin Neighborhood, held a well attended meeting recently at St. Philip Neri's auditorium for adult Girl Scout leaders and service teams of her troops.

Coffee was served by Mrs. Elvin V. Semrad and Mrs. Joseph Kiebala Jr. Mrs. Nathan H. Ribock, secretary, reviewed the events of the previous meeting.

Plans were announced for Juliette Low Day on April 30th when the troops of Quinobequin Neighborhood will join with the Westdale Neighborhood under Mrs. Ralph L. Alsmeyer to celebrate at the Unitarian Church in West Newton Square. From 4 p.m. to 5 p.m. two representatives from each troop with their leaders will meet to honor the founder of Girl Scouting in the U.S.A.

To this meeting the Troops will send the donations collected to help scouting in places of need. Refreshments will be handled by the Westdale troops: a song fest is already planned by the Quinobequin girls.

The delegates and alternates of Quinobequin were reminded of The Annual Council Meeting on Monday, April 26, at The Monticello Restaurant on Route 9, Framingham. At 12 noon, luncheon will be served followed by a Business Meeting at 1 with committee reports, the election of officers and board and presentation of service pins. Dr. Charles F. Weckwerth of Springfield College will speak on "Camping Values Today."

Every adult member of the Girl Scouts may attend the meeting, as well as potential members of the Bay Path Colonial Council. Luncheon is by reservation at the Council Office by April 16th. Those who are unable to attend the luncheon are welcome at the Business Meeting and Program.

Mrs. Marshall Glen, cookie chairman for the Quinobequin Troops was thanked for her successful launching of the Cookie Drive.

A Wind-up Party for the Troops of Quinobequin was announced for May 22 at the Auburndale Playground. The day-long event from 10 a.m. to 7 p.m. will be directed by Mrs. Irving L. Nisson, Leader of Junior Troop (7).

Fireplaces have been reserved for cooking lunches for Juniors and Cadettes, who will give their fires to the Brownies for "Some Mores" after their box picnics.

The afternoon's entertainment will include inter-troop activities, games, skits, demonstrations of camping and exhibits of crafts and hobbies. Brownies will attend from 12:15 p.m. to 4:30 p.m. Juniors and Cadettes will be there all day, 10 a.m. to 7 p.m. Highlight of the day will be a large flyup of at least three Brownie troops. A "Scouts' Own" will conclude the day's ceromonies.

Mrs. Kenneth A. Spilman, Troop Leader in Newton Lower Falls, will head up a Girl Scout Clothing Exchange starting in June at the Newton Lower Falls Library on Grove St.

One may bring in used Girl Scout articles, clothes, trinkets, camping equipment, things useful to scouting, and an effort will be made to sell them at reasonable prices. The profits will be used this way:—80% to the donor, 10% for working expenses of the Exchange, 10% for expenses of a Newton Girl Scout Senior going to represent us at Idaho this year.

The Exchange will be open a few times during the year that are important to supply changes. The first opening will be on each Tuesday in the first three weeks of June from 10-11 o'clock in the morning.

June's exchange will be an experimental beginning depending on the merchandise brought in to be offered. Flying-up Brownies will not need their uniforms again after Fly-up. The long range plans for the Exchange are to meet in the Fall for the same venture, and next February needs of the troops change. Mrs. Spilman requests that all uniforms be clean and in salable condition. If the size is known, please indicate.

William Kunkel, Cheif Librarian of The Newton Free Libraries, has played a leading role in setting up this venture and wins the thanks of the Newton Scouts.

The next Quinobequin Neighborhood Meeting will be held on May 4 at St. Philip Neri's Auditorium at 9:30 p.m.

The business meeting will be conducted by the president, Mrs. P. Edward Eden in the Fannie Everts Memorial Room. The worship service will be led by Mrs. Newton A. Merritt.

The speaker will be Joseph Williams, the only Negro on a staff of six probation officers at the Dorchester Court. His subject will be "A Challenge That Faces Us In A Changing World."

Golden Text Science Topic

How the power of God operates in human affairs is explored in this week's Bible lesson to be read at all Christian Science churches. The Golden Text is from Luke (18:27): "The things which are impossible with men are possible with God."

Several dramatic examples will be read from the Bible, illustrating the availability of divine power in overcoming the discordant conditions of material existence.

The subject is "Unreality." Citations from the Christian Science textbook will include these lines: "From beginning to end, the Scriptures are full of accounts of the triumph of Spirit, Mind, over matter . . . When man is governed by God, the ever-present Mind who understands all things, man knows that with God all things are possible" (Science and Health with Key to the Scriptures by Mary Baker Eddy, pp. 139, 180).

The first newspaper in America, "Publick Occurrences Both Forreign and Domestick," was published in Boston on Thursday, September 25, 1690, notes the Automobile Legal Association. The four-page newspaper, printed by Richard Pierce for Benjamin Harris at the London-Coffee-House, only lasted one issue, however. It was banned because it offended authorities and violated licensing requirements of that early colonial period.

Delay Of Months Faces Norumbega Motel Court Case

The court case brought by Auburndale residents in an effort to prevent a $4,000,000 motor hotel complex from being constructed on land of Norumbega Park, will have a hearing on pleadings in the Supreme Judical Court in its May term, according to Matt B. Jones, city solicitor.

Many months ago, the Board of Aldermen rezoned 10 acres of the park land from Residence "C" to Business "AA" for the development proposed by Marriott Motor Hotels, Inc., of Newton. The claim of the petitioners is that creation of Business 'AA' was unconstitutional.

Judge Charles Fairhurst expressed the view that the petition should have been brought in the Land Court, whereupon the respondemts filed a demurrer. It was sustained by the Superior Court, and the petitioner appealed to the Supreme Judicial Court. If the demurrer is sustained there, the Auburndale group could start a new case in the Land Court. In event that it is overruled, the case will go back to the Superior Court for a trial on its merits. In either case, the petitioners could delay a final decision for months.

by her parents and installed in the living room of the West Newton home.

Ellen is encased from chest to knees in a cast weighing better than fifty pounds. But every school day. the youngster "joins" Miss Sullivan's classes and keeps abreast of her lessons with her more fortunate school mates. Her popularity is attested to by hundreds of get well cards decorating the walls of the room.

It is expected that the little girl will wear the cast and be bedridden until late in the summer.

Ellen's parents are constant in their encouragement of her activities and convalescence, to the degree that the little lass is confident that she will return to school next October.

She is the oldest of three children, Faith is 9, and Gerald, 5.

Ellen underwent a kidney operation when she was four years old. Her latest surgery was undergone on January 20th. It culminated seven years of waiting to correct a curvature discovered when the girl was four.

She suffered considerable pain before the January surgery, as well as when she is encased in the cast she now wears. A sliver of bone from her right leg was fused to her backbone in the operation.

Little Ellen also faces wearing smaller casts for about a year when the present one is removed. It is expected that she will be able to walk about with the use of crutches in the early stages of mobility.

Her doctors have praised the brown-eyed young patient as a "brave little soldier." It is an accolade well earned and worn by the tiny lady with distinction.

Reservoir To Be Bid On Shortly

Water Commissioner Mark F. Croker reports that the Waban Hill covered reservoir in Chestnut Hill will get a $100,000 cleaning job in the spring or early next fall.

That tentative schedule was arranged to avoid the summer months, when the demand for water is heavy.

The contract, which will be put out to bids shortly, involves gunite treatment of the exterior sides and bottom of two of the 10½ million-gallon reservoir's four sections. The other two sections

4-Inch Snow Of Sneak Storm Causes Trouble

Some damage and considerable inconvenience resulted from last Monday's four-inch, unexpected snow storm.

In one of a number of skidding accidents, a Scituate mother and her small daughter required hospital treatment. Their car was in collision on Route 128, Newton Lower Falls, with one operated by a Brockton man, who was not hurt.

In another, a truck set off a false alarm when it sheared off the top of a fire alarm box, and in a third, a trailer truck jacknifed on the Toll Road bridge at Centre Ave., Newton Corner.

Because of the storm collections of rubbish were behind schedule, and street sweepers that had begun the spring cleanup had to halt operation. Also, repainting of traffic lines was interrupted and will be delayed for a week.

She started her career in Alburg, Vermont, as a school teacher. She married the late Oscar F. Black and celebrated 61 years of marriage before he passed away in 1944.

They had two sons, one living, Charles H. Black of 4 Clarendon street, with whom she makes her home. There is one grandson, Arbold C. Black, also of Newtonville.

During her lifetime she has been a most active member of the Elliot Church of Newton. She was a member of the church choir for more than 35 years and an active member of Palestine Chapter, O. E. S. for the past 39 years.

Most amazing to both relatives and friends is her very active life. Although attaining her 100th year, she continues to be as busy as ever. She attends church every Sunday and goes to the Cheerful Club at the Pomroy House every Friday afternoon. She reads constantly and crochets. She is also a skilled artisan making braided wool rugs and chair seats.

You make us feel like one of the family!

It's true, we do! We've shared so many of the important occasions in your life, starting with your first visit to us when you bought your first car, your first house, and then when you added on to the house to make room for that new baby.

Later, when that "baby" was ready for college, you came to us again.

Small wonder we take pride in your achievements and a lot of satisfaction in knowing we were able to provide the assistance you wanted.

But, isn't that what families are for? To help when needed?

By KATHY WATERS

March, this year, is Student Council month at Newton High, and many new activities are being carried out. On March 25, the Council sponsored the second annual Alumni Day, where NHS graduates returned to discuss their respective schools with interested Newton High students. The Senior Class heard the first Student Council speaker, Dwight Strong, executive secretary of the New England Citizens Crime Commission.

Junior College Lacks Space Director Says

Director Charles W. Dudley of Newton Junior College told the School Committee at the recent meeting that the space problem at the college has become so acute that the morale of both students and faculty is deteriorating.

Dr. Dudley recommended an immediate appropriation of $11,000, the cost of repairing and leasing the administration hall. Acquisition of the administration hall and the recently vacated All-Newton Music School building at 398 Walnut street, would, he said, provide the ultimate site for new construction.

It was decided at the meeting of the School Committee that a joint meeting with the aldermanic committees on Public Buildings and Education would be sought in an effort to arrive at relief of what has been described as a desperate need for office space at the Junior College.

Citing the need for more classroom space, Dr. Dudley pointed out that the college has only three full-time classrooms.

Appoint Medical Director For Mental Health Center

Dr. William E. Stone has been appointed Medical Director of the newly-established Newton Mental Health Center, it has just been announced by Kenneth Huberman, president of Action for Mental Health in Newton.

Mayor Donald L. Gibbs and Monte G. Basbas, City Clerk and Vice-President of the association, were among the first to officially welcome Dr. Stone and the Clinic to Newton.

The Newton Mental Health Center is sponsored jointly by the State Department of Mental Health, the City of Newton, and Action for Mental Health in Newton.

Action for Mental Health in Newton was established by a group of citizens in February, 1963, and was received so enthusiastically by the community that its membership is now well over 1000 families and is steadily growing.

The Newton Mental Health Center will provide psychiatric service for residents of the community, and in particular, will concern itself with the problems of children and their parents. The Clinic will work closely with the schools, the courts, the police, the clergy and the various social agencies in the city.

Dr. Stone is now devoting his time to getting acquainted with the community, assembling a staff and getting the clinic organized. It is planned that by July 1, of this year, the Center will be in full operation.

Dr. Stone comes to Newton from the Children's Hospital Medical Center in Boston where for seven years he has been on the staff of the Out-Patient Psychiatric Consulation Service, the past four years as Chief of the Service.

He took his training in child psychiatry at the Douglas A. Thom Clinic for Children, after completing his training in adult psychiatry at the Boston Veterans' Hospital. In addition to his work at the Children's Hospital, he has been on the training staff of the Metropolitan State Hospital's Children's Unit, and has been the psychiatric consultant to the Children's Mission to Children.

The new director is a member of the faculty of the Harvard School of Medicine and is also a member of the American Psychiatric Association, the American Orthopsychiatric Association, the New England Council for Child Psychiatry, and is a diplomate of the American Board of Psychiatry and Neurology in both adult psychiatry and chld psychiatry. Dr. Stone, who originally hails from California and Hawaii, lives in Lexington with his wife and two children.

Sisterhood To Meet Tonight

The April meeting of Sisterhood Beth El Atereth Israel, at which the theme will be Floral Decor in the Home, will be held this (Thursday) evening, at 8:15 o'clock, in the home of Mrs. Nathan Finkelstein, 15 Lincoln St., Newton Highlands.

The Graphic's account of the event in last week's issue gave the meeting's date as Apr. 15, due to an error in the news release that was sent to the paper by the Sisterhood.

Time Is Now For Your Spring Car Inspection

Today (Thursday) Apr. 1, the semi-annual inspection of the state's 2,000,000 motor vehicles begins, the public is reminded by the office of Registrar Richard E. McLaughlin.

The inspection period closes May 15, but the wise motorist will bring his car to an inspection station well in advance of that date to avoid a long wait.

The sticker this time is yellow for vehicles found to be okay. As in the past, those adjudged defective will get the oval, white, rejection sticker with a red band across its middle.

In addition to automobiles, trucks, trailers, motorcycles and scooter bikes must stand inspection.

Automobile equipment that will be checked include brakes, headlights, tail lights and stop lights, muffler and exhaust system, steering gear ball joints, windshield and wipers, rear window and number plates. Tires must have a minimum of 2/32 of an inch of tread in order to stay in use.

The inspection station, for its services, may charge the motorist a fee up to $1.

Wins Blue Ribbon At Flower Show

Mrs. Richard D. Roquemore of the West Newton Garden Club received the John Taylor Arms Award, presented to the blue ribbon entry in the Flower Arrangement Section of the Spring Flower Show that scored the higest number of points for the week.

Mrs. Roquemore's arrangement, in Class I, "Rustic Ranch House", featured a contemporary design with an amaryllis bloom and buds in a pipe container, with natural wood background.

Trip to Bermuda Followed Martin - Getter Wedding

At a recent candlelight service in King's Chapel, Boston, Miss Helene Taylor Getter became the bride of Dr. Albert Rene Martin.

The bride is the daughter of Mr. Seymour Samuel Getter of 1 Cobb place, Waban. The bridegroom is the son of Mrs. Pearl Martin of San Francisco, Calif.

The Rev. Joseph Barth performed the 7 o'clock evening ceremony, which was followed by a reception at the Beacon street, Boston, home of the officiating clergyman and his wife.

Given away by her father, the bride's full-length gown of peau de soie, trimmed at the scoop neckline with Alencon lace, had long wedding point sleeves and a chapel-length train.

Growth, Sound Fiscal Policy, Seen By Basbas

City Clerk Monte G. Basbas, commenting on the municipal and school budget totalling more than $29 million which was approved last week by the Board of Aldermen, yesterday expressed confidence in the city's ability to enjoy continuing growth within the framework of a sound fiscal policy. Basbas is a candidate for Mayor in next November's city election.

"It is possible," he said, "to meet the need for additional and improved municipal services, school, library, recreational, and other essential facilities without overburdening our taxpayers, provided programs are carefully planned and carried out."

Calling attention to the Capital Improvement Program proposed for Newton by the City's Planning Department for the next five year period, Basbas declared that, "I support this program especially because it presents a method of carrying out essential projects within a framework of financial responsibility."

Basbas expressed concern for the rising cost of government and the resulting pressure on the tax rate. "The implications for the homeowner who pays so much of the bill," he pointed out, "are indeed serious and I am particularly mindful of his situation."

"We do not want to impair the ability and inclination of the city's homeowners to maintain and retain their homes. Not to be forgotten are the many citizens of Newton on fixed or limited income who are willing to bear their fair share of the cost of government — men and women who have raised their families here and who want to spend the rest of their days here."

"Our objective is to continue an energetic, creative, and orderly program for the constant improvement of our community while at the same time preserving our financial stability," Basbas stated.

Mayor -

(Continued from Page 1)

streets are capital improvements which can properly be financed from a bond issue and paid for over a period of years. This practice is followed in most cities.

He declares further that during his first five years in office he reduced the city's debt $5 million and that the debt will be far smaller when he leaves office next Jan. 1 than when he first became Mayor on Jan 1, 1960.

In addition, the Mayor expressed the conviction that psychologically, it is extremely important to keep the tax rate below $70.

While discussing Newton's tax rate problem, Mayor Gibbs voiced the opinion that the city should permit the erection of additional apartment houses in order to broaden its tax base.

He said that new apartment houses would produce needed revenue and would not create the same expense as would home-owners whose dwellings were assessed for a comparable amount.

"I think one or two new apartment houses in some of our villages would be a good thing," the Mayor said.

"They are drastically needed," he continued. "Many people want to live in apartment houses in Newton but can't find places to rent."

Mayor Gibbs said the city has a choice of allowing the construction of additional apartment houses in order to broaden its tax base or seeing the tax rate climb still higher in coming years.

The Mayor declared that he is in favor of enacting a sales tax in order to provide revenue to lessen the real estate tax rate in the cities and towns.

But he added that he will not support Governor Volpe's sales tax proposal because he is not satisfied with the distribution formula recommended by the Governor. He expressed the conviction that a different formula should be used for dividing the proceeds from a sales tax among the cities and towns.

Plan To Give Assist To GOP Is Aired Here

A program geared to the development of wider support for the GOP was outlined for members of the Ward Five Committee by Ward Chairman D. Stuart Laughlin, Jr., at a meeting held in his home in Waban.

The meeting's agenda included a progress report presented by William R. Horner, City Finance Chairman, giving results to date on the local finance campaign being conducted among committee members. Republican State Committeewoman Mrs. Robert R. Amesbury of Wellesley also addressed the meeting giving an outline of Republican State Committee organization plans.

Those attending the meeting were Joseph A. Alexander, Mrs. Vivian D. Baird, Constantine Bucuvalas, Mrs. Barbara A. Carmen, Arnold Garrison, Eugene M. Hirshberg, former Representative Lorenz F. Muther, Jr., Mrs. Eleanor B. Rogers, Robert L. Sandman, Dr. Frank L. Springer, State Finance Vice-Chairman Mrs. Irene K. Thresher, Republican City Committee Chairman Edward C. Uehlein, and Joseph Weinrebe.

D. Stuart Laughlin, Jr., presided.

Hotel Fire And Code Violation Were Unrelated

It was ruled last week in Suffolk Superior Court that there was no connection between a Boston building code violation and a fire two years ago in the Sherry Biltmore Hotel noMasschusetts Ave., Boston.

Nevertheless, Maurice Gordon of 400 Waverly Ave., Newton, former president of the hotel where four persons lost their lives because of the fire, was fined $500 for court costs in connection with the code violation with which he was charged. The charge specified that Gordon did not have two competent and properly assigned watchmen on duty in the hotel.

In court, Gordon was described by his attorney as "a prominent businessman and philanthropist who was in court under unusual circumstances."

Said Atty, Paul T. Smith, "Mr. Gordon, under no legal or moral obligation, paid out himself a total of $104,000 in settling claims of the victims because he believed it was the proper thing to do."

Charles River Group Agrees With Carmen

In a letter to Alderman William Carmen of Ward 7, Mary P. Cunningham, writing as chairman of the Charles River Civic Association, has expressed the group's reaction to the Alderman's stand on the library issue and the Humphrey-McNiff report as follows:

"It is comforting to know that your view is in keeping with our own. In addition to this, however. I migh point out only one minor point on which we do disagree. It is the feeeling of this Association that Newton Centre is unfortunately not the true geographic center of the city. It is our belief, after considerable study. that the Newtonville area fills the requirements for centralization insamuch as it is the geographic center, population-density center, and definite transportation center.

"In all other matters to which you referred in your recent article published in the local press, we are in full accord."

Costly Future DPW Projects Urged In Report

Bullough's Pond at Commonwealth avenue and Walnut street, Newtonville, will be cleaned in 1967 at a cost of $50,000 if recommendations in a report by Planning Director James A. Miller and Consultant Charles A. Downe are accepted.

Foreign matter that has fouled the pond gives off an unpleasant odor in the summer and affects the winter ice skating, the report notes. The cleaning. it adds, might allow the body of water to be used at its maximum potential as a recreation facility.

The survey made by Miller and Downes advocates a six-year, long-range Newton Public Works capital improvement program that would mean the expenditure of many millions of dollars.

Urged among other things are a $200,000 garage and carpenter shop for the PWD, an annual expenditure of $250,000 for street construction, $75,000 a year for street betterments, $100,000 a year for sewers, $50,000 for drains, $200,000 a year for car, truck and other equipment replacement, and new equipment to cost $40,000 a year. To get the Crafts Street garage and carpenter shop, $12,000 would have to be appropriated in 1968 for architect's fees and $200,000 to be raised by a 1969 bond issue.

Is Promoted By Telephone Co.

Patrick J. Ryan Jr., son of Mr. and Mrs. Patrick J. Ryan of 112 Woodard road, West Roxbury, has been promoted to defense staff supervisor of the New England Telephone Company, officials announced this week.

Mr. Ryan, for many years a resident of the community, attended B.C. High School and was graduated from Boston University in 1961. From 1953 to 1956 Mr. Ryan served with the Army Security Agency. He then joined the telephone company and was assigned to the central office in Brookline as a repairman. Later he went to Boston as communications consultant in the sales department.

Mr. Ryan and his wife, the former Jeanne Hourihan of West Roxbury, now reside in Foxboro and have two sons, Patrick 6, and John 3 years.

Smugglers' Notch near Stowe, Vt., gained its name after Jefferson's Embargo Act of 1808 and the War of 1812, when cattle and other goods were smuggled into New England from Canada through this gap beside Mt. Mansfield, reports the Automobile Legal Association.

Vote On Asst. City Clerk Is Hit By Mayor

Mayor Donald L. Gibbs yesterday sharply criticized the action of the Board of Aldermen in promoting Miss Margaret C. McMullen of 108 Adams St., Newton, to the position of Assistant City Clerk.

The Mayor said he had warm admiration for Miss McMullen but that he did not consider the position a proper one for her.

He declared that the reason Miss McMullen got the job was that the special Aldermanic committee named to recommend a new Assistant City Clerk was split between two persons under consideration.

"I am very disturbed over the abrogation by the Board of Aldermen of its right to pick a City Clerk," the Mayor stated.

Gibbs said that the Board of Aldermen should have named an Assistant City Clerk who could have stepped up to the post of City Clerk next January in the event that Monte G. Basbas is elected Mayor.

"I think they should have found a man who could have served as Assistant City Clerk, learned the duties of the office and been ready to step up as City Clerk," Mayor Gibbs stated.

He said he saw no possibility that Miss McMullen will be made City Clerk if Basbas is elected Mayor.

What the Board of Aldermen really did for all practical purposes, the Mayor asserted, was to leave the position of Assistant City Clerk vacant and give Miss McMullen a $1325 - a - year pay raise.

Mayor Gibbs observed that the appointment of an Assistant City Clerk was solely within the authority of the Board of Aldermen.

But he said he was speaking out because he considers himself responsible for the overall operation of city government.

Miss McMullen, who has been employed in the City Clerk's office since 1926, has been serving as prin-

Kiwanis Club Is Praised In Mayor's Edict

Mayor Donald L. Gibbs has extended the city's official congratulations to Kiwanis International on its 50th anniversary.

Mayor Gibbs declared April as Kiwanis International Goodwill Month in Newton and commented upon the community service performed by the local organization.

He stressed the tremendous amount of good for which the Kiwanis Club is noted in this city. In particular, he praised its efforts in behalf of the Newton Boys' Club, the Newton Community Center, and its outstanding work for the underprivileged in the city.

He also remarked on the numerous collection boxes which the Newton Kiwanis Club has established throughout the city in association with Morgan Memorial.

The collection boxes provide year round employment, training and rehabilitation to severely handicapped people. Francis C. Chase is president of the Kiwanis Club in Newton this year.

Clergy Sign Letter

Mayor Gets Praise For Rights Effort

A letter, signed by 40 members of the clergy who are Newton residents, has been sent to President Wendell R. Bauckman of the Board of Aldermen, commending Mayor Donald L. Gibbs for his efforts in proposing the creation of a permanent Human Relations Commission for the city.

The communication was as follows:

"As a clergyman residing in Newton, I deem it a privilege tonight to join with other members of the major religious faiths of this city in commending our mayor, Donald L. Gibbs, for submitting to the Board of Aldermen an ordinance for the creation of a permanent Human Relations Commission for Newton.

"I am prompted to take this action because of the moral and ethical implications of this ordinance and its potential benefit for the welfare of all the citizens of our community .

"The two-year study that was made by qualified citizens of Newton, at the request of the mayor, uncovered problems of human relationships that should be dealt with in a forthright manner. It is not surprising that such problems exist in a city with a population of more than 90,000 people.

"In a turbulent society, in which the human problems of the city of Boston are now more related to Newton and other suburban communities, it has become essential for the city to have a qualified body of citizens who are charged with the responsibility of helping us to overcome the tensions and frictions that may exist in our relationships with one another.

The World Council of Churches was represented by Watler G. Muelder, of 82 Oxford Rd., Newton Centre, dean of Boston University's School of Theology, at the recent three-day consultation on the church and society, held in Geneva, Switzerland.

Sponsored by the Council and the Vatican Secretariat for Promoting Christian Unity, the conference was designed to lay the groundwork for future cooperation between the Roman Catholic Church and the World Council by attempting to identity the most meaningful areas for joint study and action.

Ten Roman Catholic and 10 World Council of Churches representatives from various nations, including India, the U.S.S.R., Africa, and South America, as well as from the United States and several European countries, attended the conference.

Papers on the role of the Church in modern society were delivered by both Roman Catholic and World Council members, and theological issues involved in trying to define Christian responsibilitity in modern society were discussed.

Gibbs Would O.K. Pay Raise For Next Mayor

Mayor Donald L. Gibbs declared last night that he will approve a $10,000-a-year salary increase for Newton's next Mayor if such a measure is adopted by the Board of Aldermen.

A proposal to raise the Mayor's pay from $15,000 to $25,000 annually, effective next Jan. 1, was presented at Monday night's Aldermanic session by Alderman William M. Glovsky of Newtonville.

Glovsky's order was referred to the Aldermanic Claims and Rules Committee fon consideration.

Sentiment among the members of the Board of Aldermen reportedly favor the measure.

In 1963, Mayor Biggs refused to accept a $5000-a-year pay hike unless the matter was submitted to the voters in the form of a referendum and approved by them.

The question of raising the Mayor's pay from $15,000 to $20,000 annually was placed on the ballot in the 1963 municipal election and was rejected by a narrow margin.

However, Mayor Gibbs now takes a different attitude on the matter since the proposed $10,000-a-year increase would not become effective until the day he leaves office and he has no personal interest and would not benefit from the raise.

Mayor Gibbs expressed the conviction last night that Newton's Mayor is very much under-paid when his compensation is compared to other salaries paid in this city and in other communities.

"Pretty soon the custodians in the schools will be getting more money than the Mayor," he remarked.

He pointed out that 16 officials in the school department receive higher salaries than the Mayor and that next September some elementary school principals will be getting as much as the Mayor.

"Yet, the Mayor is charged with the over-all supervision of the entire city and works day and night," the Mayor observed.

Gibbs termed $15,000 "small pay" for anyone who runs a $30 million corporation and assumes the responsibilities which go with the office of Mayor of Newton.

Some city managers in smaller cities than Newton are paid $25,000 or $30,000 a year, he said.

Mayor Gibbs cited that the superintendent of schools in September will be receiving $26,000 a year, $1000 more than is proposed for the Mayor in the order now pending before the Board of Aldermen.

He pointed out that Newton has what is known as a "strong Mayor" form of government and that the Mayor is responsible to the people for everything that is done in the city government.

City Worker Ends Record Of 50 Years

The retirement takes effect Apr. 17, his 70th birthday and the day on which his annual leave is completed.

Born in Newton Highlands, he began his career with service as a call fireman in 1915, and later entered the employ of the Building Department. He was made the department's superintendent of maintenance in 1941.

A World War I veteran, he served in France with Newton National Guard's Battery B, 101st Infantry, Yankee Division, and acquired five battle stars.

College Withdraws Request For Dorms

Lasell Junior College, Auburndale, last Monday withdrew—at least temporarily—its application for a building permit to put up new dormitories in the area.

The action was taken in a letter from Dr. Blake Tewksbury, Lasell president, to the Newton Board of Aldermen, in reference to proposed 120-girl dormitories to which neighbors had objected.

The college has decided to hold up the application, the letter stated, until the Aldermen decide what to do about a proposed new zoning ordinance that, if passed, would affect the new buildings.

Meanwhile college trustees will meet with a neighborhood group that has strongly opposed the new buiding plans, in an effort to see if some compromise can be worked out.

Neighbors have objected to the proposed dormitories on the grounds they might change the character of the residential area in which the college is situated.

Lasell currently has received more than 1,200 applications for only 296 residential vacancies for the 1965-66 school year, a ratio of more than 4 to 1.

Because of its inability to meet the demand, the college has embarked on a long-term expansion program. The proposed new dormitories, to which the neighbors objected, were to have been the first step.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Pay Raise Repeal Drives Waste Of Time and Effort

If Jack E. Molesworth wants to help promote orderly State government in Massachusetts, one way to do it would be to refrain from launching another of his meaningless legislative pay raise repeal drives.

Molesworth has twice placed a wage hike referendum on the ballot, has twice seen the voters knock out the salary increase and has twice seen the legislators vote it back.

Both endeavors on Molesworth's part were exercises in political futility which wasted time, effort and money and accomplished nothing.

As long as the law-makers who vote for pay raises keep getting reelected by the same voters who throw out their wage boosts, they're going to continue restoring any cuts in their salary.

While the voters repeal a legislative pay hike whenever the question is placed on the ballot, they minimize the significance of their action by reelecting their own State Senators and Representatives who enact the salary increases.

That's the way it has been. That's the way it undoubtedly would continue to be, and it makes the entire situation somewhat absurd.

Willis Report Has PTA Council Favor

The Newton Council of PTA's voted to approve the general principals and intent of the Willis Commission Report on education in the Commonwealth of Massachusetts.

William Lincoln, director of Curriculum for the Gardner Public Schools, Gardner, and a member of the Massachusetts Education Commission which prepared the report, spoke before the council's monthly meeting, Thursday evening, April 1, at the Division of Instruction.

The report—House 3300 and 3301—proposes the setting up of three boards: a Board of Higher Education, "to support, facilitate, and delineate clear functions and programs for segments of public higher education;" a Board of Public School Education, "to support, serve and plan general education in the public schools;" and an Advisory Council on Education; to coordinate and evaluate existing programs in public education.

The report would establish compulsory attendance from ages six to 18, extending it from the seven to 16 now required. This would require schools to have kindergartens throughout the State.

The Commission recommended the consolidation of many small school districts with a minimum of 1200 each. This would allow them to operate more efficiently.

The importance of occupational, vocational education was stressed. Skilled and semi skilled training for men and women should be greatly expanded and should be offered in the public schools. Also additional courses for the

The Newton Democratic Ward Eight Committee will provide Newton's voters an opportunity to meet with and question their Democratic Representatives to the General Court, at a meeting to be held Thursday, April 8, at the Memorial School Auditorium, at 8 p.m.

Representatives Joseph Bradley, Idving Fishman, and Paul Malloy will discuss bills now before the Legislature and other matters of current interest, and will encourage questions and opinions from those attending the meeting.

Refreshments will be served following the discussion period. Arrangements for the meeting have been made by Morris Kritzman, chairman, Newton Democratic Ward Eight Committee, and Helen Bloomberg and David Yarosh, co-chairmen, special events meeting.

All Systems "Go" For Our Rubbish Boys

Mayor Donald L. Gibbs yesterday cautioned Newton housewives against leaving bags of groceries on the sidewalk while they park the family car in the garage.

A Newtonville housewife did exactly that with some strange results which culminated in the city reimbursing the lady to the extent of $23.94 for the groceries she lost.

Here is the unusual story. — On Feb. 5 the city's rubbish collectors made their regular pickups on a Newtonville street.

Returning along the same street later in the morning, they observed four large paper bags on a snow bank.

Thinking someone had been late in putting out their rubbish, they stopped, tossed the four bags into their truck and continued on their way, considering they had performed a helpful deed.

It turned out, however, that the bags didn't contain rubbish at all.

It seems a housewife had just done the family shopping and had left four bags of groceries in the snow bank while she put her car in the garage.

When she returned to get the bags of groceries, the rubbish truck was driving down the street with them on the way to the dump.

Mayor Gibbs approved the lady's claim that the city reimburse her for the $23.94 she had spent for the groceries.

Big Move Forward In Hospital Fund

With the advance gifts committee in full stride, leaders of the Newton-Wellesley Hospital Building Fund this week were pushing for a full contingent of general gifts volunteers and were pleased with the early results.

The general phase of the $3,500,000 campaign calls for men's and women's teams to carry the appeal to some 25,000 potential donors. The solicitation will get under way early in May following separate kickoff meetings for Newton and Wellesley workers.

Beginning with area majors, enough captains and workers will be sought to hold assignments to 10 prospects for each volunteer. The workers will select their own cards.

Newton Chairman Richard H. Lovell announced the following had accepted organizing responsibility as majors:

Brown, Superintendent of Schools; Mr. Stanley Russell, Assistant to Dr. Brown; Mrs. Noah Bielski and Mrs. Alfred Bickelman, Coordinators of the Conference; Mrs. Leon Shapiro and Mrs. Melvin Shoul, Co-charman of the Creative Arts Committee; Mrs. Thomas Burnap, Dinner Chairman; Mr. Henry K. May 4 — David Susskind and Father John Culkin of Fordham Univ. A dialogue on TV Drama and Movies in Schools. A Panel Discussion with Edwin Pettet, Professor of Drama of Brandeis, Wayne Anderson, Professor of Graphic Arts of MIT, and Wayne Altree, Chairman of History Department of Newton High School.

May 6 — The Martha Graham Dance Group, Demonstration and Performance.

May 7 — All-Newton Elementary School Orchestra and Chorus. PTA Council Dinner. Speaker: Aaron Copland. Distinguished guests. The daytime programs will be announced to the public shortly.

In a statement to the press regarding this historic conference, Dr. Brown said:

CHARLES D. BROWN

"This full week of programs is designed to emphasize the importance of the arts, both for their own sake, and for their relation to other areas of the curriculum. For too long, it seems to us, art, music, drama and the dance have been separated from the major intellectual thrust of American public education.

"To be sure, most schools include these subjects in their program of studies, but they are too often a superficial experience, having little or no meaning as far as a child's total intellectual growth is concerned, and occupying that portion of the daily schedule that will not interfere with the so-called 'major' subjects.

"And, as is obvious to anyone involved, the current scramble for college admissions isn't making the problem any less acute, for more and more youngsters are pushing aside the opportunity for experiences in the arts in favor of courses they (and their parents) consider to be more important to their chances of getting into the right school.

"We would like during this week, in addition to bringing to you the pleasure of watching and hearing talented performers, to explore ways in which we can lead people to understand more fully the fundamental importance of the arts, not only from the point of view of performance and appreciation, but as basic human experiences that will have at least something to say about whether we survive as a civilized society. We look forward to having you join us."

All programs are free of charge and open to the public.

Raise -

(Continued from Page 1)

Gibbs said that the present $15,000-a-year salary for the Mayor acts as a depressant in keeping down the pay of other municipal officials.

He called attention to the fact that in his budget this year he raised the salaries of three city officials — the director of public works, the city solicitor and commissioner of public health — to $15,500 which is $500 more than the Mayor now gets.

Mayor Gibbs declared that he now considers himself free to talk and state his position about the Mayor's salary since he is to leave office at the end of the year and would not benefit from any pay raise which is granted.

He said he would not sign a pay raise for the Mayor which had not been approved by the voters if he himself were to get the increase.

But the Mayor added that this does not change the fact that he considers the Mayor's salary too low.

Since his own interest is not involved and he is able to view the matter in a strictly impersonal manner, Mayor Gibbs explained that he feels he can sign an ordinance boosting the pay of the Mayor who will succeed him.

Pan American Day To Be Marked By Dances

On Monday, April 12, at 3:30 p.m. Mrs. Jeanne Barry, dance instructor in Newton Lower Falls, will present a group of her pupils in dances to honor Pan American Day.

Mrs. Hope F. Danielson, new principal of the Hamilton School, as sponsor, has graciously offered the school's auditorium for rehearsals and recital. The audience will be made up of Brownies and Junior Girl Scouts, part of the Quinobequin area who will view the Fiesta of Pan American dances with the intention of understanding better our neighbors. Families of the dancers, and teachers, are invited to attend.

In Washington, D.C., there is a Pan American Union to which schoolchildren of various countries belong. Pan American Week, April 8 thru 14, draws crowds of young people to the Pan American House for an exciting Festival, "the pleasantest way of coming close to the customs of other countries."

All during the week the Pan American Union's Patio will be filled with exhibits of arts and crafts, foodstuffs, etc. depicting the charming customs of many different countries, with the climax of the celebration on April 14, Pan American Day.

The program will include a variety of dances, as directed by Mrs. Barry. Mrs. Eleanor Boylan, producer for The Young Newton Players' shows, will introduce the dancers and narrate.

Dr. Dorothy Worth (Mrs. Robert Berg) of Newton has had her grant renewed for one year as an Affiliate Scholar at Radcliffe College in the field of public health, and is thus enabled to do a year's independent work.

Defends Library Plan For Branch Libraries

Editor, Newton Graphic

In last week's **Graphic**, Mrs. Audrey E. Smith complained that she would need a helicopter to reach the proposed new main library in Newton Centre. This is really not necessary, since the proposed library may be reached by foot, car, or even rapid transit, and there will be ample parking space.

The present main library, built in 1870, is located at Newton Corner, close to the Watertown line, but the proposed new library will be in the heart of Newton, much more convenient to most people.

All of the branch libraries will remain in operation, except the Newton Centre branch. The new library will be located in Newton Centre.

In short, the proposal of the Trustees will make library service far more convenient.

The elderly persons that Mrs. Smith mentions will find that the new library has more books, more room, more comfort, plus recordings, probably films, exhibits, and special activities particularly attractive to older persons.

At present, the children's services are centered in an overcrowded wooden structure on Vernon Street. The new main library will welcome children and offer them loads of room, special facilities, and activities of interest to each age group.

The cost of this program offered by the Trustees is only one penny per family per day. This is not very much, especially when you save the cost of a helicopter.

Daniel J. Ahern,
Vice President
Friends of the
Newton Free Library

Editor of The Graphic:

Recently in a letter to you I mistakenly said that I had received a request for a contribution to the new library building fund, and I wish to correct this. It was a request to become a member of the Friends of the Newton Free Library.

In the same letter I spoke of my opposition to the closing of the branch libraries. It is no secret that for a long time talk has circulated freely about this. Some time ago I heard of a meeting at which plans were stated definitely for the closing of the Newton Highlands branch, with West Newton and others to follow. However, I wish to state that although this information was from many sources, it never came from any Newton librarian.

Now the Friends of the Newton Free Library have promised that none of the branches will be closed. My only contention is that promises made in good faith can yield under economic pressure and expediency. At some future date it might well be argued that a Bookmobile was an adequate substitute for a branch library, and that since the town still has access to books, the promise was not really broken.

I know how a city operates. I know that on the quiet, aldermen can slip through measures totally undesirable to the citizens who elect them. I have served on a committee than ran up against such a situation, have attended hearings and signed many petitions.

I believe that only constant vigilance protects a promise. If the Friends of the Newton Free Library will fight as hard to keep their promise as they are fighting for the new library, many people will applaud them.

Incidentally, I suspect few people have any quarrel with the excellent facilities and opportunities of the new main library. We sincerely hope that the committee for the Friends of the Library understand this, and understand that our feelings are generated by a desire to keep the friendly, comfortable atmosphere of a small library.

Political Highlights

(Continued from Page 1)

The argument that any legislator, who isn't worth $7500 a year, should be defeated for reelection, is a pretty sound and logical one.

This is a matter which the voters themselves can and should resolve in the privacy of their polling places in the 1966 primary and election..

If they believe any of their elected representatives at the State House doesn't deserve the pay they're getting, they should fire them and pick someone else. Any legislator who isn't worth $7500 a year doesn't belong on Beacon Hill. It's as simple as that.

Virtually every responsible observer of the political scene, including Governor Volpe himself, agreed that the law-makers should be paid more than $5200 a year.

The only question was whether they should have got their raise on the terms proposed by Volpe or the way they themselves insisted on voting it. Even that issue is now moot.

What surprised this writer was that Governor Volpe made no fight to have his veto sustained in the Senate where he might possibly have prevailed if he had made a real battle.

Of the 12 Republican State Senators, six voted to sustain Volpe's veto and six to override it.

There is little doubt that a phone call by Volpe to three or four of the GOP Solons who voted to overturn his veto would have shifted them. Those phone calls obviously weren't made.

Also somewhat unusual was the stand of Republican Senate Leader Philip A. Graham.

Graham has been a candidate for appointment to the clerkship of the Salem district court. When the showdown came in the Senate, Graham was one of the leaders of the drive to override the veto of the man who would name him to the court post if he is to get the job.

The explanation is that Graham, a man of sturdy convictions, believed strongly that the legislators should get more money, that the repeal of the pay raise last November was unwarranted, and he was ready to stand up and vote his convictions.

A pressing question now is whether the law-makers will face up to the financial crises confronting the State and its cities and towns and take steps to meet those momentous problems.

If they fail to do so after giving themselves a pay raise, a lot of them could find themselves in trouble in next year's elections.

They're also certain to feel the public wrath if they play partisan politics and scuttle Volpe's program in retaliation for his action in forcing them to adopt their raise over his veto.

The indications are that many legislators realize this and that they will be out to show the voters they intend to live up to their responsibilities.

Through no fault of the average rank and file member, the image of the House of Representatives has been badly tarnished in recent years.

That resulted partly from the way the body was run for a period of years, partly from the indictment of a few former leaders who now are awaiting trial, and partly from the fact that the worthwhile accomplishments of the Legislature received little public attention.

Speaker John F. X. Davoren has made a good start toward polishing up that image and making a better impression on the public. But the most important portion of the legislative session, of course, lies ahead.

One big question still to be answered is whether the Legislature will do anything to ease the problems of cities and towns with soaring tax rates and to provide the financial means of improving the quality of public school education across the State.

Democratic leaders in the Legislature have announced that they will offer a tax program of their own as a substitute for the one proposed by Governor Volpe.

Beacon Hill observers are reserving judgment on that program until they see what it is and learn how much new revenue it would yield.

Volpe's program would produce about $230 million. Any smaller amount from a substitute tax program would not accomplish what Volpe proposes to do.

There is no doubt that the Legislature will enact new taxes to meet the State's financial crisis. The law-makers have no choice but to do that. But that's only half the problem.

The big unanswered question is whether the legislators will open up new sources of revenue to the local communities to halt the climb of confiscatory tax rates which hurt homeowners and rent-payers alike and cause the loss of employment opportunities.

Doherty's Post Is Seen As Safe

Several Democratic legislators wiuld like to oust Gerard F. Doherty from the chairmanship of the Democratic State Committee.

They're not likely to get far, however, because they obviously don't have the political muscle to accomplish their objective.

Doherty was the choice of Senator Edward M. Kennedy for the Democratic State Chairmanship, and most of his actions reflect the thinking of Senator Kennedy.

Ted Kennedy has firm control over the State Committee. No move to replace Doherty would get far there. Indeed, it's improbable that any even would be started.

Doherty's critics on Beacon Hill have been blasting him on two counts.

The first is that the Democratic party last November lost the Governorship, Lieutenant Governorship and Attorney Generalship despite a powerful Democratic trend.

This is what the attorneys would call a false charge. Doherty was in no way responsible for any of the three losses.

The stage was set for the Republican victories in the fight for the Governorship and Lieutenant Governorship when Francis X. Bellotti toppled Endicott Peabody in last September's primary and caused a wide split within the Democratic party.

Both Ted Kennedy and Doherty forsaw this and tried without success to prevent it.

As far as the contest for Attorney General was concerned, Edward W. Brooke was simply unbeatable and would have prevailed over any Democratic opponent.

Doherty also has come under a fire of criticism for supporting a bill designed to strengthen the State Conventions and make it more difficult for some candidates to run in the primary.

This observer agrees with legislators such as Representative James H. Kelly that the convention system should be scrapped, not strengthened.

However, the members of the Democratic State Committee had voted to endorse the measure which Doherty backed, and it presumably had the okay of Senator Kennedy.

What is really at the root of the differences between Doherty and some of the Democratic legislators who formerly served with him in the House is probably a clash of personalities.

But it's also a momentary flurry which is not likely to last long.

Women Prisoners Eye College Gates

If you sometimes wonder why the Massachusetts Legislature usually remains in session longer than any other State law-making body in the nation, you might take a look at some of the bills which are filed on Beacon Hill and which must be acted upon by the legislators.

One measure now pending before the State Senate would permit prisoners at the Women's Reformatory in Framingham to leave the institution for the purpose of taking college entrance examinations.

When the proposal was being debated in the Senate, where it was held for further consideration, Senator Francis X. McCann of Cambridge declared that if such a law were passed for women prisoners, the same thing would have to be done for men prisoners.

As a matter of civil rights, McCann maintained, the Legislature could not discriminate between women and men prisoners.

McCann observed that the women sentenced to the Framingham Reformatory weren't sent there for the purpose of going to college.

The Cambridge Senator also suggested that the passage of such a law would cause a lot of ingenious inmates at the Walpole State Prison to start figuring out college courses they would like to take.

This writer, on inquiring why such a bill was filed in the first place, was informed that a couple of prisoners at the Women's Reformatory want to go to college and would like to get out long enough to take entrance examinations.

Seeks Pardon To Be Lawyer

A pardon was granted recently by the Governor and Executive Council to a man who had been arraigned in court 13 times during the past dozen years.

The offences charged against him included breaking and entering and carrying a revolver without a permit.

He wanted to get the pardon and clear his record so he could become a lawyer.

Burr-Murray PTA Fair Set For Next May

Plans were made for the May 8 Burr - Murray Road PTA fair at a recent meeting in the home of the chairman, Frank Howley.

It will be held from 10 a.m. to 3 p.m. on the Burr School recreational area rain or shine. Should it rain, however, the fair will move into the basement of Corpus Christi Church.

Arrangements were made for several rides for the smaller youngsters, and provision made for dancing for the older boys and girls.

The following were appointed to serve on various committees and to take charge of booths:

Grabs, Virginia Baker; basketball, Bob Dwyer, Larry Mack and Wally LaRosee; baseball, Al Horton and Jimmy Wong; penny pitch, Joe Francis; balloons, Betty Marchesi; plants, Barbara Michaels, Rose Kunkle and Doris Weaver; white elephant, Julie McPherson and Jane Fasman.

Also, hot dogs, pizza and tonic, Jack McMunn; chances, Priscilla Ingalls; posters, Mary Packenham; art prints, Charlotte Forgeron; food and baked goods, Shirley Fitzgerald, publicity, Nancy Cabot, and nurse, Mrs. Richard Ingalls.

Females hold about four of each 10 driver's licenses in the United States, the Automobile Legal Association says.

Easter Contrasts

Throughout the land the Easter Season is celebrated as a period of Spiritual Exaltation.
Once again it has brought the promise of
★ NEWNESS OF LIFE

But there is another side to this picture. To thousands of helpless animals in the hands of merciless experimenters, the Easter Season means only—
• TERROR • AGONY • DEATH

We plead for mercy: Must it be in vain?

In the experimental laboratories of merciless men and women helpless animals are —

Mutilated, skinned, burned, beaten, frozen, gassed, electrically shocked, inoculated with diseases and otherwise tortured.

Here are some specific examples of recent atrocities reported in the public press:

Removing heart of dog and substituting "a battery-powered mechanical heart." The animal died nine hours later of pulmonary edema.
Fall River Herald News

Shooting electric impulses into a monkey's brain and making him perform "like an electric toy."
Boston Traveler

Cutting hole in side of cow and installing a plastic window.
Springfield Union

Cutting cat's brain in half down the middle and experimenting with optic nerve connection.
New York Herald-Tribune

Transplanting into the body of a dog the heart of another. When infection set in after eight days the dog was put to death.

Health Topic Of Sunday Science Bible Lesson

The effect of our thinking on our health will be examined in this Sunday's Bible lesson to be read at all Christian Science churches. The subject is "Are Sin, Disease, and Death Real?"

The responsive reading for the day begins with a verse from Isaiah :"Behold I create new heavens and a new earth: and the former shall not be remembered, nor come into mind."

Related passages will be presented from the Christian Science textbook, including these lines: "Instead of God sending sickness and death, He destroys them, and brings to light immortality. . . . When Christ changes a belief of sin or of sickness into a better belief, then belief melts into spiritual understanding, and sin, disease, and death disappear." (Science and Health with Key to the Scriptures by Mary Baker Eddy, pp. 206, 442).

Last month at Meadowbrook High School the group explored the process of make-believe, showing the students how the person who is the actor becomes a "character." With students from the school, Miss Stefan and Mr. Benedict did scenes from "The Miracle Worker," "Pygmalion" and plays by Brecht and Pinter.

The next visit will be to Weeks Junior High School in Newton Centre on Wednesday, April 14, at 2:10 p.m. The program is called "Acting: Masks and Methods," and further information about it may be had by calling the Theatre Company at KE 6-2521.

Indian Lass Gets Help From Girl In Newtonville

Miss Betty Mae Erickson of 355 Cabot Street, Newtonville, is sponsoring Perri, a 15-year-old American Indian girl of Ganado, Arizona, through Save the Children Federation, international child welfare organization of Norwalk, Connecticut, it was announced today by Dallas Johnson, director of the organization's American Indian program.

The sponsorship will provide essentials that enable the child to take part in school activities. The average Indian youngster leaves school before the eighth grade, often for lack of bare essentials.

Part of the sponsorship contribution will be pooled with funds donated by other sponsors to help the members of the tribe accomplish self-help projects of their own choosing. Indian men, women and young people are contributing all the labor to such projects as building health clinics, libraries and community centers.

Sponsorship funds are supporting Federation summer camps where boys and girls learn vocational skills while they earn back-to-school funds. To combat the language barrier which is considered a major reason why Indian youngsters lag two years behind their non-Indian classmates in school, the Federation sponsors kindergartens to teach English to five-year-olds before they enter first grade.

Founded in 1932, Save the Children Federation aids children, their families and communities in the Southern Appalachian Mountains, on the American Indian reservations and in many countries abroad.

An individual, school or group need contribute only $12.50 a month or $150 a year to sponsor an American Indian child, or a child living abroad.

Beth Elohim In Hebrew Music Week Service

Volunteers, including residents of the Newtons, have joined with the fine professional choir of Temple Beth Elohim in Wellesley to rehearse for what promises to be an outstanding musical service.

It will be held Friday, Apr. 30, at 8:30 p.m., in observance of Hebrew Music Month, according to the established custom of the temple.

There will be music from "Avodath Hakodesh," the "Sacred Service" by Ernest Bloch, the "Haskivenu" by Helfman and "L'Cho Dodi" by Goldfard. A special solo "Hear Ye, Israel," from "Elijah" by Mendelsohn, will be sung.

Music directors of churches in this and other neighboring areas have been invited to attend.

Agape Suppers Popular Newton Highlands Meals

Since the first Thursday in Lent, the Newton Highlands Congregational Church has been having a series of Agape Suppers each week.

Families bring children, including teenagers, to the "pot luck" repasts at 6:30 o'clock, each family bringing one item for the supper. Various groups in the church act as hostesses, preparing the tables and helping to serve.

Following a hymn sing led by Edward H. Hastings, organist and choir master, the guest minister gives a Lenten meditation. Little children are cared for in the nursery.

At the first supper, the Rev. John M. Balcom, rector of St. Paul's Episcopal Church in Newton Highlands, was guest speaker. When the Rev. John E. Barclay of Morgan Memorial Methodist Church gave the brief lenten message Mar. 18, the attendance was 130.

The Rev. Thomas H. Lehman of Grace Episcopal Church will be the guest speaker tonight (Mar. 25). On Apr. 1, the Rev. Harold A. Malmborg of the Newton Centre First Baptist Church will speak, and the Apr. 8 guest will be the Rev. Charles Collins of the Myrtle Baptist Church.

Host to the fellowships of the First Baptist Church and the First Congregational Church in Newton Centre at Wednesday Lenten 7 o'clock breakfasts is the Pilgrim Fellowship of the Highlands Congregational Church.

Following the practice of many years, there will be 10-minute prayers by children before school, at 8 a.m., during Holy Week.

Blood Drive By Junior College

Newton Junior College will hold a blood drive Monday, Apr. 12, in cooperation with Newton Chapter, American Red Cross. The Red Cross Bloodmobile will be at College Hall on the campus from 10 a.m. to 4 p.m.

This annual event has been scheduled by the Student Council of the college, Paul Caron, president. Students will assist the Red Cross workers.

Newton Junior College has participated in this important community program for many years. Last year 96 donors volunteered. Those who give and their immediate families are covered for their blood needs for a year. If Newton Junior College fills its quota, as it has in the past, all members of the college community and their immediate families will be covered for a year.

Directory Lists Scholarships Available Here

Parents of Newton High School and Newton South High School seniors who are interested in seeking financial aid for college tuitions are urged to consult the Scholarship Directory published by the PTA Council of Newton in September.

The Scholarship Directory contains a detailed list of scholarships and loans which are available to college bound high school seniors. The major portion of the directory is devoted to scholarships which are awarded to Newton students only.

Although it is late in the year, there is still time to make applications for some local scholarships.

The directory is available to parents and students at every school in the city, elementary, junior high, and high. There are copies in each house office at the high schools and they are also available at all the public libraries.

GAVEL CHANGES HANDS—Mrs. Irene K. Thresher passes the President's gavel to Joseph C. Skinner at the annual meeting of the Newton Community Chest and Council. Looking on are John C. Cort (at left), Director of the Commonwealth Service Corps, who was guest speaker, and Donald L. Gibbs, Mayor of Newton, honored guest.

Community Chest, Council, Meeting Installs Officers

Two major departures in President Johnson's Opportunity Act or the so-called war-on-poverty cited by John C. Cort, Director of the Commonwealth Service Corps and guest speaker at the annual meeting of the Newton Community Chest and Council held at the Church of the Messiah in Auburndale last week, are the new and creative approaches now possible and the emphasis on local initiative.

In describing the various parts of the Economic Opportunity Act and how the Commonwealth Service Corps is serving to coordinate and promote participation in Massachusetts, Mr. Cort stated that 40 communities in the state have already organized to develop plans to combat poverty through this legislation.

The idea of a domestic peace corps, he continued, stemmed from the fact that it didn't make good sense to send volunteers to other countries to help while we assumed we have none at home who need help.

The programs of the Commonwealth Service Corps, initiated last year, were described and include volunteer programs for students and others on a part time or full time basis in helping people in various health and welfare projects.

Court likened the statement made by Pope John to see everything, ignore nothing, correct a little, as the underlying philosophy of the War on Poverty. He doubted if poverty would ever be eliminated, but feels that if we can "correct a little" a great step toward meeting human needs will have been taken.

The gavel, symbolizing the Presidency of the Newton Community Chest and Council, was handed from Mrs. Irene K. Threscher, retiring after two years, to Joseph C. Skinner of 79 Prince street, West Newton.

Skinner, an executive with Meredith & Grew, has been active with numerous community groups including the Newton Chapter of Commerce and the Newton-Wellesley Hospital. He has also served as a member of the Newton Community Chest Budget Committee and Board of Directors, as well as first vice president of the Newton Community Chest and Council.

Also elected as officers of the Chest and Council were Robert C. Casselman as first vice president, Mrs. Alex R. Miller as second vice president, George L. White, treasurer and Francis C. Chase as assistant treasurer. Adelaide B. Ball was elected clerk of the Community Council and H. Donald Norstrand was elected clerk of the Community Chest.

Members elected to the Governing Board of the Community Council include Mrs. William J. Jones, Mrs. Irene K. Thresher, Richard C. Howland and Paul H. Pierce.

The following individuals were elected to the Community Chest Board of Directors: James F. Doherty, Justin T. Horan, W. Edward Wilson, representing the Newton Boys' Club; Mrs. David B. Cooper, Mary-Louise Eddy, Mrs. Edward Wagenknecht representing the Newton Community Center; Mrs. Robert C. Foster, Victor M. Kumin, Bruce Macdonald representing the Community Council.

Mrs. Albert R. Beisel, Jr., Mrs. Robert G. Fisher, Mrs. Henry A. Plimpton, representing the Visiting Nurse Assn.; Murray E. Sholkin, Mark C. Walker, Gordon K. Wentworth representing the Newton - Wellesley Hospital; Maynard L. Moody, Eldred M. Peterson, Charles E. Smith representing the Y M C A; William Mark, Jay J. Martin Jr., Daniel Mordecai representing the Norumbega Council of Boy Scouts; Alice M. Corson, Mrs. Carnig Thomason, John J. White representing the Rebecca Pomroy House; and Henry G. Martin, Arthur H. Plessis, Rev. Francis X. Quinn representing the St. Vincent de Paul Society.

Directors-at-large elected to the Community Chest Board include Edward A. Green, William L. Bruce, Ruth N. Eddy, Stanley M. Epstein, Champe A. Fisher, Kenneth W. Rogers and Warren A. Sutherland.

Mayor Donald L. Gibbs brought the greetings of the city, and commended the Community Council for their direct help to him in assisting with the problems of the toll road relocation and in a study of the human relations situation in the city.

Population Bulge

Washington — From 1800 to 1900 the population of the U.S. increased from 5.3 million to 75.9 million, a gain of about 1834 percent which was the greatest within the nation's history.

Civil Service Has Jobs For High School Grads

The United States Civil Service Commission is again offering a nationwide competitive examination to fill clerical positions in Federal agencies in the Washington, D. C. area. The salaries are $3,680 and $4,005 a year. All applicants must pass a written test and must show appropriate experience or academic training.

High school graduates can qualify for positions paying $3,680, provided they have reached their 16th birthday. Students who expect to meet the requirements in the next 9 months may also apply. Ask for Announcement No. 354 for details and file Form 5000-AB with the U. S. Civil Service Commission on or before May 3. The written test will be in June and the lists of successful candidates will be ready for use by August.

Announcements and application forms may be obtained from post offices or from the U. S. Civil Service Commission, 1900 E Street, N. W., Washington, D. C. 20415.

In another announcement, the Commission gave notice of opportunities for operating engineers with the Federal Bureau of Prisons in Federal penal and correctional institutions located throughout the United States. For these jobs the pay ranges from $3.00 to $3.85 per hour and no written test is required. Applicants must have experience and training in power plant operations.

Interested persons should contact the Executive Secretary, Board of U. S. Civil Service Examiners, U. S. Penitentiary, Levenswo r th, Kansas 66048, for announcements and application forms.

Following his graduation from Boston College, he served in the Navy during World War II and on his discharge from the service played one season with the Los Angeles Rams and two with the Chicago Bears.

After playing three years as a professional, he returned to B. C. to become freshman football coach and subsequently varsity coach, a post he held for nine years.

As coach of the Patriots, his team won the Eastern Division championship in 1963 and was nosed out for a second Eastern title in the final game of the season last December.

Hold Decision On Placing Of 10 New Telephone Poles

A proposal made Monday night by the Boston Edison Company to the Board of Aldermen that 10 street lighting poles be installed on the north side of the median strip of Commonwealth Ave., near Waban Hill Rd., was held for further consideration, it having been determined that the poles would be of wood, rather than of concrete.

Public Works Director Willard S. Pratt explained to the Board that concrete poles would add considerably to the city's light bill, and said that because there were numerous trees along the avenue's northerly median strip, wooden poles would not be unsightly.

The New England Telephone Company's petition for installing underground conduit in nine sections of Walnut St. was held pending assurance that a number of conditions imposed by the Aldermen would be met.

They included the provision that only one section of the road would be opened at one time and that the road would be returned to its proper condition before another section is opened, that a Newton police officer would be assigned o duty on the street during the project's progress, and that excavations across points at which the driveways of residents connected with the road would be temporarily bridged over during construction.

No opposition developed to two other matters that completed the evening's public hearings. One was relative to laying of a main drain and common sewer from Fairlee Terr. to Larchmont Rd., Waban. The other was on a petition of Mazzola Brothers Realty Trust for increasing from 2500 gallons to 10,000 gallons the capacity of gasoline tanks at 230 Adams St., Newton, and to increase the number of fuel trucks from six to 12.

The Board gave approval to a request of the Retirement Board for an appropriation of $2,054 to cover for the rest of this year the $2380 annual pension of Robert J. Thompson, who retired Feb. 25 after service with the Street Department for more than 37 years. He is a World War I veteran. The $2380 is 65 percent of his annual pay at the time he retired.

Also approved was a Public Works Committee recommendation that $4700 be appropriated for a sewer in Arnold Rd., in Newton Centre.

A petition of Lasell Junior College for extension of time to permit removal of fill on Seminary Ave., Auburndale, was approved with 17 minor restrictions. The extension was asked because the storms of last March made it impossible to do the work in the time allowed.

A charter objection to further discussion Monday night on two land offers was imposed by Alderman John F. Holden. Both offers were in the amount of $500, one by Secondina Silverstrone for approximately 250 square feet of land on Kenneth St., Newton Highlands, and the other by Albert P. Paulino for another lot comprising the same amount of land on the same street.

It was hoped that the conference would prepare the foundations for "official bodies to move ahead" on topics such as family problems, the world population explosion, the meaning of work in today's world, the problems of poverty, nuclear testing and disarmament, according to Dean Muelder.

The church and the modern world will be the main subject at the Vatican Council's fourth and final session to be held next fall, and will also be the topic of a world conference to be held in the summer of 1966 by the World Council of Churches.

Last fall, Dean Muelder acted as an observer for six weeks at the third session of the Ecumenical Council of the Roman Catholic Church, which was held in Rome.

"Most important, such a commission should not only deal with present needs, but anticipate future problems, and help us to meet them before a crisis develops. Such action can do much to avoid unnecessary problems among the citizens of this city.

"Therefore, I want to be recorded with my fellow clergymen, not only to commend the mayor for his initiative in submitting the ordinance, but to urge the Board of Aldermen to act favorably upon it.

"At such time as affirmative action is taken, I look forward to the creation of a Human Relations Commission that is composed of the most qualified and respected citizens of this community, which will draft a program in accord with the needs of Newton and submit the necessary budget request to the mayor.

"I would appreciate it very much if a copy of this letter, with my name attached, would be made available to all members of the Board of Aldermen."

Conference On Publications At North Andover

Students from 50 high schools in the New England states, including Country Day School of the Sacred Heart and St. Bernard High School of Newton, will attend the 12th annual New England Publications Conference at Merrimack College, North Andover, on Saturday, Apr. 10.

The Rev. John J. Grant, associate editor of The Pilot, will give the keynote address.

There will be discussions on writing and layout, demonstrations of photography and modern photographic techniques, and entertainment following the program featuring songs and dance numbers from the college's spring production, "Little Mary Sunshine."

It was the first time the Chief Executive had worshipped at this famous church, the home church of George Washington and Robert E. Lee.

President Johnson stopped to chat with the two little girls and a photo of the incident was published in a Washington newspaper. Yes, four Newton grandparents have a right to be extra proud these days.

Hyde PTA Will Meet Tuesday; Spock Speaker

Michael Spock, Director of the Children's Museum in Jamaica Plain, will speak at the meeting of the Hyde School PTA on Tuesday evening, April 13, at 8:15 P.M. Mr. Spock's topic will be "The Museum Experience — Pleasant or Unpleasant?". With slides and personal observations, he will describe what the museum experience has been for many and what it can be with a sound program of education and training.

Before coming to the Museum two and a half years ago, Mr. Spock did freelance work for several museums in Ohio. A graduate of Antioch College, Mr. Spock taught biology there and later did graduate work at the Harvard Graduate School of Education in a program for research in education.

Before the main address there will be an Open House from 7:15 to 7:45, during which parents will have an opportunity to visit the classrooms. There will then be a short music program in the auditorium consisting of selections played by the Hyde School Orchestra under the direction of Robert Giorgi and the String Ensemble under the baton of Mrs. Catherine Abele. The main part of the program will then follow.

Plans for the program were made by Walter Robinson, chairman of the Program Committee. Refreshments will be provided by the Hospitality Committee, headed by Mrs. Thomas Lane.

Tigers Eye Lions Hoping For 3d Straight Win

Newton High's Tigers play their third baseball game of the season tomorrow (Friday) against their intra-city rivals, the Newton South High Lions, on the latter's diamond, and will do their best to stretch their young 1965 string to three straight victories.

The Tigers defeated Revere, 6-2, in a non-league game last Friday, and then, bested Medford High, 5-4, in a game played Monday on the Newtonville field.

In the Medford contest, Newton's right-hander, Mike Murphy,pitched hitless relief for four and a third innings, while his fellow-Tigers overcame a deficit of two runs. The Tigers had seven hits, two of them triples and one a double. Contributors of runs batted in were Capt. Jim Holicker, Dave Petkun, Dick DiLuzio, Jeff McLaughlin and Mike Murphy.

Grossman Made A Trustee Of N-W Hospital

Bernard D. Grossman of West Newton has been elected a trustee of Newton-Wellesley Hospital, it was announced today by George L. White, president of the board of trustees.

Mr. Grossman, treasurer and director of L. Grossman Sons, Inc., and active in philanthropic and civic enterprises, is chairman of the hospital's $3.5-million fund drive.

The drive seeks to correct crowding and obsolescence within a hospital plant expanded last following World War II.

He fills a vacancy resulting from the resignation of Everett Ware Smith of Wellesley. Mr. Smith, vice chairman of the board of New England Merchants National Bank, is president of the New England Council. Owing to the press of those duties, he asked to be relieved of his hospital assignments.

Mr. Grossman, born and educated in Boston, received his A.B. at Harvard University. A captain in the United States Army during World War II, he is a director of the Home Owners Federal Savings and Loan Association of Boston and of Cramer Electronics, Inc., of Newton.

He is a director of Brandeis University Associates, a trustee of the Beth Israel Hospital, a director of Northeastern Region, National Conference of Christians and Jews, and a member of the Board of Overseers for Old Sturbridge Village.

A past president of Massachusetts Bay Lodge and a former director both of the Newton Chamber of Commerce and the Newton Taxpayers Association, he also has served the United Fund of Greater Boston.

Public Sang Too In "Carmen" At Sacred Heart

It was a "sing-along" last Sunday, when the audience responded to an invitation to join in as Bizet's "Carmen" was given an experimental production at Newton College of the Sacred Heart.

Staged in the college's Quonset Theatre, the production was the climax to the first Fine Arts Week on the campus, under sponsorship of the art, dance, drama and glee clubs.

The Newton rendition of the celebrated opera featured well-known New England soloists and the Newton High School orchestra, in addition to the college glee club and interested members of the public, who added their voices to the choruses.

Eleanor Davis, a faculty member at the New England Conservatory of Music, sang the Carmen role. Sacred Heart College sophomore Lucille Butler sang Micaele, and Raymond Smith, director of the Sacred Heart Glee Club, sang Don Jose. Escamillo was sung by Francis Hester, who has performed with the Boston and Buffalo symphony orchestras.

Speaking the opera's major roles were Anne Crofoot and Donna Puerini, Newton sophomores, together with actors John Ertha of Newton and Dan Cheever of Cambridge.

The college's Modern Dancers, directed by Elizabeth Martin, assisted in the unusual production.

Stephen B. MacCausland of 56 Hartford St., Newton Highlands; **Richard B. Lewis** of 360 Brookline St., Newton Centre; **John J. Martin** of 10 Arbor Rd. and **David A. Zarling** of 1344 Commonwealth Ave., both West Newton, have earned Dean's List honors at the University of Vermont.

Our Lady's Pupils At Shakespeare Festival

Fifty students from Our Lady High School, Newton recently traveled to Stratford, Conn. to view the American Shakespeare Festival's production of "Romeo and Juliet" which is being performed in repertory with two other shows.

During the fourteen-week Student Audience Season this spring, over 160,000 students will wander the spacious grounds, picnic by the Housatonic River, and enjoy a play by William Shakespeare.

Students of Our Lady High found that acting is not all play and no work. They discovered that the members of this famed repertory company go to school too! For the past three years, a vital training effort has been part of the Festival's work.

Actors, all experienced performers before joining the company, spend their winters in class. An intensive study program including speech, voice production, acting, fencing, judo, period and modern dance, gives the performers an opportunity to work together in solving the problems of acting in repertory.

This program, begun by the American Shakespeare Festival in 1962, works to establish a consistent approach for the entire company to performing the classics. Freed from the pressures of commercial production, the actors develop technical skill and work creatively with their teachers and directors. Their school day is eight hours long.

Many of the students attending these productions have made previous visits to the Festival as part of their educational program.

The dinner will start at 6:30 p.m.

The testimonial has been arranged by the Jewish War Veterans of the United States in recognition of 15 years of leadership by Carmen to that and other national veteran organizations.

One feature of the dinner will be an unusual ceremony in which practically all the living past national commanders of the Jewish War Veterans from 21 different states will pay tribute to Carmen.

Head table guests will include Harold Russell, famous amputee, past national commander of the Amvets and chairman of President Lyndon B. Johnson's Committee for the Employment of the Handicapped; and General Timothy Regan, chief military aide to Governor Volpe.

Also in attendance will be representatives of President Johnson, Vice President Hubert H. Humphrey and former President Dwight D. Eisenhower who will extend the greetings of the three leaders to Carmen.

Two well-known Newton residents at the head table will be Kivie Kaplan, prominent in the NAACP, and Lawrence Laskey, national leader for Israel affairs in the United States.

Albert Schlossberg, national editor of "The Jewish Veteran," national publication of the Jewish War Veterans, will be the master of ceremonies.

cipal clerk at a salary of $6565 a year.

Her appointment was recommended by a special Aldermanic committee headed by Alderman John P. Nixon. It was unanimously approved by the Board of Aldermen on a secret ballot.

Nixon said the special committee had considered a number of candidates for the position of Assistant City Clerk and had nominated Miss McMullen because during her years in the City Clerk's office she had demonstrated an ability to handle the problems which arise there.

Alderman Nixon went on to say that she was well known to many Newton residents and that her broad knowledge of the work which will be required of her makes her, the ideal person to provide information and guidance to those seeking it.

Mayor Gibbs made it plain that he did not consider these the factors which should be weighed in selecting an Assistant City Clerk.

City Clerk Monte G. Basbas defended Miss McMullen's appointment. He said she has served in the City Clerk's office for almost 40 years and that he considered her "very capable."

"I think it was a fine appointment," said Basbas. "As an appointment from within the ranks it should be an incentive to other employees."

Also approved by the Board of Aldermen was the Mayor's appointment of Lt. Col. George W. McCauley, retired air force officer to be street commissioner at a salary of $12,000 a year.

McCauley's appointment was confirmed by a 16-6 vote, but a rollcall vote was first necessary to remove his appointment from the table.

The appointment of Col. McCauley, whose home is at 64 Fuller St., Waban, was effective as of Monday (Apr. 5) for an indefinite term, subject to the pleasure of the mayor.

He served 20 years in the U.S. Air Force. During the period in which the office was vacant, Willard S. Pratt, public works director, had carried on the work of street commissioner.

The vote to remove the McCauley appointment from the table was 22 to 2, with two Aldermen absent. Voting against removal were John F. Holden and Jack M. Roberts. Not voting because of absence were John P. McCarthy and Edward C. Uehlein.

The mayor's appointment of Police Captain William F. Quinn, 1904 Washington St., Auburndale, as director of animal control was approved, as was that of Henry W. Keyes, 40 Puddingstone La., Newton Centre, as a trustee of the Chaffin Fund, filling a vacancy caused by Frank A. Day's removal from the city.

Also confirmed was the mayor's reappointment of Donald S. Bishop, 395 Winchester St., Newton Highlands, as a member of the Election Commission for four years, effective as of Apr. 1.

How do you feel about taxes?

"As a businessman, I think taxes are one of the most important ways we can support our government and its policies. I don't like high taxes any more than anyone else, yet I realize that the fine things we enjoy as Americans cost money and our taxes pay the bills for these things."

"As a housewife and mother, I know that taxes are necessary and provide security for my country and my family. Our taxes help our friends abroad too and they, in turn, become financially stronger and are then allies . . . not dependents."

"Being in college, we pay taxes only on the money we earn during vacations and after school. Our taxes aren't too high but we know that someday soon . . . upon graduation . . . our income will increase and so will our taxes. We'll expect to pay them, too . . . just like everyone else."

"Taxes? I *never* worry about them!"

IF you are worrying about the taxes which must be paid by April 15th, stop in at any of the branch offices of the Newton-Waltham Bank and Trust Company in Newton, Waltham, Wayland and Weston and ask for our special "Income Tax Loan" which can be repaid in convenient installments over a six-month period (or up to a year to repay, if you prefer).

YOUR INCOME TAX LOAN request will be handled without red tape and without embarrassing questions.

Stop in soon! Remember, April 15th is just around the corner.

Local Woman On Radio

Mrs. Helen Cohen of Norwood Hospital's Development Department will be interviewed on Bill Hahn's radio program "All Around the Town," tomorrow morning (Friday), at 11:20 o'clock.

Mrs. Cohen, a Waban resident for more than 22 years, lives at 30 Kodaya road.

Lee Loumos Says:

People frequently ask me if they will need a special antenna for color TV. The answer is usually no. If your present antenna is a standard broad band type, it will work fine on color. As a matter of fact, a rabbit ear type antenna will often suffice for the local station in this area.

The most common problem we are apt to face is that of a minor ghost (reflection) which may not be noticeable on black and white but could show a smear on color On the other hand, a major ghost may be objectionable on black and white and be completely satisfactory on color. One can never be completely sure of the effect of local conditions until the set is installed.

To alleviate any risk on the part of the purchaser, we will be happy to install the color set of your choice on approval. Our experience has been that they rarely come back. A phone call to us will effect speedy arrangements and installation.

Fire Prevention Rules For Spring

Safety suggestions, always a harbinger of spring, are brought to the attention of Newton citizens this year by Fire Chief Frederick A. Perkins Jr., in the following form:

1—Attics—A catch-all area, usually poorly lighted, which householders are likely to illuminate by hazardous methods. Stored material here should be neatly stacked. Throw out all items no longer useful.

2—Basements—Many of them contain virtually every known variety of fire hazard, so it is well to remove such things as oily rags, flammable fluids, papers, wood, old furniture, etc. Organize safe and proper storage of materials.

3—Garages — Another catch-all that should be cleaned out.

4—Gasoline—A special problem due to increasing use of power mowers and snow blowers. Should be kept in an approved safety can in an amount approved in a permit from the fire chief. It should never be kept in a building used for habitation.

Cooperstein Honored For Student Aid

Louis Cooperstein of 44 Whitney Rd., Newtonville, professor of modern languages at Northeastern University, has been honored by the Alpha Epsilon Pi fraternity for his services as advisor to the university's Sigma Kappa Psi chapter.

He was chosen for the fraternity's Hall of Honor in the 1965 winter issue of The Lion of Alpha Epsilon Pi, a quarterly publication.

At Harvard he was elected to Phi Beta Kappa and graduated Magna Cum Laude at the head of his class. In 1939, a year after he began teaching at Northeastern, Cooperstein became advisor to the local chapter of Sigma Omega Psi, which later merged with Alpha Epsilon Pi. He was later instrumental in the affiliation of Sigma Kappa Psi with AEP.

Sigma Kappa Psi is one of 12 Greek-letter fraternities at the university which operate a program of social service in addition to participating in university events. Election to this fraternity is based on personal merit without regard to race or creed.

Last year, the AEP Supreme Board of Governors voted Cooperstein the Chapter Supervisor's Certificate of Merit.

In addition to his role as advisor to the fraternity, he is active in both college and community affairs. He has served as president of the Northeastern Faculty Club and is vice president of the N. U. Hillel Advisory Committee.

Cooperstein also served as chairman and vice chairman of the Adult Jewish Education Committee of Temple Emanuel, Newton.

His membership in professional educational organizations includes the New England and American Modern Language Associations, the Goethe Society of New England, and the American Association of Teachers of German.

Mrs. Cooperstein is the former Ida Geller of Boston. The couple has a daughter, Ruth, a junior majoring in political science at Northeastern's College of Liberal Arts.

Allan A. Ryan, son of Mr. and Mrs. Allan A. Ryan, 12 Merton St., Newton, has been named station manager of WDRC at Dartmouth College, the only entirely student-operated radio station in America. A government major, he is treasurer of Delta Upsilon fraternity, was a freshman track team member and is active with the Newman Club. He was a 1962 graduate of Newton High.

Young Artists Show Works At Three Newton Exhibits

The Art Department of the Newton Public Schools, under the auspices of the International Red Cross Youth Program, has painting exhibits at three locations in Newton during the month of April.

They are currently on display at the Newtonville office of the Newton-Waltham Bank and Trust Company, at the Waban Public Library, and at the Newton National Bank in Newton Corner.

Following the exhibit, the best of the paintings by Newton students will be sent to National Red Cross Headquarters in Washington. There they will be screened by three Art Education experts.

The best of the paintings will then be shipped to different countries throughout the world as representations of American life. Some of the paintings will be sent on a tour throughout the United States as a special exhibit.

The local program is under the direction of Mrs. E. Dana Kendall, Director of Red Cross Youth in Newton, and Miss F. Eleanor Elliott who is the Supervisor of Art Education in the Newton Public Schools.

Directory Lists Tuition Loans For Newtonites

Parents of Newton High School and Newton South High School seniors who are interested in seeking financial aid for college tuitions are urged to consult the Scholarship Directory published by the PTA Council of Newton.

The Scholarship Directory contains a detailed list of scholarships and loans which are available to college-bound high school seniors. The major portion of the directory is devoted to scholarships which are awarded to Newton students only.

Although it is late in the year, there is still time to make application for some local scholarships.

The directory is available to parents and students at every school in the city, elementary, junior high, and high. There are copies in each house office at the high schools and they are also available at all public libraries.

Anyone desiring further information may call Mrs. Irving Geltman, scholarship chairman of the Newton Council of PTA's, at Bi 4-2448.

Newton Pastor At Dedication In Gloucester

The Rev. Harold A. Malmborg, pastor of the First Baptist Church, Newton Centre, will be the featured speaker when the First Baptist Church of Gloucester dedicates its new quarter-million-dollar sanctuary and Fellowship Hall on Palm Sunday, Apr. 11, at 3 p.m.

Participating in the ceremonies will be a number of churchmen from Cape Ann and other localities, including representatives of the Jewish and Roman Catholic faiths.

The new church will have a unique altar arrangement emphasizing the three sacraments of Baptist understanding, the baptistry, Communion table and pulpit. The glass-walled and glass-covered baptistry will be sunken in the platform, with a Communion table, also with glass top, placed on top of the baptistry, and overhead an elevated pulpit.

Women Voters Take Stand For Library

In view of the current focus on the Library, Mrs. Proctor Houghton, president of the Newton League of Women Voters, and Mrs. Ralph Rosenbaum, chairman of Local Affairs, state the position of the Newton League of Women Voters.

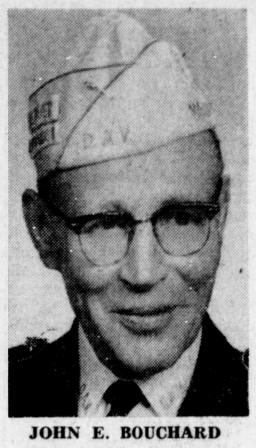

The League has been concerned with strengthening library service since its library study in 1960.

The need for a new main library building, an appropriate salary schedule for library staff, and close coordination between the public library and the schools are the areas of League consensus and support.

The League is interested in strengthening library service throughout the community by the building of a new central library and by a future evaluation of branch library service. Its study brought out the following information which may be of interest at this time.

Library Management: Responsibility for library management is in the hands of a five-member Board of Trustees appointed by the mayor for overlapping terms of five years. Trustees must secure funds, hire the head librarian, set library policy, approve expenditures, and represent the library to

JOHN E. BOUCHARD

Bouchard To Be Feted At Testimonial

John E. Bouchard, a resident of Newton for the past twenty years, and Department Commander of the Disabled American Veterans of Massachusetts, will be the guest of honor at a testimonial dinner at the Hotel Bradford, Boston, Saturday, May 1st at 7 p.m.

Commander Bouchard has been active in veterans' affairs for the past fifteen years. He served in all offices of the Chaplain William J. Farrell Chapter, D.A.V., of Newton, prior to being elected to the office of State Commander. He resides at 235 Tremont St., Newton.

Holy Week, Easter Rites Are Planned

The Glory of Easter and the Resurrection of Christ will be celebrated by thousands of men, women and children in beautifully decorated churches throughout the community on Sunday.

Prayers and special music will mark the joyful services in both Catholic and Protestant churches as worshippers join in the rejoicing for all that Easter symbolizes in the Christian World.

In striking contrast to the gladful and magnificent decorations of Easter, altars will be stripped bare of their adornments for the solemn observance of Good Friday, commemorating the day when the death of Jesus gave the promise of eternal life to the world.

In Catholic churches tabernacles will be empty, their doors left open to signify the death of Christ on the Cross. In Protestant churches stark altars and the sorrowful rites of the Good Friday services will symbolize the solemnity of the day.

Once again the story of the Garden of Gethsemane will be told; once again the story of the last Seven Words will be heard; once again man's mind will remind itself of the tortuous Way of the Cross and the climax on the top of the Mount where Christ died between two thieves.

Solemn services on Holy Saturday will mark the last day of Lent, a day of silence, a day when time itself seemed suspended, a day when a huge rock sealed the tomb in which He had been placed.

In the Catholic churches the Holy Saturday services will be held at night, with the Vigil and then the Mass.

In some Catholic churches, midnight Easter Masses will be held following the Vigil. In others the Masses will be held earlier on Saturday night.

Mayor's Tax Holding Plan Gets Support

A recommendation by Mayor Donald L. Gibbs that the Board of Aldermen use $1,074,000 from the city's general surplus fund and $225,000 from the water surplus in order to keep this year's city tax rate below $70, was endorsed this week by the Newton Taxpayers' Association.

The Association, in its current bulletin, declared that Newton property-owners should get every tax break they can while they can.

In 1963 the Board of Aldermen used $1.1 million from the general surplus fund in order to hold down the tax rate, the Association observed.

Newton property - owners have been providing over 70 per cent of the city's income, have been carrying their full share of the load by furnishing good schools and services,

National Tributes To William Carmen

Tributes were paid to Alderman William Carmen by President Lyndon B. Johnson, former President Dwight D. Eisenhower and Governor John A. Volpe at a testimonial dinner at the Kenmore Hotel last Saturday night at which Carmen was honored by the Jewish War Veterans.

Governor Volpe spoke at the testimonial, while President Johnson and former President Eisenhower sent personal messages which were read to the 500 dinner guests.

President Johnson in his message to Carmen said in part: "It is indeed a pleasure to join your many friends and admirers in congratulating you on your long years of service to our country. Blessed by men such as you America cannot but advance in strength and insure for all her citizens a secure and happy future."

Former President Eisenhower, in a message sent from Indio, Calif., declared in part: "Please accept my congratulations on your long record of service to community, state and nation. With all gathered to honor you, I join in salute to you, Mr. Carmen, whose time and talents have through the years been dedicated to the furtherance of American principles

DR. DAVID BARABAN

Newtonite To Head BU Fund Drive

David J. Baraban, D.M.D., of Newton, has been selected to direct the fund raising effort in the Boston University Medical Center's School of Graduate Dentistry in the Medical Center's recently-announced development program.

The director of the Division of Post Graduate Studies and Professor of Prosthetic Dentistry at the School. Dr. Baraban has undertaken the responsibility for contacting its faculty and friends to raise a substantial portion of the $720,000 needed for the School of Graduate Dentistry's proposed new building.

The Boston University Medical Center recently announced its drive to raise $55 Million to meet expansion needs. Plans call for the erection of new facilities which will contribute to the rehabilitation of the South End, benefit the health of citizens in that area, and enable Boston University to train more people in the health and related professions.

The plans include the transfer of the School of Graduate Dentistry from its current quarters in two tenement-like buildings to a modern structure in line with the advanced dental instruction and research for which the School is known.

Dr. Baraban received his D.M.D. from Harvard Dental

For many months the Creative Arts Council of Newton has planned the ideal program whereby "The Students and the Arts" may be related. The events taking place May 3 to May 7, when personalities of national prominence will work with Newton students and lecture and perform for the public at night, indicate the city-wide enthusiastic cooperation of interested Newton citizens and the Newton School System.

Mr. Arthur Hoener of Newton Highlands has designed the invitations and the striking artistic symbol of the Conference, which will appear on all the Conference

Passover To Begin At Sundown Friday

Jewish residents of Newton will join with those in Israel and throughout the world in the observance of Passover beginning at sundown tomorrow, Friday night, April 17, when the glorious story of the deliverance of the Israelites from bondage in ancient Egypt will be retold.

The holiday is celebrated for eight days by Orthodox and Conservative Jews, and for seven days by Reform Jews.

During the first two evenings, members of the family take part in a special ritual meal, the Seder, meaning "order," which includes special religious services, foods and symbols.

Passover is related in the Haggadah, a book which tells the story of the Exodus in prayer and in song. Special foods eaten at Seder and during the holiday, serve as reminders of the struggle of the Hebrew people against Pharaoh.

Today this festival commemorates all of the oppression encountered by the Jews during their long history. As a result, Jews identify strongly with all struggles for liberty. Many feel that the struggle which led to the establishment of the State of Israel is the contemporary Passover story.

During the holiday, Jews eat "the bread of affliction," matzo or unleavened bread, to recall the hasty provisions which the Hebrews ate in

B.U. Honors Newton Man For Service

Long years of service to Boston University by M. Wendell Yeo of Auburndale were rewarded at the recent Awards Banquet of the University held at the George Sherman Union.

The Auburndale honor recipient, a vice president of Student Affairs at B. U., was presented a commemorative plaque to mark his twenty-five years of service to the University.

Mrs. Yeo was a proud witness to her husband's acclaim and the presentation of the plaque to him by Harold C. Case, president of Boston University.

Mr. Yeo was among the more than 400 faculty and staff members honored for service at the dinner.

Some 30 retirees, 25 persons serving 25 years or more with the University, and 410 faculty and staff members who have served between ten and 24 years were honored at the first annual banquet recognizing retirees and employees serving ten or more years.

Special Boxes Available For Local Mailing

Postal authorities in Newton, working zealously to give the hard-pressed Easter Bunny a real break this year, announced today that special Easter mail boxes have been set up in the lobbies of the local offices to expedite handling of local mail.

Postmaster Ephraim Martin pointed out that these special boxes are for the mailing of cards to be delivered in Newton. He urged Newtonites to bring their local Easter cards to these boxes.

In this way, said the postmaster, they can be transferred direct to the carrier cases for local delivery and will by-pass their transfer to the South Postal Annex in Boston.

Postmaster Martin emphasized that the Easter mail is heavy and is largely for local delivery. The postoffice can save many handlings and the mail can be delivered faster if the special boxes are used.

POLITICAL HIGHLIGHTS

By JAMES G. COLBERT

Indictments and Taxes Are Main Topics on Beacon Hill

Indictments and taxes are the two big topics of discussion on Beacon Hill.

That there will be loud reverberations from the investigation of the State Crime Commission long after the commission itself goes out of business, is evident.

Special Grand Juries will be sifting through information gathered by the Crime Board probers for months to come.

Since the obvious purpose of presenting the material to the Grand Juries is to obtain indictments, it is reasonable to assume that more indictments probably will be returned.

This creates a tenseness at the State House and causes constant conjecture as to where the indictments will hit next.

Bitterness within the Legislature over the general allegations contained in the preliminary Crime Commission report may explode out into the open when Crime Commission representatives appear at legisiative hearings later in the spring or early summer.

Newtonites In Washington March To End Vietnam War

A number of Newton residents will participate in a march on Washington Saturday (April 17) which will be staged as part of a campaign to end the war in Vietnam.

Included in the Newton contingent will be Jerome Grossman, chairman of the Massachusetts Political Action for Peace; Edwin Moise, Jr., Mrs. Mary Rackliffe, Mrs. Marcus Alper, Miss Claire Moise and many college students.

They will leave by bus for Washington at 9:30 Friday night from the intersection of Mt. Auburn and Linden Sts. in Cambridge, near Harvard Square, and will arrive back in Cambridge at 2 o'clock Sunday morning.

Those handling arrangements for the march declared that it is a national effort initiated by Students for a Democratic Society, in cooperation wtih many concerned groups and individuals.

They said the purpose of the march is "to urge an end to the militaristic policy of the U. S. in Vietnam.

"The march will call for an end to bomb strikes, air raids, gas warfare, napalm defoliation and the torture and death of the Vietnamese," it was stated.

Plans call for a demonstration at the White House, a march along the Mall to the Capitol to present a statement to Congress, and a rally.

Speakers will include Senator Ernest Gruening of Alaska, journalist L. F. Stone, Bob Moses of SNCC and others.

The statement to Congress "emphasizes the necessity for ending the war in Vietnam, describes ways for doing so, and relates unmet social needs at home to the prolonged agony of the Vietnamese people," according to those planning the march.

"The demonstrators will ask President Johnson to call for a cease fire and will request that the United Nations be given the authority and resources to use its mediating powers to bring about negotiations on all matters affecting the peace, in accordance with the UN Charter," it was stated.

The Newton Citizens Committee on Vietnam called attention to the full page-advertisement they are running in this edition of The Graphic.

In a public appeal for support, they said: "If you care —march! If you can't march, please respond to the full page advertisement sponsored by the Newton Citizens Committee on Vietnam which appears in today's Graphic."

How To Guide Student With No Fixed Aptitude

The question of guidance for boys and girls who are average, in that they show no clear aptitude for any sort of career, was discussed at a recent all-day session at Lasell Junior College, with the participants more than 100 high school principals and guidance directors from all over Massachusetts.

Present to help guide the discussion were nine personnel directors or other company officers from as many types of businesses in the Boston area. They had been invited by the Newton Chamber of Commerce which, along with the Suburban Personnel and Industrial Relations Society, were co-sponsors of the meeting.

The conference carried the endorsement of two other groups: The Massachusetts Association of Secondary School Principals, and the Massachusetts Association of Women Deans and Counselors.

At lunch the group was addressed by Lt. Gov. Elliot L. Richardson, who is now acting as coordinator of the state's health, education and welfare programs at the request of Gov. Volpe. Mr. Richardson was introduced by Grenfell A. Swim, president of the Newton Chamber, after greetings from Dr. Blake Tewksbury, Lasell president.

The conference was divided into three panel discussions, with the education editors of the Boston Herald, John Chaffee, Jr., and the Christian Science Monitor, Miss Cynthia Parsons, acting as moderators.

The industry spokesmen were: John W. Rodgers, controller, Boston office, American Airlines; Jack Hawley, director of personnel, Hotel Corporation of America; William S. Brines, director, Newton-Wellesley Hospital; Earl Webb, vice president, Star Market; William A. Bellamy, chairman, Career Counseling Committee, Advertising Club of Boston; Robert Schnetke, chairman, Youth Education Committee, Sales and Marketing Executives of Greater Boston, Inc.; Marchant Eldridge, employment manager, New England Mutual Life Insurance Co.; Benjamin Louis, vice president, Newton Savings Bank, and William Gustin, employment manager, New England Telephone and Telegraph Co.

LISA KELLEY

Local Girl In Leading Role Of Noted Play

A West Newton teenager will play one of the leading roles in the DeCordova Museum production of "The Miracle Worker" by William Gibson which will be presented at the Lincoln Town Hall on May 27, 28, and 29. Lisa Kelley, daughter of Dr. and Mrs. Sylvester B. Kelley of 34 Exeter Street will portray Annie Sullivan, the famous teacher of Helen Keller.

The play deals with the childhood of Helen Keller and shows how Annie Sullivan helped her overcome the handicaps of being blind, deaf and dumb. In order to play her part with as much authenticity as possible Miss Kelley has now learned the touch language with which the blind and deaf communicate — the language which Annie Sullivan taught Helen Keller to use.

Miss Kelley is a tenth grade student at the Winsor School in Boston where she is a member of the Drama Club. Last year she played the leading role of Anne in "The Diary of Anne Frank" which was also presented by DeCordova Museum. Earlier this year Miss Kelley appeared as Anne again in a production of "The Diary of Anne Frank" put on by the Little Theater Workshop in Acton.

She has sudied drama in the theater program at Newton South High School and has had major parts in a number of class plays including "Twelfth Night," "The Lark," "Mrs. McThing" and "Androcles and the Lion."

Playing opposite Miss Kelley in the role of Helen Keller will be Beverlie Conant of Weston. WBZ newsman Bob Lape and his wife, Marcia will appear as Captain and Mrs. Keller, Helen's parents. Fred Cryer of Sudbury will play the part of Helen's half-brother, James and Brad Noll of Wellesley will play the role of Annie Sullivan's brother, Jimmie.

The remainder of the cast is as follows: Anagnos (Director of Perkins School for the Blind) — Charles Holden of Concord; Aunt Ev — Mrs. Ruth Greenblatt of Sudbury; a doctor — Warren Costello of Acton; Viney — Mrs. Constance Anderson of Acton; Percy — Justin Anderson of Acton; Martha — Davida Anderson of Acton; blind girls — Caroline Emmons of Lincoln, Jody Higgins of Weston, Susan Hutchinson of Wayland, Debs Wallner of Wayland and Winky Wright of Lexington.

The play is under the direction of Mrs. Shirley Randall of Sudbury. Mrs. Randall also directed the DeCordova production of "The Diary of Anne Frank" last spring.

Immunization Urged For Dogs

Dog owners are urged to have their pets immunized against rabies by their private veterinarians, or bring their dogs to the Rabies Vaccination Clinic, which is being organized and sponsored by the Newton Health Department in the early part of May.

The clinic will be held in the spring because this is the time of year when dogs and children are more active and out of doors. Clinics will be held at various Newton Fire Stations located throughout the city and the Police Headquarters Garage. At these clinics a fee of $1.50 per dog will be charged.

The vaccine used by the city is only effective for one year. Further details with a schedule of dates and the location of each clinic will be announced later.

Political Highlights

(Continued from Page 1)

When the final Crime Commission report is submitted to the Legislature, it will contain recommendations for the enactment of new laws.

Public hearings will be held by legislative committees on those proposals, and Crime Commission members will appear before the committee to testify in support of their recommendations. Tempers may flare then and later when the measures are debated on the floor of the House and Senate.

At the present time there seems to be little likelihood that the life of the Crime Board will be extended beyond its scheduled expiration date even though there is some public sentiment for such a move.

The only one who has indicated he favors continuing the Crime Commission is Governor Volpe who originally fathered the Crime Board and appointed its members in 1962.

Whether Volpe will actually send a message to the Legislature urging either that the activities of the present Crime Commission be continued or that a new board be established to perform a similar role, is uncertain.

There will be two weaknesses in the Governor's position if he does so.

One is that the Crime Commission members asked no extension of time for their agency and believe its activities should be terminated.

In fact, the Crime Board members have dismissed most of their paid employees, have turned over the evidence of wrong-doing to Attorney General Edward W. Brooke and are now in the process of putting the finishing touches on their report to the Governor and Legislature.

If the life of the Crime Commission were to be extended, the time to have advanced such a proposal was weeks ago before the board dropped its investigators and concluded its probes.

In fairness, too, the Crime Board members, who serve without pay, have devoted a tremendous amount of time, energy and attention to their duties over a period of almost three years.

They apparently feel that the time is at hand to turn the task over to the regular law-enforcement officials.

Attorney General Brooke also is opposed to continuing the Crime Commission.

He believes that a new division should be set up in his department, that it should be given the necessary funds with which to operate and that it should assume the functions of the Crime Commission.

This seems to be the attitude of the Crime Board members themselves.

Volpe would be in an awkward dilemma if he officially urges the extension of the Crime Commission and then finds Brooke on the opposing side of the issue.

One thing this writer is unable to understand about the so-called corruption picture is why indicted officials, who profess their innocence, don't press for a speedy trial in order to get their day in court and the opportunity to clear themselves.

It is understandable that the attorneys for these men would use every legal means and maneuvres to protect the rights of their clients. That's their duty and obligation.

But some officials who were indicted almost two years ago have yet to stand trial. The reason for this delay is not clear. Attorney General Brooke insists that anyone who wants a quick trial can get it.

While an indictment is not a conviction but simply a determination that a man should stand trial to establish his innocence or guilt, it does result in the suspension of public officials and, perhaps unfairly, places a cloud over their heads.

It would seem that the long period of waiting for a trial would place a terrible strain on an indicted person who believed himself innocent of any wrong-doing.

Peabody Backers Fume At Crime Commission

Ex-Governor Endicott Peabody's followers are indignant over the manner in which the Crime Commission's preliminary report lashed out at Peabody for the methods by which his fund-raisers obtained some campaign contributions last year.

The Peabody backers protest that their man didn't allow the employment of any fund - raising techniques which haven't been utilized in other guberatorial campaigns back through the years.

There is some merit to that argument. It's also unlikely that the hard-hitting Crime Commission criticism will produce any lasting reforms in the technique of raising money to finance a big political campaign.

Political observers will be waiting to see whether the blast at Peabody remains in the final Crime Commission report. If it does, it is certain to be used against him when he attempts a comeback next year.

The fact that Peabody may not even have known what his fund-raising agents were doing or that they didn't employ any techniques which someone else didn't use before them, will not soften the sting of the searing Crime Board statements.

Gov. Volpe Well Set For Sales Tax Fight

Governor Volpe is probably in a much stronger position in his fight for the enactment of a sales tax than many Beacon Hill observers believe.

The Governor has intimated broadly that he will veto any substitute tax program proposed by the Democratic leadership in the Legislature which raises less than $200 million.

This means that the Governor will not place his stamp of approval on any tax program which produces enough new revenue to pay the State's bills but does not provide substantial relief for the cities and towns to halt their soaring real estate tax rates.

If the Democratic leaders offer an alternative tax program which would yield upward of $200 million, Volpe then will be obliged to wait for a solid indication as to which of the two programs a majority of the people would prefer.

Any tax program which would raise $200 million without imposing a sales tax would be virtually certain to call for a staggering jump in the State income tax.

That this may be the Democratic proposal offered as a substitute for Volpe's plan is reflected by the fact that some legislators are now discussing a new move for a graduated State income tax.

The voters by an overwhelming margin in 1962 killed a proposed constitutional amendment which would permit a graduated tax.

Even if they were to change their minds on the matter, which is unlikely, the earliest a similar constitutional amendment could be adopted would be in the 1968 election.

Any talk now of a possible graduated State income tax as a substitute for a sales tax is just so much verbal camouflage.

It is possible, of course, that a substitute tax program which did not meet Volpe's terms and specifications might be passed over his veto, just as was the legislative pay raise.

But it's highly improbable. Such a development would leave Volpe in a very strong political position and the legislature in a weak one.

Library Lobby

Editor of The Graphic:

Since the taxpayers of Newton have not been given the opportunity to vote yea or nay on the purchase of an additional two million dollar library building and pay raises for library personnel, I consider this proposition to be taxation without representation. What's to prevent other non-elected officials from railroading through their own particular expenditures next year at our expense.

The type of lobbying being done by the "Friends of The Library" is one of the reasons our tax rate is going up beyond the means of many home owners. It will go up even higher next year if responsible Municipal Government does not learn to cope with pressure groups and do without the frills.

Yours sincerely,

1915 Massacres

Editor of The Graphic:

In connection with the Fiftieth Anniversary of the Turkish massacres of the Armenian people, I wish to emphasize these facts:

These massacres were planned in detail by the Turkish Government in 1915, and they were carried out by the Turkish population. Their aim was to annihilate the Armenian nation. They murdered by the most savage methods over a million and a half innocent, Christian Armenians, in order to "solve" the Armenian minority problem in Turkey and to destroy Christianity.

Yet the survivors of those Armenian victims rose from among the dead, fought against the Turkish tyranny, and established a free Armenia in 1918. They also fought by the side of the Allies in both World Wars.

Unlike German criminals, the Turkish criminals were free without trial. And their successors, Kemal Ataturk and Ismet Inonu, followed the same plan of killing Christians and burning churches, even in Istanbul in 1956.

The Allies in World War I, England, France, Italy, United States, signed the Treaty of Sevres in 1920. It required of Turkey to return to Armenia the territories on which those million and a half Armenian martyrs had lived for centuries, before they were massacred by the Turks.

But, not only these Christian Allies broke their treaty agreements, but also bargained with the Turkish criminals over the safety and the fundamental rights of the Armenian nation, in order to gain political and economic privileges in Turkey.

This year, the Armenians all over the world, are paying tribute to those million and a half Armenians, who sacrificed their lives to preserve freedom and Christianity.

They are also demanding from Turkey to return the Armenian Territories to their rightful owners, who are living in Armenia now.

If we believe in any kind of justice and human rights, we certainly would endorse and support such a demand.

Then, we can rectify some of the wrongs done against the Armenian nation.

SOUREN M. TASHJIAN

Thinking Altered?

Editor of The Graphic:

The Feb. 8, 1962, "Newton Graphic" reported that Newton School Committee Chairman Haskell Freedman, at that time called for the enactment of an education tax providing for an impost of from 1 to 2 percent on certain consumer items with the proceeds from the tax to be allocated specifically for education to raise the funds necessary to meet rising school expenditures. Mr. Freedman pointed out that the principal source the local communities have for obtaining the money needed for school purposes is from their tax on real estate which he said was already too high.

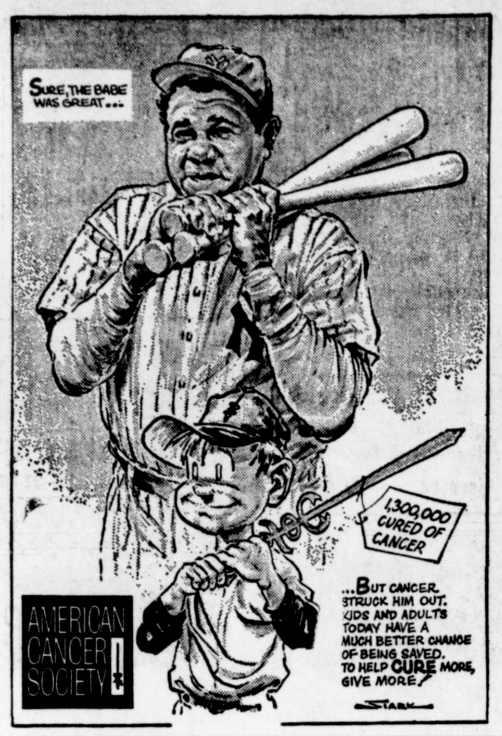

Mr. Freedman's summary of Gov. Volpe's proposed state aid to cities and towns for education is described in the March 8, 1965, School Committee minutes, as, " . . . the establishment of a 3 percent Sales Tax as a source for educational funds for reimbursement of educational programs . . ." His interpretation of the Governor's sales tax is in essence what he advocated only three years ago.

Yet Mr. Freedman (along with four colleagues on the School Committee — three were not present) has gone on record as opposing the Governor's Sales Tax message for education. Specifically, he opposes that portion of the message entitled "Expenditure Control," but, realistically, he rejects the Governor's program in its entirety. And the apparent reason for his opposition is due to the fact that no School Committee would be allowed to increase its 1966 budget over the 1965 budget by an amount in excess of new enrollment needs and 20 percent of its share of new revenues received from the sales tax, unless the Mayor and the Board of Aldermen concur.

Mr. Freedman seems to feel that since next year's budget can increase by an amount exceeding $300,000 (20 percent of Newton's expected share of sales tax receipts) and since he does not want the Aldermen to have a hand in setting School Committee budgets, then the balance of sales tax receipts, will, he says, go towards reducing the property taxes of the city. Therefore, he has stated, " . . . the Governor's proposal is a program for property tax relief rather than education."

It appears as though Mr. Freedman's thinking has altered since 1962. He might now want to explain his position in more detail, first as to why he has rejected the same type of proposal he recommended in 1962, for an education tax, and, secondly, why he would deny tax relief to property owners, another proposition he suggested in 1962.

Hymns From Church Steps To Herald Easter Sunday

A red-robed brass quartet will proclaim the Resurrection by playing victorious Easter hymns from the steps of the Episcopal Church of the Good Shepherd in Waban Square 15 minutes before the 9 o'clock and 11 o'clock festival services on Easter morning.

"If trumpets were ever needed they are needed in our day to break the sound barrier we erect whenever the spiritual challenges our neat, materialistic world," stated the Rev. William E. Foley, rector of the parish.

"Our entire way of life is in ferment. Hungry hands reach out of agricultural civilizations, grasping at the miracle means of modern technology. New nations are rising out of desert wastes and teeming jungles. The voice of freedom is heard throughout the land. Two-thirds of mankind are shaking off the grave clothes of the past and awakening to the fact that another way of life is possible."

"Yet," Mr. Foley added, "we continue to anoint old sterile ways with lily-white ointment, entomb the spirit, and seal up the church with our pocket books.

"But,' he continued, "the resurrection proves that God will not allow us to get away with it. God's way will not remain entombed, but will break out, forcing us to redefine our common humanity in spiritual terms. The trumpets," the rector explained, "proclaim not only the Resurrection of Jesus, but also that His presence shall continue to push men out of physical childishness into spiritual maturity."

The combined choirs will sing Handel's Hallelujah Chorus from the "Messiah." Also compositions by Purcell, Titcomb, Mulet, and a work specially composed for the Church of the Good Shepherd by James Busby, will be played.

Margaret Heckler Feted At Appreciation Dinner

Governor's Councillor Margaret M. Heckler was honored last week at an appreciation dinner attended by more than 700 persons in the main ballroom of the Sheraton Plaza Hotel.

U. S. Senator George Murphy, who defeated Pierre Sallinger in a big election upset last November, was the principal speaker at the dinner.

"We need a Heckler in Washington," Murphy told the gathering, drawing a volley of applause.

Former U. N. Ambassador Henry Cabot Lodge, who joined in the tributes to Councillor Heckler, introduced Senator Murphy.

MDC Chairman and former Newton Mayor Howard Whitmore, Jr., who presented Councillor Heckler, voiced high praise of her service both to the Republican party and to the people of her councillor district and commented on her ability to win elections.

"The public generally and the Republican party, in particular, are fortunate indeed to have Margaret Heckler in the Governor's Council," Whitmore declared.

He described Councillor Heckler as "an outstanding Republican winner" and a person "who lives by her pledges."

Easter Sunday Open House At The Jackson Homestead

Washington St., Newton will hold its Easter Open House on Sunday afternoon, April 18, from 3 to 5 o'clock.

An old fashioned hat rack hung with hats, bonnets and shawls; family portraits; calling cards, knick knacks, books and mannequin dressed in a Victorian gown give a very livable touch to the room.

Among the members of the Newton Highlands Woman's Club who will be hostesses in the various rooms are Mrs. Joseph Moulton, chairman; Miss Grace A. Darling, Mrs. Robert G. Jennings, Mrs. Charles F. Rogers, Mrs. Arthur Samuelson, Mrs. Lester C. Smith, Mrs. Max R. Ulin and Mrs. Harry I. Walen, Sr.

PLANNING VISIT TO HOMES—Committee for Women Voters Spring Tour of Homes discusses May 5th event. Left to right, Mrs. Thomas Easton, chairman; Mrs. J. Ernest Smith, Mrs. Mark Gordon, Mrs. Henry Wise, and Mrs. Lloyd Williams.

Visitor From Vietman Will Be Local Speaker April 20

Mrs. Ottillo Breda, in this country on a visit from Saigon, will be the speaker at the meeting of the Newton Centre Woman's Club to be held on April 20 at 2 o'clock. Her subject will be, "Women and Their Life in the Far East." The meeting will be followed by a tea.

Mrs. Breda will wear a costume of the women of Vietnam and will show some of their arts and crafts, as she tells of her impressions of this country so much in the news today. Vietnam has often been described as 'the land of butterflies' because of the wonderful colors and flimsy material the ladies use to make their very attractive native costumes.

"Noise and bustle are the essence of life to these people, color and exotic smells, too, play an important part." She will tell about the higher class women who are seldom seen — and about the lower class as well, how often the Vietnamese woman may not be the best cook, but she can often speak two or three languages other than her own. She may have many servants and her children if she wishes, may attend good French schools in Saigon.

Mrs. Breda in her own right is a most fascinating lady, born in Singapore she is of English parentage and has just become an American citizen. She is a graduate of Brighton College in England and attended the Royal Academy of Dramatic Arts in London. She has been a radio announcer for the B.B.C. in Singapore and while in Cambodia she taught English to the Canadian Air Force. Mrs. Breda is here because her husband who is with Esso is enrolled in a two-year program for executives at Harvard Business School. Mr. Breda is a native of New Bedford.

Tea will be served by Mrs. William E. Bailey and committee, pourers will be Mrs. Virgil G. Casten, Mrs. Harold R. Keller, Mrs. Amos E. Kent, Mrs. E. Tyler Parkhurst, past presidents and Mrs. A. Leslie Harwood Jr., honorary member. Mrs. Stanton J. TenBroeck Jr., president of the club will be hostess.

The public is cordially invited and tickets may be purchased at the door. Anyone desiring more information may call Mrs. Oscar G. Wheeler, at 332-7022.

Busy Meeting Set By Centre Garden Club

On Tuesday, Apr. 20, a silent auction from 9:30 to 10:30 a.m., a business meeting at 10:30 a.m. and a demonstration of flower arrangements at 10:45 a.m. are scheduled for the Newton Centre Garden Club's meeting at the Newton Centre Woman's Club.

Mrs. Crester C. Vaughan and Mrs. James S. Barrie, co-chairmen of the auction, together with their committee, have acquired an infinite variety of treasures contributed by club members.

Mrs. Raymond C. Cronin, well-known teacher of flower-arranging, a past officer of the Garden Club Federation of Massachusetts, and a nationally accredited amateur judge, will bring a new approach to her subject, "Flower Arranging as a Creative Art," with special emphasis on the importance of design.

Mrs. Leigh B. Liggett and Mrs. Harris Mosser and their hospitality committee will serve coffee from 10:00 to 10:30 a.m., with past presidents Mrs. Benjamin T. Fawcett and Mrs. Louis E. Phaneuf pouring. Mrs. Shepard F. Williams, president, will conduct the business meeting, and Mrs. Henry F. Cate, Jr., program chairman, will introduce the speaker.

Guests are welcome.

Grace Church Choir To Give Lenten Cantata

The choir of Grace Episcopal Church, Newton Corner, will present a Lenten cantata, "The Temptation of Christ", on Good Friday evening, Apr. 16, at eight o'clock. The choir is under the direction of organist - choirmaster, Bradford Wright. Soloists for this musical service are Audrey Kasarjian, Oliver Little, Steven Kendall, Jeff Crosby, and Arthur and Jane Pike.

The music is by Eric Thiman and the words selected by the Rev. N. A. Turner-Smith. According to the librettist's notes the work falls into four parts, the first forming a Prologue and the fourth incorporating an Epilogue, the central theme being the temptation of Christ in the wilderness and in His Ministry.

The congregation participates in the cantata through the singing of familiar hymns.

The entire service is to be tape-recorded and sent to Rev. Richard Gilette, former curate at Grace Church, now in Ponce, Puerto Rico. The choirs of Mr. Gilette's church in Puerto Rico and the Grace Church choir have exchanged tapes of their services on several occasions.

Churches Take Up Meaning Of Christ's Life

What do Jesus' sufferings and triumphs mean to us today? This is the underlying question to be taken up at all Christian Science churches this Sunday. The subject is "Doctrine of Atonement."

The Bible Lesson to be read will include this verse from II Corinthians: "Therefore if any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

The theme will be carried through in related readings from the Christian Science textbook: "He to whom 'the arm of the Lord' is revealed will believe our report, and rise into newness of life with regeneration. This is having part in the atonement; this is the understanding, in which Jesus suffered and triumphed" (Science and Health with Key to the Scriptures by Mary Baker Eddy, p. 24).

Oregon Senator Newton Voters League Guest

A reception in honor of Senator Maurine Neuberger was attended by the officers and Board of Directors of Newton League of Women Voters and their husbands Sunday afternoon, Apr. 4, at the home of Mr. and Mrs. Isidor Slotnik, 300 Waverley Ave., Newton.

The Oregon senator, a former League member and a prominent woman in politics, recently became the wife of Dr. Philip Solomon. She and her husband reside in the Crystal Lake section of the city.

In a brief speech to the group of about 50, Senator Neuberger gave credit to the League of Women Voters for its accomplishments in working for good government. She discussed the mail of a senator and told how each piece is evaluated. In urging not only League members, but all citizens, to write and express their opinions to their senators, she advised them to back up their opinions with arguments, suggestions, or reasons why they feel as they do. She pointed out that by so doing the letters will get the attention they deserve.

Those present were also given an inside view of the workings of the Senate. Senator Neuberger pointed out that although the rules of the senate are the same, the age in it has changed considerably with the election of active, vital members.

A question period followed.

Mrs. Arnold Mork and Mrs. Mendelson were co-chairmen of the afternoon.

200 Girl Scouts Get Good Grooming Hints

Approximately 200 Cadette Girl Scouts of Newton Jr. High Schools, Our Lady's, Sacred Heart and other private schools in Newton are living, handsome demonstrators of the Cadette Good Grooming Clinic held on Friday, April 9, at Eliot Memorial Church at Newton Corner from 3:30 to 9:00 p.m. for Newton Scouts in the Bay Path Colonial Council.

A full day's measure was given to the crash course offered by many persons and local companies to redecorate "The Garden City" with well-groomed 7th, 8th and 9th graders. In line with the interest in the young in Newton, such as in the Teenage Key Club held at the Newton Centre Woman's Club, the expanding facilities planned for the new Central Library and the expansion of the recreational areas with newly proposed pools, etc., the Clinic has offered the Jr.-High-age Scouts a chance to earn their Good Grooming badges through training in health and grooming practices to make them more attractive persons.

Personal health was a main feature with stress laid on sleep, proper diet, exercise and care of one's self in regard to cleanliness of skin and hair. Beauticians offered their services to instruct the girls as to hair care and style, and invited 19 Cadettes to be styled properly for Jr. High levels.

A film was shown to the girls to launch the meeting. "Off To A Beautiful Start" was shown in the interest of establishing need for cleanliness. After Skin Care and Hair Care workshops, a break was taken for supper, supplied by the Hostess Troop.

Troop 879, was the Hostess Troop for this clinic with Cadette Scouts from three grades in Warren Jr. High. West Newton. Troop 879 meets weekly at the Church of the Messiah in Auburndale with Mrs. Joseph Kiebala Jr., and Mrs. Joel B. Leighton, leaders. Mrs. Hilmi Arslan, Quinobequin Neighborhood Chairman, also works with this troop, which is also a heavy camping troop. Troop 879 decided to have the Clinic to encourage other girls in experiment and self-analysis and to understand that people often make first judgment on the basis of appearance and that therefore it is wise to express one's true self in dress and manner.

"The Owl and Mr. Jones" was another film to show the girls the need of changing habit patterns, particularly of food, etc. for better living. The interest in the meeting was shared by Newton - Waltham Bank who donated pencils for note-taking.

Puppetry is a favorite for badge earning with the Girl Scouts, and the Westdale Neighborhood Troop 596, under Mrs. Thomas S. Hayden and Mrs. Ralph L. Alsmyer demonstrated the care of teeth in a Puppet Show, for the mouth affects total health. Foods and drugs, calories and shoes were all handled from the point of view of posture, feeling, a sense of well-being and achieving in one's appropriate equipment for the surroundings. It was stressed that Scouting is not for the rugged, outdoor type only, but that it is possible to be fashionable and attractive along with scouting which develops a good citizen.

The Jackson Homestead contributed a dummy and antique clothing for props for the Fashion Show which followed the instruction periods of the day — to show the old and the new. Miss Janice Wall of Natick gave a Fashion Design Talk and commentated on a Fashion Show that was put on by members of Troop 879 as a finale showing coordinated outfits for activities of the various ages involved. Hair styles were tied in with the fashions.

Janice Wall is a Senior at the Massachusetts College of Art and also a professional model who is well trained to teach the Scouts and others about skin care, color choices, makeup (and model's makeup which is right for only special occasions, not school).

Miss Wall volunteered to guide the girls through the day's activities to help them arrive at a more appropriate impression of early teenage today. School clothes of today and yesterday were shown; sportswear for everything from tennis to skiing; shifts for a visit to the Boston Arts Festival; hootenanny outfits complete with guitar; Oriental sheaths and Mexican shawls; interchangable outfits to carry one through all activities of a busy day; sailing gear; and finally the Girl Scout Uniform of yesteryear and today's modern number.

Madels for the Fashion Models for the Fashion Show were, Lydia Mercado, Tina Takayanagi, Gretchen Kiebala, Martha Penzer, Kathie Leighton, Carol Clinton, Kris Smith-Petersen, Verna Match, Jehanne Arslan, Sue Collinson, Phebe Jones, Joanne Healey, Sue Hertzfeld, Patty Glennon, Ann Jackson, Linda Klein, Cathy Brudevold, Barbara Ribock.

The Jackson Homestead, Newton's own Museum, sent a shoe display of about the year 1830. A figure in an 1845 dress worn in Newton was a prop on the stage during the Fashion Show.

Many Neighborhoods in Scouting were represented at the Clinic run by the Quinobequin Neighborhood. Assisting were Mrs. Benjamin Rose of the Centre Nbhd.; Mrs. Leonard Linsky of Great Meadow; Mrs. Sidney Freeman of Meadowbrook; Mrs. Kurt Hansen and Mrs. Dwight Merrill of Newton Corner; Mrs. George Halder, Mrs. John Tedesco and Mrs. Francis Maloney of Westdale Nbhd.; Mrs. A. Newell Garden, Mrs Nathan Ribock, Mrs. Kurt Hertsfeld, Mrs. Victor Penzer, Mrs. Willard G. Hatch and Mrs. Stanford D. Blitzer, publicity.

Mrs. Kurt Hertzfeld of Sewell avenue, West Newton, served a buffet luncheon at noon on the 9th for all the young ladies who were modelling and had their hair styled in the morning.

At a windup party on May 22 at Auburndale playground, badges and awards will be given, and among those receiving will be the young ladies in Troop 879, at the final ceremonies of the Quinobequin Nbhd.

Books On Math Old And New In Library Display

April is Teaching Career Month, and the Newton Free Library, 414 Centre St., has arranged a display of old textbooks, along with a few modern examples for contrast.

The old texts on mathematics are particularly interesting, especially one published in 1816 entitled, "A New System of Mercantile Arithmetic Adapted to the Commerce of the United States in Its Domestic and Foreign Relations; with Forms of Accounts and Other Writings Usually Occuring in Trade." Another mathematics text is called, "The Intellectual System of Arithmetic." A modern second grade workbook illustrates the tremendously different approach. There is, finally a small arithmetic teaching machine on display.

The old textbooks have been loaned by Mrs. John Snider of the library staff and the new material by the Division of Instruction, Newton School Department.

Books about teachers in fact and fiction accompany the display as well as booklets on various aspects of the profession.

Headlining the program will be Nick Buoniconti, former All American at Notre Dame and now an All Pro for the Boston Patriots. Another headliner will be Joe Coleman, former American league baseball star.

Chairman A. Jassett has announced the award of two trophies to be presented by the Council to outstanding college and high school athletes in Newton for excellent performance to their schools. Both recipients of this year's awards will be outstanding hockey players.

The college trophy will be presented to Bob Cornish, West Newton, former St. Johns Prep star and a first line wing on this year's Boston College hockey team which won the Eastern championship and attained the finals in the N.C.A.A. championship. Cornish will be presented his trophy by his coach, John "Snooks" Kelley, dean of American College hockey coaches.

The high school trophy will be presented to Dick Twomey, All American player from Newton High who broke all the G.B. league records winning the scoring title for his 3rd consecutive year. Twomey's trophy will be presented to him by a former All American college hockey player, Captain of the Boston College 1949 team, and now the freshman hockey coach at Boston College, Bernie Burke.

Headlining the action phase of the sports night will be the first local appearance of Alan Houston of West Newton, recently crowned NEAU heavyweight champion who will appear in a bout against an opponent to be announced later. Rounding out the varied program will be a wrestling show and a judo demonstration.

Paul Burke will serve as master of ceremonies, and the general public is invited. Tickets are now on sale at the following stores in Newton: Burke Drug, Newtondale Drug, Fox Drug and Dooley Drug.

A Letter To The President Of The United States

Dear Mr. President:

We are pleased that you have responded to the humanitarian pleas of Pope Paul VI, United Nations Secretary General U Thant and the World Council of Churches by offering unconditional discussions with all nations to end the brutal war in Vietnam.

We urge you to translate this statesman-like proposal into action by:

1. Ending the air strikes in North Vietnam. These raids daily add to the casualty tolls of American and Vietnamese soldiers and civilians. They increase the probability of a larger war.
2. Offering to negotiate a cease-fire as a prelude to further negotiations.
3. Calling upon the United Nations to use its mediating powers for negotiation.

We respectfully suggest that these concrete steps are logical and necessary to implement the ideals you set forth in your speech on April 7 at Johns Hopkins University. If we can solve disputes in Vietnam at the conference table, a procedure will have been established for settling similar conflicts wherever they may arise.

"Return Over Cost"
In all of these examples the net cost of insurance at the end of five years is very low when compared with the premiums paid.

In ten years, and beyond, the policy's cash value and the sum of dividends amounts to much more than total premium payments. The difference is called your "return over cost."

Return over cost figures are even more attractive when dividends are allowed to accumulate at interest.

Dividends are so attractive, and cash and loan values so high, that if you are 55 or younger **your paid-up-at-age-65 policy** will be worth more in **cash** (after only the first ten years) than you've paid in total premiums during that entire time. And after ten years, **for your entire life,** the difference between your total premiums and available **cash** is constantly increasing. Prove it to yourself with our new booklet: You can afford Savings Bank Life Insurance.

Lee Loumos Says:

Until the day arrives that we can produce TV sets that are completely automatic and failure-proof, the availability of competent technicians to provide proper installation and service should be the foremost consideration of the buyer.

With the shortage of qualified technicians, it will become more and more difficult to take care of our normal service volume without putting on additional new men who often are not sufficiently competent to render proper service. I foresee the day when it may be necessary for each selling agent to limit his service only to sets he has sold and the buyer would have to content himself with whatever that quality of service would happen to be

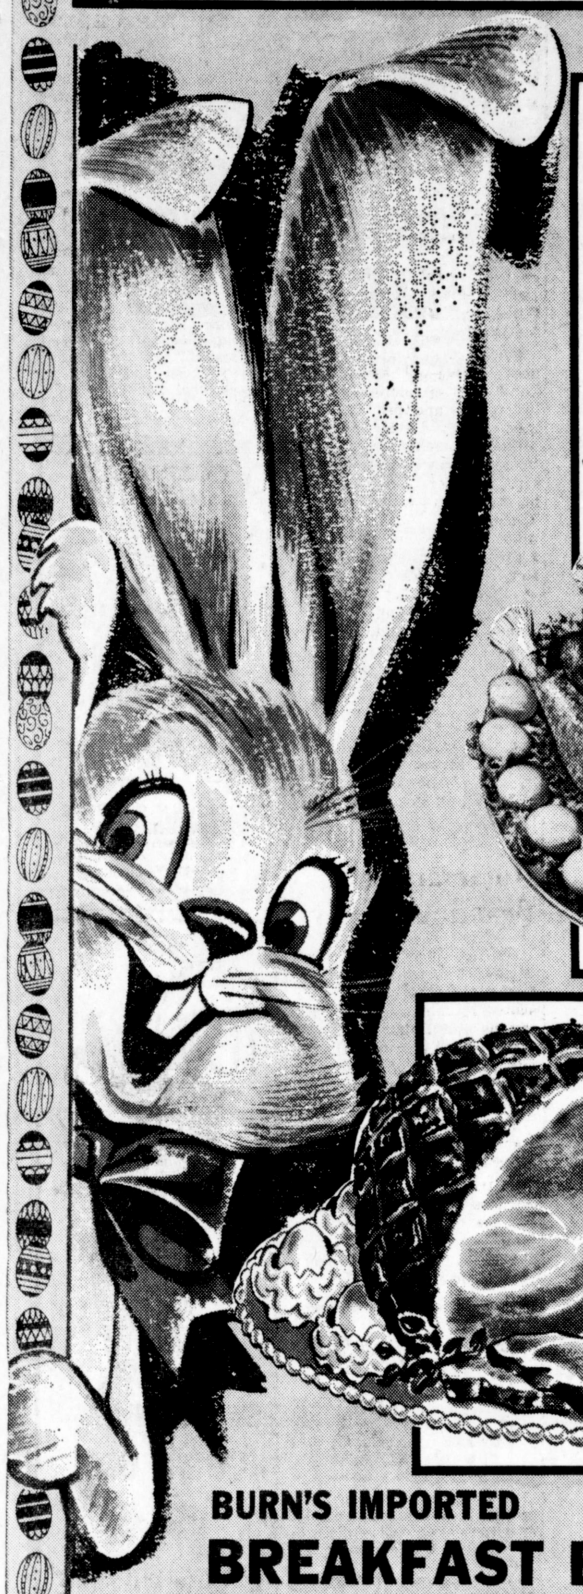

Isn't it, therefore, good sense to make buying decisions on the basis of the good reputation of a seller's service department? And if his prices are no more (and in the final analysis, often less) than in self-service type stores, doesn't it naturally follow that one should patronize local service — oriented stores such as ours?

Three Newton Brothers Join National CPA's

Three brothers, the partners who comprise the accounting firm of Gray, Gray and Gray in Boston, have been elected to the American Institute of Certified Public Accountants.

It was the first time that a trio of brothers had ever been on the membership ballot of the national organization of professional CPA's.

All three are Newton residents, and active in religious, charitable and civic organizations.

Prior to establishing the firm, Robert Gray, 935 Hammond St., Chestnut Hill, was with the U.S. Ordnance Department. He is a member of the Massachusetts Society of CPA's and of Temple Kadimah, and is financial secretary and a director of Temple Emeth.

Also a member of the Massachusetts Society and Temple Kadimah, Milton Gray, 14 Ashville Rd., Newton Lower Falls, is PTA president and a director of Temple Emeth and is in the Massachusetts Chapter, Cystic Fibrosis Foundation.

Marvin Gray, 102 McCarthy Rd., Newton Centre, joined his brothers after three years in the Navy as a lieutenant, j.g. Like them, he belongs to the Massachusetts Society of CPA's and Temple Kadimah. He is also a director of Temple Emeth, and financial secretary of New England Region, United Synagogue of America and of the Associated Synagogues of Massachusetts.

Library

the public. Current trustees are Mrs. George Brewer, president; Thomas Adams, Jr., treasurer; Frank Maher, Phil Fine, and John B. G. Palen.

GENERAL ADMINISTRATION: The general administration of the library system, including hiring of staff, selection of books, keeping of financial records, maintaining good public relations, and stimulating the use and growth of library service is the responsibility of William Kunkel, head librarian.

Mr. Kunkel and library trustees have developed a commentary and slide presentation which graphically illustrates the work of the library and the need to up-date facilities. This program is available to all local organizations.

BRANCHES: The size and scope of services offered by the branches vary. Some have separate boys' and girls' rooms, some are staffed by professionally trained librarians, and circulation ranges from 30,000 to 100,000 annually. Although some buildings and sites were gifts of private citizens, all are now owned and operated by the city of Newton.

Maintaining and staffing such a large system is extra expensive because of the duplication of facilities and services. Newton's budget is in line with standards set by the American Library Association on a per capita basis.

However, the nature of the facilities requires a disproportionate amount for maintenance, so that Newton is not in a competitive salary position with surrounding communities. Consequently, the Newton Free Library cannot hire the required number of full-time professionally-trained staff.

HISTORY: Almost 100 years ago, in 1869, Newton's central Library building was completed. The cost, $3,300 was assumed by 17 donors.

Since the doors of the first Newton Free Library building opened, Newton's population has multiplied nearly ten-fold—from 10,000 in 1870 to close to 100,000 in 1965. While population expanded throughout the city, the library system has also expanded.

In the years immediately following the opening of the Newton Free Library, books were also circulated from deposit stations in the villages. There was even a house-to-house pick-up and delivery service! (A forerunner to a bookmobile service?)

The first "reading room" opened in West Newton in 1897, followed soon by others in Auburndale, Newtonville, Nonantum, and Newton Highlands. The first branch library was housed in a Newton Lower Falls fire station in 1923.

Other branches resulted from the philanthropy of citizens in a particular area: West Newton in 1926, Auburndale and Newton Centre in 1928, Waban in 1930, Boys' and Girls' Library in 1930.

City and W.P.A. funds were used to erect the Newtonville branch library in 1930. In 1951 an addition was built to the original central library building in Newton Corner, which now borders an entrance ramp to the Massachusetts Turnpike. Other branch facilities have been built at Newton Highlands, Oak Hill, Nonantum, and Newton Upper Falls — to a total of 10 branch libraries.

Drive Plea Gets Nowhere With School Board

A request for a one-day campaign among the school children of Newton to raise funds to help return the U.S.S. Massachusetts to Boston, where she would serve as a naval museum and memorial, was turned down by the School Committee Monday night as a matter of policy.

In the case of another request, it was the sense of the meeting that Dr. Charles E. Brown, superintendent of schools, should proceed with the matter provided that he finds no legal obstacle in its path.

The request was from Antioch College, which has a work-study program somewhat similar to the one in effect at Northeastern University. Under it, students spend 12 weeks of a term on a job in the field they intend to enter on being graduated. Permission was sought by Antioch to send two School of Education students to Newton to serve as student-teachers for 12 weeks.

Four Young Men To Get Jaycee Awards

The Newton Junior Chamber of Commerce will sponsor the annual awards banquet and dance honoring the Four Outstanding Young Men of Massachusetts at the Newton South High School Auditorium, Saturday evening, April 24th at 8 o'clock.

The awards will be presented by the Massachusetts Junior Chamber of Commerce.

The Jaycees give these awards annually to young men, 21 to 35 years of age who have distinguished themselves as "Outstanding Young Men of Massachusetts."

The four recipients of the Massachusetts awards become eligible to be selected as one of the Ten Outstanding Young Men of America.

Past recipients of these awards have included such national figures as the late John F. Kennedy and Dr. Tom Dooley and Richard M. Nixon.

The four recipients of awards to be presented at the Newton dinner will be selected by a panel of eminent Massachusetts citizens from nominations received from Jaycee Chapters throughout the Commonwealth.

Jaycee chairman of the event here is Peter Harrington of Newtonville; vice chairman is James Vaccaro of Auburndale. Reservations for the dinner may be made by calling WO 9-5733.

Lawyers Going Overseas For Legal Parleys

Two Chestnut Hill lawyers, Harold Brown and Leonard M. Salter, are leaving for Europe as delegates of the Commercial Law League of America to take part in a series of meetings with lawyers in Rome, Paris, Brussels, Amsterdam, Copenhagen and London.

The group, comprising 14 attorneys, will meet in each city with consular officials, commercial attaches and local bank and fiscal representatives. A reception has been planned by each of the European Bar Associations so that mutual problems of interest to American and foreign lawyers may be discussed and analyzed.

In Paris, the group will meet with the Laws and Arbitration Committee of the Paris Bar Association. In Brussels, a meeting with the officials of the Common Market has been arranged for discussion of the legal aspects of the Treaty of Rome and the methods used effectively to integrate the economics of the six nations involved.

In London there will be a conference with the Inspector General of Law Administration for Britain, and there will be a dinner at the Inns of Court.

YOUTH GROUP SPEARHEADS KIDNEY DRIVE—Leaders of the Raynace Society of Newton, teen-age group whose primary activity is devoted to raising funds to support work of Massachusetts Kidney Foundation, were honored recently at Father and Daughter breakfast at Chestnut Hill Country Club. Left to right: Edward Oriel, Barbara Oriel, program chairman; Herbert Abramson, past president of the Kidney Foundation; Sunny Lank, Raynace president and Bertram Lank. The teen-agers have raised almost $10,000 for the battle against kidney disease since their founding in 1961.

Passover

(Continued from Page 1)

their flight from Egypt.

Charoses, a pasty mixture of nuts, raisins, apples, cinnamon, and wine, signifies the mortar used by the Israelites to make bricks for the Egyptian pyramids and monuments.

Moror, bitter herbs, are eaten to recall the bitter period of bondage. All of these items can be found on the Seder plate, in addition to a shank bone, symbolizing the Paschal lamb, and a roasted egg, representing the burnt offering presented each day of the festival during the existence of the Temple in Jerusalem.

During the Seder, the participants drink four cups of wine. This is a reminder that Moses, the central figure in the Exodus story, was sent by God to deliver the Israelites from Egypt. The Lord promised the Hebrews four different types of redemption: release from bondage, deliverance from servitude, redemption from all dependence in Egypt, and selection as "the people of the Lord." Therefore, four cups of wine are consumed.

Passover is one of the three pilgrimage holidays in the Jewish calendar (the others are Shouvos and Sukos), each of which marks a different period in the agricultural calendar, in addition to an historic religious event. Thus on the Seder plate is found some parsley, symbolizing spring.

Children play an important part during the Seder. The youngest member of the family poses four questions at the start of the ceremony, noting the difference between the Passover meal and regular, every-day meals. This sets the stage for the telling of the Exodus story.

In addition, to keep the attention of the youngsters, the Seder service contains songs and riddles plus a game called "finding the aphikomon"—a Greek word meaning "after the meal." In ancient days it was customary to eat the Paschal lamb at the close of the meal. When the practice of sacrifices had ceased, a piece of matzo was substituted.

Today, the aphikomon is a piece of matzo which is saved and eaten at the end of the Seder. To keep the youngsters alert, the matzo is hidden and not surrendered by the children until redeemed by some gift.

Outstanding Passover Programs For Temple Sinai Observance

Passover, the Festival of Freedom, will be observed at Temple Sinai, Brookline, with special programs of worship and school activities.

School activities include the conduct of model seders in the Saturday and Sunday sessions of the Religious School under the direction of Mrs. Joseph B. Grossman, Principal, and members of the faculty. A family Passover breakfast for the children and their parents will be held Sunday morning (April 18) under the sponsorship of the Temple Sinai Brotherhood.

Observance of the Festival will be inaugurated with a brief pre-seder service tomorrow (Friday) evening, at 6 p.m. The service will be conducted by Rabbi Benjamin Z. Rudavsky.

The First Day of Passover will be marked by special services on Saturday morning,(Apr. 17), at 10:45 o'clock with Rabbi Rudavsky, and Dr. Beryl D. Cohon, Rabbi Emeritus of Temple Sinai, participating. Rabbi Rudavsky will preach.

Services will also be held on Thursday evening (Apr. 22) at 8:15 o'clock, when traditional memorial (Yizkor) prayers will be recited. Memorial prayers (Yad Vashem) will also be recited recalling the martyrs of the Nazi tyranny.

The last day of Passover will be observed at Temple Sinai Friday morning, (Apr. 23), at 10:45. Memorial prayers will again be recited at this service.

The sixteenth annual Passover Music Festival of Temple Sinai will take place this year on Friday evening (Apr. 23) at 8:15. In observance of Jewish Music Month, Temple Sinai will present a superb program of music, including works by A. W. Binder, S. Goldfarb, A. Rubenstein, M. Janowski, Lewandowski, and Baruch Cohon. This year's guest artists include the distinguished violinist, Eleftherios Eleftharkis, who will be heard in the Suite Hebraique by Ernest Bloch.

The celebration this year takes on special significance as the congregation honors Evelyn Borofsky-Roskin on the completion of 18 years of service as music director of Temple Sinai.

Adult Club Of Ohabei Shalom

The Adult Club of Temple Ohabei Shalom will hold its next meeting on Sunday, Apr. 18, at 8:15 p.m. in the school social hall.

In discussing "The Hasidic Reformation," Rabbi Albert S. Goldstein will touch upon the cult, the ethics, the conduct and the theology of Hasidism in order to enlighten our understanding of the movement.

Everyone is welcome. Refreshments will be served.

good salaries and working conditions for city and school employees, and by steadily investing in capital improvements, all within a sound financial framework, the Taxpayers' Association asserted.

The bulletin said that the recent revaluation of Newton homes increased the assessed valuation of about three-fifths of the properties in the city by an average of $2380.

The Association expressed the opinion that while some state aid may be forthcoming for education, "the municipal property taxpayer can look forward just as probably to more burdens from the state as he can to much relief from the state."

Since enough money is available to hold Newton's 1965 tax rate below $70 without any strain on the city's finances, it should be used for that purpose, the Taxpayers' Association maintained.

"While a tax rate increase of 6.40 — from Newton's present rate of $63.40 to $69.80 —may not seem to be much of a break in 1965, a rate of over $70 would be worse, and the Newton property taxpayer should get what break he can while he can," the Association concluded.

2 Newton High Teachers Given Coe Fellowships

Coe Fellowships for summer study in American history have been awarded to two Newton High School teachers, William A. Hollman and Robert S. Hurlbut Jr.

They will attend institutes in which they will be closely associated with some of the leading historians of the country. The institute will concern itself with the problems of historiography, or the writing of history.

Mr. Hollman and Mr. Hurlbut will both pursue a formal course of study under the direction of scholars in this field. In addition, however, each of them will be able to work on a project selected in accordance with his own interests. The Coe Fellowships are limited in number, and to receive one is considered an honor.

Mr. Hollman, who has been in Newton since 1957, will spend the summer at Stanford University in California. A graduate of Brandeis University and Harvard University, Mr. Hollman lives with his wife and two children in West Newton. In the summer of 1963, he received a National Science Foundation Scholarship to study psychology at Reed College in Oregon.

Mr. Hurlbut, who came to Newton in 1963, will attend an institute to be held at Planting Fields, a Long Island estate, under the auspices of the State University of New York. A graduate of Harvard University, he lives with his wife and two children in Dedham.

Nine Newton High musicians spent April 8-10 at the University of Massachusetts participating in the All State Orchestra, Chorus, or Band. The participants were chosen on the basis of competitive auditions, and in order to audition, the students must have been members of the Northeast District Orchestra, Chorus, or Band.

The three days in Amherst were spent working with the best high school musicians in the state, under noted conductors. Dr. Thor Johnson, former music director of the Cincinnati Symphony Orchestra and present Director of the Interlochen Arts Academy, Interlochen, Michigan, was the Orchestra conductor. Doctor Johnson has also guest conducted with the New York Philharmonic, Boston, Philadelphia, Chicago, Los Angeles, C.B.S., Rochester, New Orleans, and other orchestras.

Noted author, editor, and arranger, Dr. Ivan Trusler, led the chorus. He is presently Director of Choral Organizations at the University of Delaware, and his guest engagements have taken him to New York, Texas, Maryland, Pennsylvania, New Jersey, Wisconsin, Minnesota, Alabama, Virginia, Massachusetts, and many other communities outside of Delaware.

Lastly, Captain Dale Harpham, Assistant Director of the United States Marine Band, conducted the band. Prior to his appointment to the leadership staff of the band, he served for more than twenty years as its solo trombonist, cellist, vocalist, narrator of feature presentations, script writer, dance band leader, conductor of special ensembles and concert moderator.

Clarinetist Michael Bielski represented Newton in the band, as did flutists Genie Kuffler and Kathy Waters, and violinist Hawley Currens in the orchestra. Participating in the chorus were Amy Scott, Vicki Grant, Debbie Glickman, Jeffrey Elson, and David Maslan.

and their better exemplification in our way of life."

Governor Volpe in his tribute to Carmen referred to the Newton Alderman as "a great and completely dedicated human being whose major objective in life has been to hep his fellow man and create a better way of life when true brotherhood would prevail among all men."

The Governor presented Carmen a silver Paul Revere Bowl from the Commonwealth in recognition of his service to the citizens of the State over a period of many years.

Two U. S. Senators — Thomas H. Kuchel of California and Gale McGee of Wyoming — also sent messages of felicitation to Carmen.

Senator Kuchel said: "I would not want to forego the opportunity to express my high regard for you personally and the great respect I hold for the Jewish War Veterans whom you served in the past as a National Commander and now as the Chairman of the National Executive Committee. Your dedicated public service nationally, as well as in your local community, is of a standard that merits emulation."

Senator McGee said: "Let me extend to you my sincere congratulations and express appreciation for the dedicated public service you have given both on the national and local level. I feel a real kinship with you in the past and continuing efforts to shed whatever light possible on the methods and dangers of the radical right. It is reassurink that we can look forward to many more years of your leadership."

Lawrence G. Laskey of Newton, chairman of the National Executive Committee of the Bonds for Israel Program, in addressing the guests, expressed the conviction that Alderman Carmen is "the example of a perfect American of Jewish faith." He said Carmen is a "man of great wisdom and courage, dedicated to every principle of what is considered to be the ideal in the American way of life."

Other messages of congratulations were received from Attorney General Edward W. W. Brooke of Newton, Lewis H. Weinstein of Newton, Harold Russell, famous amputee, chairman of President Johnson's Committee for the Employment of the Handicapped and a long-time friend of Carmen; and Roger P. Sonnebend of Newton.

A tribute to Alderman Carmen from Vice President Hubert H. Humphrey read: "Please relay my congratulations to Bill Carmen. His record of devoted service to the Jewish War Veterans, his community and his country is one that all Americans should emulate."

Carmen's service as chairman of the National Executive Committee of the Jewish War Veterans will end next September.

A number of Newton public and civic leaders attended the testimonial for Carmen.

Members of Alderman Carmen's family at the dinner included his wife, his two daughters, Dawn and Ruby; his parents, Mr. and Mrs. Kevie Carmen of Newton; and his sister and brother-in-law, Dr. and Mrs. Maurice G. Evans of Newton.

Mailing

(Continued from Page 1)

After hours, patrons can mail local cards in the special box outside each postoffice for local mail.

Easter always brings a great amount of special delivery mail and these deliveries will be made on Sunday. Any tardy Easter card mailers who don't get their greetings to the postoffice before Saturday are advised to use special delivery mailing.

A reminder is also made by postal authorities to include Zip Code in the return address and mail address, if known.

Motorists this summer will find more than 20,000 miles of Interstate highways open to traffic across the United States, the AAA forecasts. Formerly isolated segments are being connected up, so families can now drive much farther on their vacation trips with no additional time on the road.

Mental Health Center Subject Of Interview

Plans for Newton's soon-to-open Mental Health Center will be explained by Kenneth Huberman, president of Action for Mental Health in Newton, when he is interviewed on WNAC Tuesday, Apr. 20, at noon during The Louise & Gus show.

He will recount how, under the auspices of the Department of Mental Health, a small group of dedicated, forward-looking citizens with an idea, banded together, aroused the professional and lay community of Newton and worked to see their idea become a reality.

Mr. Huberman will introduce Dr. William Stone, the newly appointed director of the center, and discuss with him the many roles of service to be played in the community. In addition to its primary objective of treating emotionally-disturbed children and their parents, the Center will work closely with the public, parochial and private schools, clergy, courts, and social service agencies, and conduct an educational program for lay people and a service for discharged mental patients.

Easter

(Continued from Page 1)

For many the observance of Easter will begin when the sun on Sunday morning first discovers the eastern skies.

On Sunday the gladsome wonder of Easter will permeate both the churches and the hearts of the people who worship in them. The rising music of hymns and paeans will radiate the joy of the great religious holiday.

Special Easter services will be held in virtually every church in the community. One of the features of the services will be the festive Easter music.

Churches throughout the community have been preparing their Easter musical programs for weeks. Choirs and soloists have been rehearsing. Organists have sought to master the great music — much of it written many hundreds of years ago — dedicated to the story of Easter.

In many homes the joyous observance of Easter Sunday, following the Lenten service of penance for the suffering and crucifiction of Christ, will be the occasion for family reunions, get-togethers and the traditional feasting after the fasting.

On Sunday, too, in accordance with long-standing tration, the ladies will display their most dazzling finery and raiment.

The Easter parade should be an unusually brilliant one if the weather man cooperates.

The Easter shopping rush is nearing its climax in the stores, shops and markets of the area.

Huge supplies of choice hams, turkeys and other foodstuffs, around which the Easter feast will be planned, await the selection of the most discerning housewives.

All local shopping centers reported lively sales this week in Eastery finery. Their proprietors declare that they are prepared for any last-minute rush by those desiring to complete their Easter wardrobes.

But behind the glamorous Easter parade and the dazzling Easter garb will be the deep religious overtone which will mark the observance of Sunday.

The full and real meaning and glory of Easter will come in churches on Sunday as worshippers bow their heads and kneel in prayer or send up their hymns of homage to The Lord Who Died on a Cross — to Christ Who rose from the dead.

Eliot Church's Human Rights Resolve Sent To Washington

A resolution on human rights, presented and adopted by the congregation of Eliot Church last week has been forwarded to Senators and Congressmen in Washington, and also to the United Church of Christ and the National Council of Churches, it was announced by the Rev. Harold R. Fray Jr.

The church's minister called it "an effort to relate ourserves as a congregation in an appropriate way to the struggle for justice and human rights in the United States."

Drafters of the resolution were Miss Edna Achuff, William W. Clark, Mrs. Frank A. Day Jr., and David B. Eusden.

The resolution was as follows:

"1 — We believe that every citizen of the United States of whatever race must be guaranteed the right to vote. We, therefore, call for speedy enactment of The Voting Rights Act of 1965 recently submitted to the Congress by the President. We urge individuals to communicate their support for this legislation to their elected representatives in Washington.

"2 — We recognize, however, that legislation alone will not solve the human rights problems existing in South. It is inevitable that various non-violent projects and demonstrations will continue to be organized by the Negro leadership. In the course of such future projects and demonstrations, appeals will be made for participation on the part of Northern laymen and ministers by responsible organizations. Those who respond to such appeals go not as outsiders, but as fellow-Christians whose presence and support have been requested by the local Southern Negroes.

"We realize that the decision for participation must be a personal one. If any individual member or friends of Eliot Church, laymen as well as minister, do respond to such a call, we pledge to them our loyalty and our prayers and we ask interested individuals in our midst to give financial support.

"3 — We know we have responsibilities close at home. Sub-standard housing, poor education and a host of subtle systems of discrimination deny full human rights to Negroes in the Metropolitan Boston area. Our Newton Committee for Fair Housing and Equal Rights merits our participation. The young people in Newton, as well as the work of urban renewal, need our resources and support. We shall endeavor individually to do all we can in these areas, and collectively we pledge our continued support to our Long Range Planning Committee in the programs it is developing."

The Rev. Harold R. Fray, Jr., the Rev. Charles H. Harper and Richard Salinger were in Mississippi last summer working as part of the Mississippi Summer Project of the National Council of Churches to further voter registration. This spring, the Rev. Joseph Williamson, a member of Eliot Church and faculty member of Andover-Newton Theological School, responded to the call of the Southern Christian Leadership Conference and went to Selma in the group with Rev. Reeb and took part in the demonstrations there. That same week, Mrs. Anne Biggs, another member of Eliot Church, accompanied the Massachusetts delegation to Washington, D. C. This Massachusetts delegation was sponsored by the Massachusetts Council of Churches. In March, David Matteson, also a member of Eliot Church, spent a week in Raleigh, North Carolina, supervising a group of students from Boston University who were participating in a voter registration drive sponsored by the Y.W.C.A.

Annuity Plan For Teachers To Be Explored

A proposed tax-sheltered program from which teachers in the public schools of Newton would get added financial benefits after retirement, was discussed at Monday night's meeting of the School Committee.

Several plans to that end have been offered by insurance companies, and Dr. Charles E. Brown, school superintendent, or someone delegated by him, will investigate them, the committee decided.

The superintendent, or his designee, will work with the Newton Teachers Association in gathering the information.

As John E. Gilleland, director of business services, described the proposal to the committee, it is essentially an investment plan allowing the individual to capitalize on deferred income tax. The employe gains by making higher payments into his annuity and, when he does pay the tax, it is at a lower rate. The plan, made possible by permissive legislation, would not involve cost to the city.

Retired Persons To Be Shown Investment Film

"Lady in the Stock Exchange," a motion picture film depicting the steps a person should take before investing, will be shown by Wesley Young of Lee Higginson Brokerage Company, at the meeting of Newton Chapter, American Association of Retired Persons. Monday afternoon, Apr. 19, in St. Paul's Episcopal Church parish hall, 1135 Walnut st., Newton Highlands, at 2 o'clock.

Refreshments will be served at 1:30 p. m. by Mrs. Florence Latimer, assisted by Mrs. Elsa Davis, Mrs. William McCabe and Mrs. Robert G. Jennings.

The meeting is open to anyone 55 years or over. To join Newton Chapter it is required that one be a member in good standing of either NRTA or AARP. Many services that stretch incomes are offered to members: a low-cost mail order drug service; low-cost group tours of Europe; budget-priced group insurance; a special hearing aid service.

For further information contact Chapter President, C. E. Gould Capon, 58 Channing Rd., Newton Centre.

Little Girl In Italy Gets Help From Newton

A nine-year-old Italian girl has been financially "adopted" by Christopher Krebs and Miss Catherine Muther of 133 Gibbs St., Newton Centre.

The arrangement by which the local residents have agreed to become responsible for a share of the little girl's needs, including a monthly cash grant, clothing, supplies and special medical care, were made through Foster Parents' Plan, Inc., 352 Park Ave. South, New York City.

Rosa Pipicelli lives with her parents, two brothers and two sisters in Bovalino, on the Ionian coast.

Her father is one of the many Italian war prisoners who returned to Italy from Russia. Unable to work, he gets unemployment payment of $20 per month and a war pension of about $10 per month.

Rosa's mother has never completely recovered her health after an operation two years ago, but whenever she can get it she takes washing and cleaning jobs to help out.

Brown-eyed Rosa is in the first grade of school and doing well. The financial help from her foster parents here will help life for her and her family to be more bearable.

Mann Praises Colleagues For Rights Concern

Praising his colleagues in the Massachusetts House of Representatives for their prompt adoption last week of two resolutions officially expressing concern for events in Alabama, Rep. Theodore D. Mann of Newton pledged continuance of his efforts to secure full voting rights for all citizens.

"Official action condemning what has occurred will most certainly help to crystalize public opinion, and hasten correction of these conditions," Rep. Mann, who was the cosponsor of one of the resolutions, declared.

"It is my hope that people all over the United States will urge their elected Representatives in their own Legislatures to take the same action that we have here in Massachusetts.

"Our resolutions," Mann explained, "reluctantly recognize that we in Massachusetts cannot effect legal redress. Nor can we grant voting rights to the citizens of another state.

"Nevertheless, the force and effect of official protests against such injustice will certainly help to correct it," he concluded.

Speakers Are Provided For Building Fund

Invitations were issued this week to 62 civic, fraternal and patriotic organizations in the Newton complex to request speakers in behalf of the $3,500,000 Newton - Wellesley Hospital Building Fund.

"We will be glad to fill anything from a 5-minute time slot to a full presentation with slides illustrating the hospital's needs," it was pointed out by Joseph H. McPherson, speakers bureau chairman.

Nine members of the Newton Toastmasters Club and four women representing the Toastmistresses recently met at the hospital and toured the big healthy facility. They include:

Miss Louise Haskell, Mrs. William H. Webb, Mrs. John S. Ochap, Mrs. Constance Farrar, Benjamin Wax, George R. Gilfoil, Jr., Nelson N. Silk, Charles Scipione, Jr., John W. Lazur, Daniel Mordecai, Robert S. Burkhardt and Huntington Lord.

The advance gifts phase of the campaign has produced about one-third of the needed sum to date, and is just entering a period of maximum effort, according to General Chairman Bernard D. Grossman.

Services For Inventor Are Held Monday

Services for Fred Dumont Fowler, 79, a Newton resident for more than 50 years prior to moving nine years ago to 59 Shady Hill road, Weston, were held Monday, Apr. 12, in the First Congregational Church in Newton.

Mr. Fowler, who was born in Ithaca, N. Y., died Apr. 9 following a long illness.

Prior to his retirement, he was with the Hood Rubber Company of Watertown, now B. F. Goodrich Corporation, for 32 years, as a development engineer. An inventor, he took out more than 100 patents during that period. After retirement 15 years ago, he was a rigistered professional consultant and development engineer, designing industrial machinery and plants for numerous companies.

He was employed by the Bureau of Test, Washington, D. C., and at other times was associated with the International Paper Company of Glen Falls, N. Y., and Bemis Associates of Watertown.

Mr. Fowler developed the Fred Fowler hiking shoe widely worn by Boy Scouts, and he was a long-time leader of Scout Troop 5 in Newton.

At the age of 75, he planned and designed machinery in Mexico for the Chesterton Company of Everett. He was a member of the Cannibal Club, Newton Anglers' Club, Dalhousie Lodge, AF & AM, First Church in Newton, and was a charter member of the Newton Elks.

He leaves his wife, Mrs. Nell (Russell) Fowler; a son, Dr. Fred Dumont Fowler Jr., of Kansas City, Mo.; a daughter, Mrs. Newton H. Hoyt of Cos Cobb, Conn., and five grandchildren. Burial was in Newton Cemetery.

About $90 billion in motor fuel taxes have been paid by motorists in the U. S. since 1919 when the first gasoline tax was imposed in Oregon, according to the Automobile Legal Association.

Teachers To End Years Of Service Here

Retirement of three teachers whose combined service in Newton schools totals more than 108 years was announced Monday night in a report to the School Committee by School Superintendent Charles E. Brown.

The retirement, in each instance, becomes effective at midnight, June 30.

At that time T. Jerome Cutting of Newton Junior College will have served 35 years in Newton, Ruth E. Dority, principal of the Mason - Rice School, will have served 29 years and six months, and Dorothy H. Stewart, Cabot School principal, will have served 44 years.

A letter expressing the committee's appreciation of their long service is to be written and delivered to each of them.

Assuming an average of 15 miles per gallon, the Automobile Legal Association says enough gasoline is consumed each day in the U. S. to propel 940,000 cars the 3,000 miles across the continent.

Fay M. Doran of 29 Aberdeen St., Newton Highlands, who will be graduated from Newton South High School in June, has been accepted for the first year of the two-year collegiate course at Pierce Secretarial School in Boston.

Robert MacCuspie, son of Mr. and Mrs. Norman E. MacCuspie, 10 Larchmont Ave., Waban, a senior at Rollins College, Winter Park, Fla., has gained academic distinction during the winter term by being named to the President's List.

Freedman Backs Sales Tax; Opposes School Board Curb

School Committee Chairman Haskell C. Freedman appeared before the legislative committee on taxation at the State House Tuesday to voice his support of Governor Volpe's recommendation for a limited 3 per cent sales tax.

But Freedman strongly opposed a provision in the Governor's tax program which would curb the spending power of School Boards. He made it clear that his support of the sales tax measure was conditional upon the elimination of that provision.

Freedman spoke both as chairman of the Newton School Committee and as legislative counsel for the Massachusetts Association of School Committee.

Mayor Donald L. Gibbs did not appear at the hearing and took no stand on the sales tax proposal. The Mayor subsequently explained that he favors the principle of a sales tax but that he is not satisfied with the formula under which the proceeds from a sales tax would be distributed to the various cities and towns.

The section in the Governor's tax program which drew a fire of criticism from School Committee Chairman Freedman specifies that a School Board next year could not increase its budget by more than 20 per cent of the amount of money the community receives as its share of the income from the sales tax.

Any bigger increase in the school budget would have to be approved by a two-thirds vote of the Board of Aldermen or Board of Selectmen.

Freedman declared that the Newton School Committee could not live with the suggested restriction.

He pointed to estimates that Newton's share of the sales tax receipts would be about $1,550,000.

This would mean, he continued, that the Newton School Committee next year could only increase its budget $310,000 without obtaining the approval of the Mayor and two-thirds of the members of the Board of Aldermen.

Freedman asserted that Newton's school budget already has a built-in increase of $550,000 for next year as a result of salary increases which become effective next September and will be paid for a full 12 months in 1966.

"Theoretically, if the Board of Aldermen refused to allow us to increase the budget more than $310,000, we would

$16,500 For Data Process Denied 13-0

The Board of Aldermen denied a request by the city's comptroller of accounts for $16,500, the cost of contractual, professional and technical services of Price Waterhouse and Company that would lead to the city's acquisition of its own data processing equipment, an item that had been on the docket since last August.

It was a short handed session, with only a bare quorum of 13 members present, the regular meeting having been advanced from Monday to Tuesday because of the holiday.

The Finance Committee unanimously recommended denial of the request, and denied it was by a vote of 13 to 0.

Actually, William Carmen did not vote on the data processing item. When his name was called by the city clerk on the question of accepting reports by the Finance and Public Works committees on recommended appropriations and other matters, Carmen replied that he voted "yes" to all items except the one denying the data processing request.

In reviewing the Finance committee's deliberations on the matter, John P. Nixon, its chairman, gave, among other reasons for the recommendation for denial, the opinion of an official at the State House that no city under 150,000 in population should buy its own data processing equipment. Nixon remarked that the committee members were also influenced by

Fight Over Volpe Tax Plan is Now Nearing Its Climax

The fight over Governor Volpe's tax program is warming up to the point where it will soon be approaching a crescendo and climax.

Surprisingly strong support has developed for the Governor's plan, including the suggested 3 per cent limited sales tax.

This doesn't mean that the people are enthusiastic over the idea of paying new taxes. They're not.

But it does mean that a lot of people now realize that new taxes must be enacted, and many of them feel that if they must pay more taxes, they would just as soon do it with pennies in the form of a limited sales tax.

What will happen to the Volpe tax program in the Legislature after all the hearings have been held and all the arguments have been voiced, is uncertain.

It may depend in a large measure on the public reaction to a tax plan Democratic leaders on Beacon Hill will unveil for consideration in the near future.

Volpe's program, with a revised State income tax plus a limited sales tax, would produce about $225 million, a substantial part of which would be distributed to cities and towns to lower real estate tax rates.

Some 1,800 men and women workers will meet at 7:30 p.m. Thursday at Newton High School to select prospects in the general gifts phase of the $3,500,000 hospital building fund campaign.

Arrangements are in charge of Hirsh Sharf, Newton men's chairman, and Mrs. Worthing L. West, women's chairman.

While no pledge cards will be given out prior to the meeting, workers will be priviledged to pre-select the prospects they call on by visiting the National Guard Armory, 1137 Washington St., between 9 a.m. and 5 p.m., Tuesday and Wednesday, April 27 and 28.

In issuing the call for the kickoff meeting, General Chairman Bernard D. Grossman said:

"Crisis 1965 is real—here and now. Every family which looks to Newton-Wellesley Hospital has a stake in resolving that crisis. Your task is to tell them the story and bring back their pledges through a great united effort."

The Wellesley kickoff at 7:30 p.m. Monday, April 26, will bring together 600 volunteers under the direction of Mrs. Arthur J. Anderson, Jr., and Allard M. Valentine, Jr.

It will be held in the Babson Institute's Knight Auditorium Annex. Pre-selection of prospects will take place from noon to 5 p.m. Sunday in the same location.

No Land Taking With New Day Jr. High Plan

Building Commissioner Vincent D. Burns reported last week that the mayor's Citizens Building Advisory Committee had given preliminary approval to an all-new building for Day Junior High School on the Crafts St., Newtonville, side of the existing school site.

Construction of the new building will eliminate the necessity for land takings, which were involved in previous plans for additions and alterations to the old Day school.

Under the new plan, the cost would be about the same to the city as the old one. The new Day Junior High would cost $2,000,000, of which 40 percent would be reimbursed by the state. Under one of the old plans, the additions and alterations, plus landtaking cost, would have added up to a total figure of $1,080,000 net. Net cost of the new plan is $1,200,000.

Political Expert Speaks At Banquet For Teachers

Dr. Seasholes worked with teachers as well as with the seminar members in the conduct of the project.

knowledge that use of the equipment would eliminate a number of jobs at City Hall.

It was obvious when it became time to get the meeting underway that the change from Monday to Tuesday for the session by no means met with unanimous approval. Lacking a quorum, the start was delayed 20 minutes, and the start was made only after a phone call that brought in the 13th member, whose presence gave the meeting its quorum.

At various times during the evening, President Wendell R. Bauckman halted proceedings to await the return to the chamber of some member who had left the room for one reason or another. Eventually, although some of the Aldermen indicated a desire to continue the session, adjournment had to be called because of quorum lack.

Following the 13 to 0 vote on the Finance and Public Works reports, Bauckman advised the body that had there been a single "no" vote, none of the appropriations or other items would have been allowed. In announcing adjournment, the president said that "this meeting will go down in history as a black one."

The absentees until a few minutes prior to adjournment were as follows: William L. Bruce, William M. Glovsky, John F. Holden, William E. Hopkins, Charles F. Hovey, David W. Jackson, Theodore D. Mann, John P. McCarthy, Jack M. Roberts and Harry L. Walen. Alderman Roberts appeared after the session had been underway more than two hours.

One of the matters some of the members present were eager to get action on were 21 appointments and reappointments recommended by Mayor Donald L. Gibbs, but when they made an effort to have them taken up, it was ruled that lack of a quorum prevented action.

Sacred Heart College Dads Enjoy Weekend

A father-daughter weekend was held recently at Newton College of the Sacred Heart, and more than 300 dads from 21 states and Canada were on campus for the occasion.

The visiting dads joined their daughters in a round of activities including tours receptions, panel discussions, classroom visitation, speeches, and a dance.

Among the fathers was William E Miller, 1964 Republican vice-presidential candidate whose daughter, Libby, is a senior at Newton.

Also on hand for the weekend, which concluded with a special Mass in the College's chapel followed by a Communion breakfast, were Timothy J. McInerney of Chestnut Hill, whose daughter Janet is a senior, Parker Wahn of Waban, whose daughter Elizabeth is a junior, Edward Bechererer of Newton, whose daughter Betsy is a sophomore, Dr. George Quigley of Newton, whose daughter Andrea is a freshman, and F. Preston Herring of Newton, whose daughter Mary is a sophomore.

Citizens Urged To Make Easter Seal Drive Quota

If Massachusetts' crippled children and adults are to continue to receive the multiple rehabilitation services they need to overcome their disabilities and be independent people, a generous public must be counted upon to help the Easter Seal Society meet its $335,000 statewide campaign goal.

Said the general chairman of the campaign, Robert M. Jenney, president of the Jenney Manufacturing Company of Newton, "The Society does not want to say 'no' to a child who has lost an arm or leg in an accident and can be taught the use of an artificial limb, or refuse help to a father who has suffered a stroke and can be restored to physical independence.

"In this week following Easter, I urge everyone who is concerned about the future of crippled children and adults and has not contributed to the Easter Seal appeal to do so. An increased generous public can help to ensure that present services are maintained and, if financially possible, expanded to meet the needs of the growing number of disabled persons."

Combined mail appeal and special gifts in the Newton area to date were reported at $5869 by Atty. Alan S. Barkin, special gifts chairman, and Miss Ruth Burns, assistant vice president of the Newton-Waltham Bank and Trust Company, area treasurer for the mail appeal.

The combined goal is $6400.

Registrations At Ward School

Registration will be held at the John Ward School Newton, on April 27th, from 1 to 3 p.m., for next year's kindergarten class. Children who will be five years of age on or before January 1, 1966 are eligible. A record of birth and of vaccinations and immunizations should be brought to school at that time.

The Automobile Legal Association points out that driving is a serious business, requiring full-time attention, mature judgment and a sense of responsibility.

"TRAP BELOW" TRAPELO

John DeVincent

According to legend, the name TRAPELO ROAD is derived from the phrase "trap below". It has something or other to do with a beaver dam below the road.

In any event, the COTTAGE CREST is located on a crest of this same Trapelo Road, a delightful few minutes ride from #128, Waltham.

There you'll find an ideal setting for businessmen's lunches starting at 99c.

Lots of free parking space, tastefully prepared food and friendly, attentive service all add up to a pleasant mid-day interlude for busy executives.

Make it a habit to join your friends for lunch at the COTTAGE CREST above the trap below.

Political Highlights

(Continued from Page 1)

The plan which Democratic legislative chieftains intend to offer as an alternative to Volpe's program would yield about $175 million, according to reliable sources on Beacon Hill.

While the local communities would not get as much assistantce from the Democratic plan as they would from Volpe's program, they would receive substantial help.

A bitter debate over the respective merits of the two tax programs is certain to flare when it is possible to make a point-by-point comparison of them.

The Democratic plan will not contain any recommendation for the adoption of a sales tax.

But it will call for a bigger increase in State income taxes than does Volpe's program.

Other features of the Democratic plan probably will include a tax on hotel rooms, a tax on rental income, higher taxes on unearned income and taxes aimed at banks and insurance companies.

The proposal for a hotel room tax is not likely to stir much controversy. Such a tax already is levied in New York and a number of other cities. It would be paid largely by visitors.

In this case the question is how much a hotel and motel room tax would yield in Massachusetts. Probably not more than a few million dollars a year. If people paid $100 million in the course of a year for the rental of hotel and motel rooms, the returns from a 5 per cent tax would be $5 million.

A heated row would erupt over any suggestion for taxing rental income since such a tax inevitably would be charged back against the rent-payer.

Stiff opposition also would be certain to develop against a proposal for boosting the tax on unearned income which already is highly taxed.

How the taxes on banks and insurance companies would work out isn't yet clear, but if banks are required to pay higher taxes, they presumably would pay lower interest rates to their depositors.

In the end it is the people who bear the brunt of the taxes in one way or another, regardless of the names given to the suggested new taxes when they are advocated.

This is one case where the people will have an opportunity to consider two possible tax programs and then make known to their State Senators and Representatives which one they prefer.

They will not be able to sit back and demand that both programs be dumped in the waste basket since some tax program obviously must be enacted.

But they will have the unusual opportunity of choosing between two tax programs and deciding which would be the less painful.

Governor Volpe has declared that he will give careful consideration to any alternative tax program but has intimated broadly that he will veto any plan which would produce less than $200 million since that is considered the minimum sum needed to pay the State's bills and provide meaningful relief to the cities and towns.

Both the Governor and the Democratic legislative leaders unquestionably will be influenced by the public reaction to the two programs and the sentiment which develops toward them.

If Volpe is convinced that the rank and file of citizens prefer the Democratic plan to his own program, he will have little choice but to sign into law the tax bill approved by the Democratic-controlled legislature.

Conversely, the Democratic chieftains would be forced to back down if there is strong evidence that the public favors Volpe's program.

Paradoxical though it may seem, there probably would be less political risk involved for Volpe if his own tax program is scuttled and the Democratic plan is substituted for it.

He could point to the fight he made to furnish greater financial relief to the cities and towns and at the same time would not have primary responsibility for the tax program which was adopted.

Volpe, however, isn't thinking in terms of political risks or future elections. He's battling for the enactment of his tax program, and he's convinced that he is winning increased public support as more people come to understand it. There appears to be sound basis for that judgment.

The Governor has one decided advantage over the Democratic leaders, whose tax expert reportedly is putting the finishing touches on a substitute plan.

He has put on an extensive educational campaign to try to explain his tax program as fully as possible to as many people as possible. That has been a difficult, tedious undertaking, but it has produced effective results. As Volpe's plan has become more widely understood, it has won greater backing.

A number of top Democratic leaders in the House of Representatives are on the spot in the controversy over the proposed limited sales tax.

Some of them voted three different times for a sales tax when it was recommended by ex-Governor Foster Furcolo back in 1957, 1959 and 1960.

They will be open to the charge of playing partisan politics if they now oppose Volpe's program unless they can make a convincing case that they are supporting a superior substitute plan.

That is not true of members of the Senatae since Furcolo's sales tax measure never reached that body.

However, neither the House nor Senate members can afford to create the impression that they are scuttling Volpe's tax program in retaliation for the Governor's effort in forcing them to pass their pay raise over his veto.

A lot of Democrats from communities which would benefit tremendously from the enactment of a sales tax also would have a difficult time explaining why they voted against it.

State Lottery Is Not Answer

A number of readers have written in to ask why a state sweepstakes or lottery should not be established in Massachusetts instead of a sales tax.

The answer is that a lottery *or sweepstakes would be a good* anywhere near the amount of money that a sales tax would produce.

Entirely apart from the arguments as to whether a lottery or sweepstake would be a good thing from a moral or economic standpoint, it would not yield the revenue that its advocates claim. That has been proven by the experience in New Hampshire.

Even though the sweepstakes issue has been approved by the voters whenever it has been placed on the ballot, there is no likelihood the Legislature would adopt a bill for a legalized lottery while it is so vigorously opposed by religious leaders.

Need Good Library

Editor of The Graphic:

A good library system is as important to Newton as a good fire department, a good police department, or (more to the point) a good school system.

The Newton library system is entering a vicious circle of deterioration. The present poor facilities will neither retain nor attract a good staff. Poor staffing will result in poor service, and, eventually, a second rate book collection.

In this day of problems such as juvenile delinquency, the possible negative effects of automation, the population explosion, etc., a wide range of books and magazines to be used for continuing education must be available to every concerned citizen. This is the most important aspect of a public library system today.

The League of Women Voters sensed the situation in Newton and called for a Library Survey. The City Administration approved the financing of the Survey. The Survey called for a long range plan to strengthen the Library system so that every citizen of Newton would have better library service.

Quoting our Mayor, "you don't pay the doctor, then throw away the prescription."

The Board of Trustees has accepted the recommendation for a new central library building; the old Mason school site is suitable and available.

Now we look for effective municipal leadership. An immediate start in progress toward adequate library facilities and a first rate library system will break the vicious circle. Why, in this field, are we lagging behind such communities as Watertown and Wellesley?

Civic pride, the urgent pressure of today's problems, and Newton's commitment to education should spur us on.

Sincerely,
Harry Tarlin

Lee Loumos Says:

Here are some excerpts from a humorous and gratifying letter received from one of our new customers: "we had two doctors, not yours, and one hospital attend our ailing color TV set since last fall. After seven sessions, it's blood (color) was anything but red. I was about to BLOW MY TOP when a good neighbor gave me your name and you sent Dr. Stuart to the bedside of our sick TV to take its temperature, etc. He sent for the ambulance and after an operation and a short stay at your hospital, returned our patient with good pulse and color. Your bill was one I was glad to pay and can only say, 'thanks for your prompt and courteous treatment'."

This is an excellent way to make new friends and customers but, as pointed out last week, will we always be in a position to render service on sets sold by others? Our customers know that the way we set up and adjust or repair a color TV set is as different from many others as the Newton-Wellesley Hospital is from that at Scutari during Florence Nightingale's Crimean War days.

have to cut salaries, eliminate kindergarten, increase the size of classes or drop some programs," said Freedman who added that under the suggested new law nine Aldermen could block the passage of a school budget in Newton.

Freedman cited that Newton's school budget went up nearly $900,000 this year.

He went on to argue his case against restricting the spending power of School Committees.

"What is the reason such a limitation is wanted?" Freedman asked.

"Does one say too much money is being spent on education? The Willis Report says not enough money is being spent on education."

Freedman quoted a statement in Governor Volpe's tax message to the Legislature which said: "Our educational system in Massachusetts is not adequate to meet the space age needs of our citizens."

"If they say that School Committees pay salaries that are too high, it should be noted that the Legislature has been constantly increasing the minimum salaries of teachers," Freedman went on.

"Who seeks to limit the financial independence of School Committees?" Freedman demanded. "Not the parents! Not the pupils! Not the School Boards! Not the legislators! Is it the Mayors and Aldermen and Selectmen?

"Fiscal independence was given to the School Committees by the Legislature in order that we could run the schools under the direction of the Legislature.

"Does the Legislature want to let Mayors and Aldermen and Selectmen share in the determination of educational policy by allowing them to control school budgets?" Freedman asked.

Freedman declared that between 80 and 85 per cent of the average school budget is spent for salaries. He said this is true in Newton.

"The quality of education has some relationship to the kind of people involved in the program," Freedman stated. "Good people should be paid good compensation.

"Education is a moral imperative and should be subject to the expediencies of political compromise," Freedman argued in asking that the curb on the spending authority of School Boards be deleted from the Governor's tax program.

In urging the adoption of a limited sales tax, Freedman asserted that a new source of revenue is needed to halt the climb of real estate tax rates in cities and towns.

He also quoted the Willis Report as stating that an additional $123 million is needed to upgrade education in Massachusetts.

More than 46 billion gallons of gasoline will be used by nearly 70 million passenger cars while traveling 678 billion miles on America's highways during 1964, observers the Automobile Legal Association.

Unique Mail-In Program Aims At Rheumatic Fever Prevention

The Massachusetts Heart Association's Rheumatic Fever Services Committee, of which Dr. Louis Weinstein of 26 Greylock Rd., Newtonville, is a member, urges that every effort be made this spring to prevent primary attacks of rheumatic fever, childhood's invisible crippler that can lead to rheumatic heart disease.

The committee appealed to physicians to pay special attention to the diagnosis of streptococcal infections, a forerunner of rheumatic fever.

It issued to the State's doctors copies of an American Heart Association pamphlet on the prevention of rheumatic fever which declared, in part:

"The accurate recognition of individual streptococcal infections, their adequate treatment, and the control of epidemics in the community presently offer the first practical means of preventing initial attacks of rheumatic fever.

About half of the streptococcal infections which occur are likely to escape detection because they are asymptomatic or atypical . . . bacterial support by throat culture of the clinical impression is highly desirable."

The Massachusetts Heart Association has pioneered in the advancement of the use of throat cultures as a major diagnostic tool in the prevention of rheumatic fever.

It has sponsored a unique mail-in throat culture program designed to save hundreds of children from the possibility of contracting the disease. Special culture kits allowing parents to swab their children's throats and then mail the cultures for analysis were provided, and more than 1100 children and adults were served.

It has been found that during epidemics about three percent of untreated streptococcal infections are followed by rheumatic fever, and the Massachusetts Heart Association plan is conceived to cut the toll as drastically as possible.

Fantasy by Masland made with pile of 100% Cumuloft® nylon is a pup's best friend

"Don't tell me your troubles. I've been through it all. But just when life became unbearable, along came the carpet of 100% Cumuloft® nylon pile. Now I'm having a ball! I'm welcomed royally into the living room—even with rainy-day paws. Can you beat that! And only yesterdy they said I could bring a friend to play on Cumuloft. Oh, what plushy pile! Best of all, carpet of Cumuloft nylon doesn't shed or pull or fuzz. Because Cumuloft is 100% continuous filament nylon. No loose yarn ends, you know. Things sure have changed around here . . . for the rest of the family, too. Once-forbidden snacks in the living room have suddenly become routine. Thats because spills and splashes stay on the surface of Cumuloft . . . sponge up easily before they have a chance to stain! So perk up, pal. Just when life looks really grim, lead your mistress by the leash to a carpet with pile of 100% Cumuloft nylon."

The Newton Special Class PTA is sponsoring the second in a series of Young Adult Evenings on Friday, April 23. The attraction for this event is widely known disc jockey Jimmy Goren, who has volunteered his services for the Record Hop.

Topics to be covered in the meeting include, according to Edward Richmond, chairman of the Newton Committee for Fair Housing and Equal Rights, "Do we need middle-income housing in the first place? If so, who would be eligible? What kind of housing would be best? Is building up — as in multi-story apartments — better, or spreading out? How would this housing be sponsored?"

Aim of the meeting is to present an open discussion of what middle-income housing is and especially how it worked out in Marksdale Gardens, Mr. Richmond stated.

He extended an invitation to all Newton residents interested in middle-income housing to attend. A coffee hour will follow the meeting.

RABBI A. J. KARP

Rabbi Karp At Awards Dinner At Temple Here

Rabbi Abraham J. Karp, author, radio commentator and spiritual leader of Congregation Beth El in Rochester, N.Y., will address the National Enrollment Plan Awards Dinner of the New England Region of the Jewish Theological Seminary of America Thursday, April 29 at Temple Emanuel, Newton.

Rabbi Karp, who served as Director of the Metropolitan New York Region of the United Synagogue of America and as president of the Mid-West Region of the Rabbinical Assembly of America, has occupied pulpits in Swampscott and Kansas City, Missouri.

Held in honor of those New England Congregational leaders who have distinguished themselves for their initiative in mobilizing community support for the National Enrollment Plan, the event will confer citations upon the following: Morris Rothstein, Newton, chairman of the New England Region, National Enrollment Plan and past president of Temple Mishkan Tefila; Rudolph Astor, C.H., chairman of the Greater Boston Friends of the Seminary and member of the board of directors at Temple Emeth; Dr. Kenneth Goldblum, past-president of Congregation Knesses Israel, Pittsfield; Nissie Grossman, Newton, past-president of Temple Emanuel, Newton and Benjamin Seigel, Brookline, past-president of Congregation Kehillath Israel.

The enrollment plan was launched by the Seminary, world center of Jewish learning, as a means of strengthening its financial base. Membership in the plan helps further the Seminary's spiritual and educational programs in behalf of the Jewish Community.

Program participants, according to Mr. Rothstein, who will preside, include Rabbi Albert I. Gordon, spiritual leader of the host congregation, who will introduce the guest speaker and participate in the award ceremonies; Rabbi Peretz Halpern, of Temple Israel, Swampscott, who will deliver the invocation; greetings by Harry Greenblatt, president of Temple Emanuel; Rabbi Shamai Kanter, Temple Israel, Sharon, who will lead in the recitation of grace after meals and Rabbi Jacob Hochman, Temple Shalom, Milton, and president of the New England Region, Rabbinical Assembly of America, who will deliver the benediction.

Bad drivers are not the only ones who have accidents, observes the Automobile Legal Association. Some drivers get so good they become overconfident and indulge in careless practices — ones which eventually cause accidents.

No-Hit Hurler Wants No Credit For His Feat

Jim Conlon pitched St. Sebastian's to a no-hit, no-run victory over St. Mark's of Southboro last Saturday, but modestly gave credit for the feat to his catcher, Dick Grady.

The game over, his teammates mobbed him with the enthusiasm customary in such instances, but Jim insisted that "Dick deserves more credit than I do. He made me keep the ball low and pitch to the glove," and added that Dick was just tremendous.

The 5-10, 175-pound lefthander was always in command. He struck out 23 batters, and not once did he allow the ball out of the infield.

The game's final score: St. Sebastian's 7, St. Mark's 0.

A life-long Newton resident, he has served the community in numerous capacities. In his recent service in the Massachusetts House of Representaitves, Muther was a strong advocate of more state action in the mental health field. He is an executive director of the Newton Taxpayers Association and has been interim executive of the Newton Chamber of Commerce. He founded, and is clerk of, Newton Conservators, Inc.

A graduate cum laude of Harvard University and Northeastern Law School, he has been a member of the Massachusetts bar for more than 20 years, and has served on several working committees of Newton Community Council as well as on others affecting administration of the schools.

He has held key posts in various church, hospital and United Fund drives, and in improvement associations and men's clubs in the villages of Newton in which he has lived.

Mr. Muther lives at 44 Roslyn Rd., Waban. His wife is the former Mary Witcher Thayer of Minneapolis. The couple has two children, both graduates of Newton High School and now in college.

GOLD POSTAGE STAMPS STIR WORLD-WIDE EXCITEMENT

LONDON, ENGLAND (AT) — To the astonishment of millions, the tiny South Sea Kingdom of Tonga has issued some amazing round and heart-shaped postage stamps printed on genuine gold leaf!

These extraordinary postage stamps are absolutely unique in world postal history and have already become scarce collectors' items. Most were sold out on the first day of issue.

Through its unequalled global connections of nearly fifty years standing, the world's largest stamp firm has acquired a limited supply of these scarce gold stamps.

As a special get-acquainted introduction to the world's most popular hobby, interested readers may obtain both of these round and heart-shaped Tonga stamps, together with a most unusual collection of 26 all-different postage stamps from other exotic South Sea islands — Pitcairn, Fiji, Samoa, Polynesia, etc. — by sending only 25¢ to H. E. Harris & Co., Dept. D-182, Boston, Mass. 02117. Complete U. S. Catalog, stamps on approval, Collector's Guide included.

Customer Satisfaction Guarantee
All new Goodyear Double Eagle "N" tires are guaranteed to give service and are guaranteed against defects in workmanship and materials and normal road hazards, except repairable punctures, for the entire life of the original tread design.
If a Double Eagle "N" tire fails under the terms of this guarantee, Goodyear dealers and stores will either repair it or make an allowance on a new tire based on the original tread depth remaining and Goodyear's printed "Exchange Price" current at the time of adjustment.
Should any tire fail to give satisfactory service, Goodyear will adjust it to the owner's entire satisfaction, limited, of course, to the complete replacement of the original tire involved.

Clergyman Is Appointed To School Staff

Rev. Joseph E. O'Donnell, Jr., minister of First Church, Winchester, since 1959 and an Andover Newton alumnus, has been appointed the first director of church and college relations on the administrative staff of Andover Newton Theological School in Newton.

In this newly-created position, Mr. O'Donnell will encourage the knowledge, interest and support of churches in the education of ministers and stimulate ministers to continue their studies after seminary graduation.

He will direct a program of confronting students with the challenge of church vocations through conferences on the ministry, meetings with campus chaplains and personal contacts in churches and on college campuses. He also serves as alumni secretary for the 1900-member alumni association.

Mr. O'Donnell received his B.S. in business administration from Boston University in 1948; his B.D. from Andover Newton in 1953 and his S.T.M. in 1959.

Tree Planted Here In Liberty's Name

Members of the West Newton Garden Club took initial and constructive steps during the week to jointly mark the observances of Liberty Tree and Arbor Days in this city.

Three officers of the club, Mrs. Albert E. Burgess, president; Mrs. Richard A. Winslow, vice president, and Mrs. Nathan D. Bugbee, conservation chairman, wielded shovels and planted a locust tree on the lawn of the West Newton Branch of the Public Library.

The locust tree, only one on the lawn of the library, was selected because it has a strong resistance to disease and has good shade.

The local planting jointly observes two important dates in the Bay State that, of Liberty Tree Day honoring the nation's first symbol of freedom, and Arbor Day, dedicated to conservation everywhere.

This year the Massachusetts General Court passed legislation to appoint a Liberty Tree Bi-Centennial

Law-Makers Recognize Need To Help Cities and Towns

Whether Governor Volpe's proposal for the enactment of a limited 3 per cent sales tax will eventually be approved by the Democratic-controlled State Legislature is a question future developments will answer.

Whatever happens to the Governor's tax program, however, it appears virtually certain that the Legislature will provide substantial financial assistance for the cities and towns of the Commonwealth, whether it is done through a sales tax or by some other means.

The attitude of some legislators that the local communities should solve their own financial problems has changed under the impact of the campaigns waged by Governor Volpe, Lieutenant Governor Elliot Richardson, Boston Mayor John F. Collins and other city and town leaders, both Democratic and Republican.

This has been reflected at the public hearings held by the joint legislative committee on taxation. No longer is there any dispute as to whether the local com-

Decision On Tax Rate In Hands Of Aldermen

Whether Newton's tax rate will go above the $70 mark for the first time in the city's history will depend on the action taken by the Board of Aldermen next Monday night on recommendations by Mayor Donald L. Gibbs.

Mayor Gibbs is asking the Aldermanic Board to transfer $1,024,000 from the city's surplus fund and $225,000 from the water surplus fund to be used to meet current expenses so that this year's Newton tax rate may be fixed at $69.80.

..That would represent a $6.40 increase over last year's rate of $63.40.

An official request for those two transfers totalling $1,249,000 has been submitted to the Aldermen by the Board of Assessors on instructions from the Mayor.

Both items will be on the agenda for consideration at next Monday night's Aldermanic session. It is expected that both matters will be acted upon then since the city usually sets its tax rate during the first week in May.

Mayor Gibbs has conferred with members of the Board of Aldermen in an attempt to muster support for the two proposals.

Some Aldermen have indicated that they will endorse the Mayor's recommendations and will vote for the two transfers. Others have been noncommital.

When the city and school budgets were approved, Alderman John P. Nixon, chairman of the Aldermanic Finance Committee, anticipated that $500,000 would be transferred from the city's surplus fund and forecast a $72 tax rate.

Mayor Gibbs, however, has taken the position that the tax rate should not be allowed to go over $70 if it is possible to keep it below that figure.

He said yesterday that even with the transfers he has referred out of it, he pointed out.

The Mayor further stated that the water surplus amounted to $512,099 on April 1 and would still total $287,099 if the $225,000 transfer were approved.

Both funds would be adequate, he stressed.

Indications are that the Mayor's recommendations will be adopted either exactly as he submitted them or in substantially that form.

Some Aldermen are talking in terms of a $70 tax rate instead of $69.80.

If that theory is followed the Mayor's recommendations would be trimmed slightly.

City Hall observers expect, however, that when a show-vote is held a majority of the Aldermen will adopt the Mayor's recommendations in the precise form he presented them rather than accept the responsibility for allowing the tax rate to climb over the $69.80 figure.

Music Week In Newton

Stephen Custer, gifted young Newton musician, looks on at City Hall as Mayor Donald L. Gibbs proclaims May 2 to 9 as "Music Week in Newton."

New Teachers Appointments Are Approved

Seventeen teacher appointments, proposed by Charles E. Brown, superintendent of schools, were approved by English in Warren Junior Monday night.

The new teachers, their assignment and background are as follows:

Mary D. Clapp, Wheelock College graduate, teacher of kindergarten and Grade 1, as yet unassigned. Did student teaching in Natick and Lexington.

Barbara E. Herlitz, B.A. from Holyoke College and M.S. from Hunter College, elementary school teacher as yet unassigned. She taught in Westport, Conn.

John P. Lelecas, assigned to Memorial School Grade 5. ommended from surplus funds the tax rate would jump substantially.

The Mayor emphasized that he is doing his utmost to prevent the rate from going any higher than is absolutely necessary.

Mayor Gibbs voiced the strong conviction that the tax rate should not be pushed up any higher than necessary merely to keep large surplus funds on hand.

He said that as of April 1 the city's surplus fund totalled $1,461,579. The fund would still contain $437,519 if $1,024,000 were trans-

Report Meetings To Spark Hospital's Fund Campaign

Backed by $1,500,000 in pledges reported by the advance gifts committee, with more to come, general gifts solicitors this week took the field for the Newton-Wellesley Hospital Building Fund after kickoff meetings for Wellesley and Newton.

Monday night signalled the start of the Wellesley canvass when several hundred men and women volunteers assembled at the Babson Institute auditorium annex to select prospects and receive instructions.

Jarvis Farley, Wellesley chairman, presided and brief messages of encouragement were given by Mrs. Arthur J. Anderson, Jr., women's chairman, and Allard M. Valentine, Jr., men's chairman. Mrs. Anderson introduced three vice chairmen, Mrs. Hubert N. Bernard, Jr., Mrs. James Lyttle and Mrs. Thomas R. Oleson.

The story of the hospital's needs incorporated into the $3,500,000 goal was presented in an illustrated talk by William S. Brines, director. The slides graphically demonstrated the fact that the institution has outgrown its present physical plant, must have an addition and re-arrange several major departments.

Newton workers were to be similarly briefed at their kickoff tonight (April 29) at Newton High School, with Richard H. Lovell, Newton chairman, presiding. After greetings from General Chairman Bernard D. Grossman, the solicitation task will be outlined by Mrs. Worthing L. West, women's chairman, and Hirsh Sharf, men's chairman.

Workers will choose prospects from cards racked by villages. They also will see the slides and hear the needs presentation by Mr. Brines.

Five report meetings are scheduled for each section with Newton and Wellesley workers coming together for the victory rally in mid-June.

Committee. There also was legislation to proclaim Liberty Tree Day annually by the governor.

The original Liberty Tree was planted in Boston in 1646 by early settlers at the southeast corner of what is now Essex and Washington Streets. A large plaque on the wall of the Sears Building marks the site.

The tree was dedicated to the cause of freedom on August 14th, 1765 by the Sons of Liberty, who used the tree as a rallying point from which to take action on matters of importance to the Colony.

The Boston Liberty Tree eventually was cut down by British soldiers because it served as a symbol of freedom.

The West Newton Garden Club, comprising more than fifty active members, will mark its 35th anniversary next year. Club officers are hoping that the tree planting in Newton may encourage other garden clubs throughout the Commonwealth to also plant trees.

This would be a fitting tribute to the 200th observance of the Liberty Tree.

The dedicated women of the garden clubs are active workers in the cause of conservation. The many garden clubs in Newton support conservation and work the year around in its interest.

Garden clubbers feel that tree planting might help alleviate the sorry examples encountered in modern living where wholesale destruction of trees is commonplace.

Freedman Says School Busing Concern Of All

School Committee Chairman Haskell C. Freedman, when asked for his reaction to a proposal by Boston Redevelopment Administrator Edward J. Logue that Negro children from Boston be bused to schools in suburban communities, including Newton, made this comment:

"Mr. Logue is a very competent person and has done a magnificent job for the City of Boston, and accordingly is a responsible man.

"If his proposals are implemented by changes in the State law that would be required, no doubt it would tend to ease the problems caused by racial imbalance in the Boston schools.

"On the other hand, it may well appear that these changes would create other problems in suburban communities such as Newton.

"The physical law of action and reaction might well apply. In any event, the problem concerns all citizens of Massachusetts and should be considered and studied."

Political Highlights

(Continued from Page 1)

munities should be given new revenue. The only real issue is how that revenue should be raised.

What tax program finally will be adopted will remain uncertain until the great debate begins on the relative merits of Governor Volpe's plan and a substitute program advanced by Democratic leaders in the Legislature.

Claims by some Democratic legislators that Volpe is just going through the motions in his fight for a sales tax and is merely striving to set up a big issue for his campaign for reelection next year don't add up and don't make sense. Neither do the statements of some Democratic law-makers that they would vote for the sales tax if they thought Volpe really wanted it.

Their votes on the sales tax question should depend on whether they think it's in the interest of the district and people they represent, not on whether Volpe wants it badly enough to offer them patronage in return for their votes on the bill.

As far as this observer is able to judge, Volpe is going all-out in his fight for a sales tax. That doesn't necessarily mean that he will use patronage to line up votes in the same way ex-Governor Foster Furcolo did in 1957 when Furcolo almost got his sales tax bill through the House of Representatives.

Volpe has indicated that he would compromise on various details in his tax program provided the Legislature furnishes the amount of money he is sseking for the State and the cities and towns. That is about the only position he could take.

Boston Mayor Collins, one of the top Democratic figures in the sales tax fight, has adopted much the same attitude. Collins endorsed Volpe's plan but said he isn't wedded to any one program and would consider any plan which would yield as much money for the local communities as would Volpe's proposal.

The question raised by some Democratic legislators concerning Volpe's motives in the sales-tax battle sounds like so much double-talk.

They imply, in effect, that Volpe wouldn't be too unhappy if his sales tax measure were dropped down the legislative drain since he could then campaign next year on the issue that he tried to help the cities and towns and that the Democratic Legislators stymied his efforts and substituted a program which wasn't as good as his.

If they were convinced this were not so and that Volpe really is sincere in his desire to see a sales tax adopted, some Democratic legislators say, they'd be more likely to vote for the tax.

What nonsense and tommyrot!

Every shred of evidence indicates that Volpe is sincere, that he is fighting as hard as he can to get a sales tax and that he is not just going through the motions.

If Volpe were just putting on an act—if he were going through the motions in order to set up a campaign issue for 1966 — then the Democratic Legislature obviously would be playing into his hands by killing his tax program.

That's what makes the arguments of certain Democratic law-makers so illogical. If they were right in challenging Volpe's sincerity, they'd be helping him by voting against the sales tax.

Volpe, incidentally, has been quietly lining up both Republican and Democratic legislators behind his tax program. He would hardly be doing so if he didn't want the program adopted.

An ironical aspect to the situation is that Volpe has been encountering resistance from some GOP law-makers because the formula for distributing the sales tax proceeds was worked out on the basis of the need of the individual communities.

This means that many Democratic cities and towns would be treated better in the distribution of the sales tax revenue than would the well-to-do Republican communities.

That will put a good many Democratic law-makers squarely on the spot when their constituents realize that they would save more on their real estate tax bills than they would pay out in sales taxes.

The attempts by some politicians to make the sales tax question a partisan issue are ridiculous.

Virtually all the top Democratic leaders in the House of Representatives voted for a sales tax when Foster Furcolo was Governor. Some of them voted for it two or three different times.

However much the cities and towns needed the revenue from a sales tax back in 1957, the need for that revenue is far more acute today.

Ironically, some Democrats charged back in 1957 that many Republicans played politics in voting against the sales tax bill instead of judging it on its merits.

They insisted then that the sales tax was not a partisan issue and ought not be treated as one. You could list quite a roster of prominent Democrats who took that position eight years ago.

Of course, they were right. It wasn't a partisan issue then, and it isn't one now.

The issue that will confront the Legislature later in its session is really a simple one.

There is no question that most cities and towns in Massachusetts desperately need the revenue a sales tax would provide for them.

They need it to provide better educatiaon for their children.

They need it to lower their tax rates so they can attract new industry and create employment opportunities for their citizens.

The question confronting the legislators will be whether there is any better way than a sales tax of raising the money needed to do these things.

More Indictments Will Be Sought

The indictments returned recently on the basis of information assembled by the Crime Commission investigators are probably not the last which will be reported as a result of the crime board's work.

Two more Grand Juries will be seated to hear evidence turned over to Attorney General Edward W. Brooke by the Crime Commission.

One of the Grand Juries will be in Suffolk County, the other in Western Massachusetts.

How long their deliberations will last is uncertain, but the likelihood is that they will continue well into next autumn, months after the Crime Commission itself has disbanded and gone out of business.

Lee Loumos Says:

The latest news from the Color TV front continues to be good. Not only has CBS announced that it has finally instituted regular color programming, but has now further stated that, in view of the estimated five million sets that will be in use by the end of the year, it will greatly enlarge its plans for more color shows starting this fall.

But the best recent news of all is for sports lovers, particularly the football variety. Each weekend, at least one college and one professional football game will be transmitted in color. If there is any sport that is enhanced by color, it certainly is football.

So isn't this the perfect time for you to procure your Color TV set, taking advantage of today's low prices, before the mad fall rush sets in? Phone your order in today. Our expert installation and service guarantees satisfaction or your money back within 48 hours.

Friends Of Retarded Children To Stage Jet Set Ball At Airport

Plans have been finalized by the president and committee heads of the Friends of the Boston Association for Retarded Children for their forthcoming charity ball on Saturday evening, June 5, at the newly renovated Butler hangar at Logan Airport.

Elaborate decorations and entertainment by eminently popular figures in the show business world will help to aid the cause of retardation at this cocktail-buffet dansant, a la Jet Set style.

Proceeds from this evening will further the projects of the Friends of BARC which include the Vocational Adjustment Center where mildly retarded students between the ages of 18 to 35 years are trained for specific jobs so that they may eventually become self supporting citizens of the community.

This year's function, which is the mainstay of the Friends financial income will also aid the Peter Groper Camp Fund through which camperships are given to needy retarded children at specially supervised camps and the Forget-Me-Not Fund which provides for equipment, supplies and assistant teachers for the BARC Nursery Schools.

Mrs. Frederick Diengott, president of Friends of BARC appointed Mrs. Donald Jacobson as general chairman. Her aids include Mrs. Melvin Ravech as advisor; Mrs. Morton Bello and Mrs. Marvin Birger, vice chairmen; Mrs. Robert Shaw, arrangements; Mrs. Harold Dorfman, reservations; Mrs. Louis Convisor, Mrs. Sylvia Koplow, and Mrs. James Goodman, hospitality; Mrs. Alan Fain and Mrs. Malcolm Long, publicity; Mrs. Earle Groper and Mrs. Alan Wiessman, decorations; Mrs. Irving Groper, host and hostesses; Mrs. James Sidell, sponsors; Mrs. Walter Levitan and Mrs. Bertram Rodman, mailing.

Air travel and the activities of the Jet Set in particular provide the theme of the dinner-dance scheduled for June 5. Members of Boston's airline industry have formed a committee to help the ladies with arrangements. Representatives of 25 airlines have met on a number of occasions in an industry-wide effort to assure the benefit's financial success.

Edward Gallagher of Northeast Airlines and John McEvoy of Pan American serve as general co-chairmen. Chairmen in charge of arrangements are Ralph Cataldo of Butler Aviation and Colm McMorrow of Irish International.

Decor in a hangar presents obvious problems, but unusual lighting effects and travel-themed trappings will provide a romantic setting for the evening.

His lifetime gets longer every minute . . .

It's a good deal longer than it was twenty or thirty years ago. And it gets longer every day, thanks in large part to medical research. Over a million men and women are alive today, cured of cancer. Research helped find the answers that saved their lives. Research costs money. The American Cancer Society invested over $12,000,000 last year in the search for more answers. Yet $2,000,000 in worthwhile research applications, could not be approved by the Society, FOR LACK OF FUNDS. Your dollars are desperately needed to help speed the day of victory. Send your check today to CANCER, c/o Postmaster.

AMERICAN CANCER SOCIETY

Take 30 seconds to read this. It may help save your life.

Knowing Cancer's Seven Danger Signals—and heeding them promptly—could save your life:

1. Unusual bleeding or discharge.
2. A lump or thickening in the breast or elsewhere.
3. A sore that does not heal.
4. Change in bowel or bladder habits.
5. Hoarseness or cough.
6. Indigestion or difficulty in swallowing.
7. Change in a wart or mole.

If your signal lasts longer than two weeks, see your doctor to learn if it means cancer. See him once a year, anyway, for a check-up. And help fight cancer with a check to CANCER, c/o Postmaster.

AMERICAN CANCER SOCIETY

8 out of 10 people have iatrophobia. It is easy to overcome.

Iatrophobia is fear of going to the doctor. The cure starts when you lift your phone and make an appointment with your doctor for a complete checkup.

Half the cases of cancer could be cured, if diagnosed early and treated promptly. Your best cancer insurance is a health checkup every year.

Make that phone call now. It might save your life.

Newton South Little League Opens Season

Newton South Little League opened its 14th season with an exciting triple header at Richardson Playground in Waban on Saturday,, April 24.

Recreation Commissioner John Penney and Ward 5 Alderman Franklin Flaschner combined to throw out the first ball following a six-team parade from the Beethoven School behind a police car and a fire engine to the field on Allen avenue.

The defending champion Yankees opened with a resounding defense of their crown by bombing the Tigers 15-0. Carl Jonasson was a one-man gang as he batted and pitched his team to a first inning 3-0 lead. Carl had two home runs, a double, and a single to drive in four runs. In addition he struck out 13 and had a no-hitter going until the fourth, when Jim Stavis got a scratch hit past first. At one point he struck out eight in a row. Stan Schwartz and Larry Green each drove in two runs.

The most exciting game of the day saw the Red Sox nip the Giants in nine innings. Jim Smith singled in Peter Alevizos with the winning run after Glen Virgilio had rescued the Sox from defeat by polling a tremendous home run over the centerfield fence in the eighth to tie the game.

Starring for the Giants in a losing cause were Tim Monahan with two hits and pitcher Seth Rolbein. For the winning Red Sox were Tom Antonellis with three hits and pitcher Don Coill. Final score 4-3.

In another 4-3 the Colts shaded the Braves. Richard Liner scored the winning run in the last of the sixth on an error after Warren Brodie had scored the tieing run on a dropped infield fly. Andy Alem struck out thirteen Braves and had a single and a double.

Howie Kosrofian had two doubles and Mike White put the Braves ahead temporarily in the third with a two run double.

School Committee Doesn't Favor Collective Bargaining By Teachers

Members of the Newton School Committee went on record at their meeting Monday night in opposition to a bill now pending in the Legislature which would give collective bargaining rights to all school department employees, including teachers.

On the recommendation by Chairman Haskell C. Freedman, it was voted to send letters to key members of the Legislature notifying them of the School Board's opposition to the measure.

Freedman pointed out that the proposed new law would force School Committees to bargain collectively and would injure the merit system in school departments.

He said he did not know what Governor Volpe's attitude would be toward the bill if it is approved by the Democratic-controlled Legislature.

State Senator Beryl W. Cohen, whose district includes Wards 1, 6 and 7 of Newton, notified the School Committee that he agreed with its opposition to the move to limit the fiscal autonomy of School Boards. Cohen's letter was read by Superintendent Charles E. Brown.

The next meeting of the School Committee on the night of May 24 will be held in the Horace Mann School on Watertown St., Newtonville, instead of the Walnut St. offices of the school department.

The new building, erected as replacement for the one that was burned, is expected to be completed by then, and the members will thus have an opportunity to inspect it.

Among other matters before the committee last Monday was the appearance of two members of Davis, Wolf and Flansburgh Associated Architects of Cambridge, who displayed drawings of the proposed additions to the Hyde School in Newton Highlands.

The preliminary plans show the new layout of rooms, including a gymnasium that can be divided by a sliding wall so that one half can be used for play and the other as a classroom, and the entire arrangement is so planned that it can be integrated into the new Hyde School that will be built at the site, the architects explained.

The preliminary plans, which had been approved last week by the mayor's Citizens Advisory Committee on Public Buildings, were also approved Monday by vote of the School Committee.

The sense of the meeting favored a proposal that financial support be given in a limited way to after-school student activities, the need for which was outlined in a memo to Superintendent Brown from John E. Gilleland, director of business services.

The memorandum was as follows:

"This memo is intended to call attention to the need for providing support funds for such after-school student activities as debating, music, chess (to mention but a few) insofar as custodial expenses are concerned. Such support is made available for athletics, both varsity and intramural, but not in other student activities. The only exception to this statement is TIGERAMA allowance for heating expenses at Newton High School.

"The recommendation is to consider such support in a limited way (that is, allowance of $1 per capita, or a limit of $9,000) for the secondary schools for student activities — providing that the activity is not for the purpose of raising funds. In those instances where admission is charged, or there is fund-raising of other descriptions, the custodial expenses would be defrayed by the receipts and not the appropriation.

"Allocations would be made to each school on the per-capita basis, and decisions on best use would be made by the principal to the limit of the allocation.

"This matter is being raised at this time for guidance in preparing the 1966 budget."

Hyde School Addition OK'd

The mayor's Citizens Advisory Committee on Public Buildings has given approval to preliminary plans for a $225,000 addition to the Hyde School in Newton Highlands, it was announced last week by Building Commissioner Vincent D. Burns.

Called for are a gymnasium, activities room, rest rooms and storage space, the additions to be attached to the new boiler room.

Burns said that final plans are expected to be ready in time for bids to be received about July 1, and construction to be started about Sept. 1.

Boy Victim Of Crash Is Saved By Physicians

Physicians at Newton-Wellesley Hospital revived a six-year-old lad last week despite the fact that he had stopped breathing and was unconscious for approximately 40 minutes.

The boy, Kevin D. Alleyne of 2262 Washington street, Newton Lower Falls, was placed in a special care unit, and his condition was adjudged "fair."

He was struck by a car near his home late last Thursday afternoon. The car was being operated, it was reported, by Deborah DeWire of 40 Pickwick road, West Newton. The boy's head, right leg and chest were injured. Passers-by applied a splint to his broken right leg at the accident scene.

Rabies Clinics Now Open In Newton For Dog Inoculation

Dr. Henry M. Greenleaf, Newton Commissioner of Health, said, "Now is the time to have your dog vaccinated against rabies. Injections can be obtained from private veterinarians or at clinics."

The Newton Health Department is again offering the rabies vaccination clinic to its citizens.

The Department of Public Health and the Massachusetts Veterinary Association encourages communities to keep up their annual dog inoculation clinics and to get as many dogs protected as possible.

The fear is that rabies will be re-introduced and will spread among unvaccinated dogs. In the event of an importation of a rabid dog into Newton, the disease will not spread among dogs if the dog population is vaccinated.

The clinics will be fully manned by trained dog handlers and all shots will be administered by the City Vetinarian, Dr. Richard Schofield. A separate disposable needle and syringe will be used for each immunization and all carried out in accordance with sterile techniques.

A dated immunization certificate dog tag will be issued for each dog immunized.

A fee of $1.50 will be charged for each immunization to defray part of the cost of the service.

All dogs must be leashed when they arrive at the clinic. No cats or other non-dog pets will be accepted.

Thanks to the cooperation of the Fire and Police Departments, the clinics will be held in various Fire Department Stations and the Police Station garage. The schedule is as follows:

Oak Hill, Dedham St., Monday May 3; Newton Upper Falls, Elliot St., Tuesday, May 4; Waban, 2040 Beacon St., Thursday, May 6; Auburndale, Auburn St., Friday, May 7; Newton Centre, Willow St., Saturday, May 8; West Newton, Police Station Garage, Monday, May 10; Newtonville, Crafts St., Tuesday, May 11; Newton Corner, Richardson St., Thursday, May 13; Newton Centre, Willow St., Friday, May 14.

It will be noted that the Saturday Clinic will be held at the Newton Centre Fire Station, Willow St., between 2 and 5 p.m. All other clinics will be conducted from 3 to 5 p.m. Although planned to be held in different neighborhoods on separate days, there will be no objection to dog owners reporting to a clinic in another area if it is a more convenient date.

It is hoped that all dog owners comply whether their dogs are registered or not. The important thing is to have all dogs immunized against this dread, fatal disease of animals and man.

Jenney Head In Outline Of Plans For Promotion

Robert M. Jenney, president of the world's oldest oil firm, the Jenney Manufacturing Company, which operates out of offices in Newton, outlined the company's promotional plans for the coming year to more than 1,000 Jenney service station dealers at last week's annual sales rally.

Russell Keety and Thomas D. Keety, 299 Washington St., Newton; Allen McCloud and Robert White, 1203 Washington St., West Newton, and Frank Fisher and Ed Strange, 296 California St., Newton.

"Y" Pool First To Be Licensed Under New Law

The swimming pool at Newton YMCA is the first in the city to be licensed under the new law that requires rigid compliance with the terms of the state sanitary code and inspection by local health authorities.

Control over swimming pools is nothing new here, however. Although the law became effective late last year, the city's Health Department has regularly inspected all pools during the past 15 years. Tests of the water are made weekly for chlorine residual and bacteria.

The pools at the "Y" and Sidney Hill Health Club are the only indoor ones in Newton that are operated all year around.

The Newton Health Department sanitarians who make the tests and inspections are Charles Hopkinson, Paul Moan and Charles Pierce. Each covers pools in a third of the city.

Catholic Youth Congress Set For May 8 and 9

Gov. John A. Volpe will speak at a plenary session on the opening day of the Congress, and John Austin, Boston College's All-American basketball player, will be the keynote speaker, according to an announcement by the Rt. Rev. John P. Carroll, Archdiocesan CYO director.

The Congress will include election of officers of the Archdiocesan Council of Catholic Youth, and panel discussions on issues pertinent to youth.

The Newton Zonta Club will install its new slate of officers at the meeting to be held in May. Club officers were elected at the recent April meeting held at the Pillar House.

The new slate includes: Miss Ruth Chadwick, president; Miss Virginia O. Allen, first vice president; Miss Ruth Burns, second vice president; Miss Louise Haskell, recording secretary; Mrs. Hazelle Ferguson, corresponding secretary, and Mrs. Constance Farrar, treasurer.

Outgoing president, Mrs. Ruth D. Lindquist, handed the gavel over to the incoming president, Miss Chadwick, in a ceremony held during the meeting.

Mayor Donald L. Gibbs was guest speaker at the meeting and discussed the subject, "Future Plans for Newton."

He mentioned the benefits that would accrue to the City of Newton from the Turnpike Extension but said he could not be optimistic about any relief in the real estate tax situation in the foreseeable future.

He outlined short and long-range building plans which must be accomplished if Newton is to remain one of the leading Bay State cities.

Basbas Talks On Action For Mental Health

At a Brotherhood breakfast at Temple Beth Avodah, Sunday, Apr. 25, City Clerk Monte G. Basbas, vice president of Action for Mental Health in Newton, rendered a progress report and an explanation of the purposes of the association in our community.

He pointed out that the objective of the association is to promote better mental health by providing educational programs to various groups, churches, clubs, etc., and to treat mental illness in the new Mental Health Center. The Mental Health Center will provide the following services to the mentally ill: 1. Diagnosis and evaluation; 2. Treatment at the clinic; 3. Consultation with various social agencies, schools, police, courts, probation officers, etc.; 4. Establishment of a nursery school for emotionally disturbed children; 5. Establishment of a nursery school for retarded children. 6. Programs for after-care of discharged mental patients.

The total program will set the stage for the eventual establishment of a community comprehensive mental health clinic. Mr. Basbas pointed out that while today approximately half of all hospital beds in the country are occupied by mental patients, we hope to empty them rapidly by means of this comprehensive community mental health approach.

Action for Mental Health, working for the past two years, has worked out somewhat of a partnership arrangement with the Mass. Dept. of Mental Health for operation of a Newton Mental Health Center. The Commonwealth will pay for the salaries of five professionals, consisting of a psychiatrist, two psychologists, and two social workers. The psychiatrist has already been appointed, and he is Dr. William Stone, who is on the staff of the Children's Medical Center and Harvard Medical School. The local assisting associations finance the local share of the clinic's budget by city appropriation, private fund raising, Community Chest, membership fees, etc. The target date for full opening and operation of the clinic is July 1.

Richard P. Melia, 163 Winchester St., Newton Highlands, has been elected president of the Newman Club at Northeastern University. A junior majoring in political science, he has been on the Dean's List for the past two years. He is a graduate of Newton South High.

There are more than 200,000 service stations in the United States, or about one for every 18 miles of roads and streets in the country, figures the Automobile Legal Association.

Winner Of Nobel Prize To Speak At Sacred Heart

A renowned biologist who shared the Nobel Prize for Medicine and Physiology in 1962 with two British biophysicists is scheduled to speak this (Thursday) afternoon at Newton College of the Sacred Heart.

He is Dr. James Dewey Watson who, together with the Britons, Dr. Maurice H. F. Wilkins and Dr. Francis H. C. Crick, was honored for their contribution to the understanding of the basic life process through their discovery of the molecular structure of deoxyribonucleic acid, the substance of heredity.

Dr. Watson, a professor of biology at Harvard University, will speak on "Biochemical Genetics." His lecture, to be presented under the auspices of the college's biology and chemistry departments and science club, will begin at 4 p.m. in the Stuart House auditorium on campus. The public is invited free of charge.

Professor Watson quickly won an international reputation in 1953, when he and Dr. Crick presented a model for DNA, from which much of the research in modern biology stems. He has also done research on heredity in bacteria and on the reproduction of viruses in bacteria.
